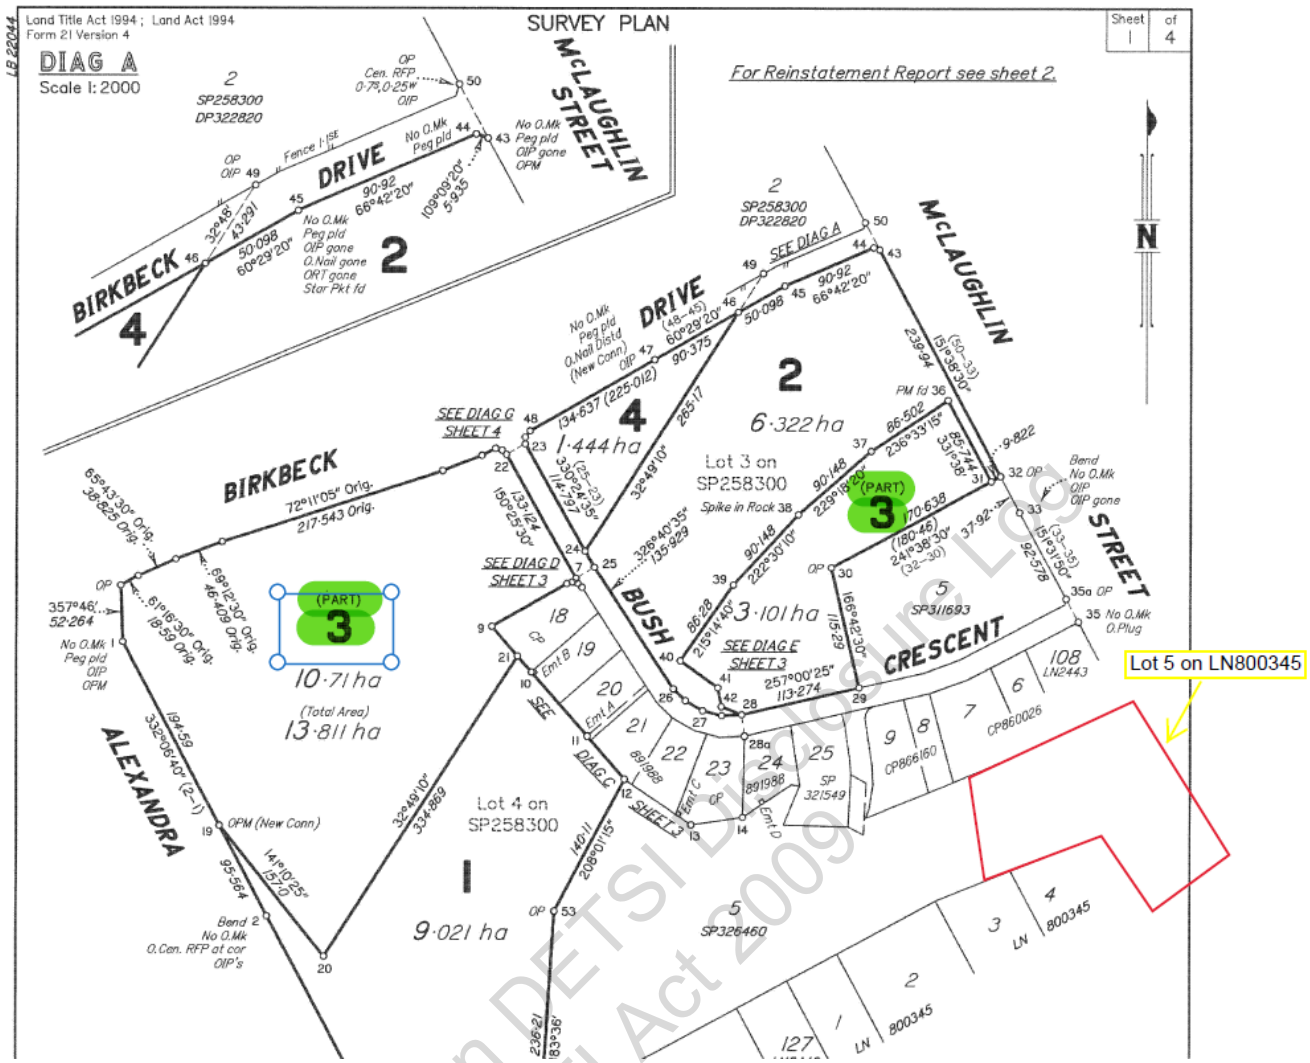
Good Afternoon Allen,

Further to your enquiry about Lot 3 on SP322819, I provide the following comments.

The extents of Lot 3 on SP322819 do not derive from Lot 5 on LN800345. The approximate position of Lot 5 on LN800345 is shown below by the red linework. It is far removed from the boundaries of Lot 3.



Should you require additional information, please contact me. The reference "Survey Advice: 2022-1668" is to be quoted in correspondence. If a survey plan is being prepared using this information, the reference is to be noted in the Surveyor reference section of sheet two, along with your reference (if any). This is in addition to any departmental file references, such as ELVAS or TMR references, which are to be noted in the Dept File reference section.

Hello – we believe that the listing of Lot 3 SP322819 on the EMR is incorrect.

The attached search response notes that Lot 3 SP322819 was subdivided from Lot 5 LN800345. This note is incorrect:

- Lot 3 SP322819 was created out of the cancellation of Lot 3 SP326460.
- Lots 3 and 5 SP326460 were formed from a boundary realignment cancelling Lot 3 SP321549 and Lot 5 LN800345 (refer attached survey plans).
- Lot 3 SP229819 was not subdivided from Lot 5 LN800345.

Could you please verify the above with DOR's surveyors and amend Lot 3 SP322819's listing on the register accordingly? EDQ is dealing with a buyer for a portion of Lot 3 SP322819. Can I ask that this matter be dealt with urgently?

Hello – we believe that the listing of Lot 3 SP322819 on the EMR is incorrect.

The attached search response notes that Lot 3 SP322819 was subdivided from Lot 5 LN800345. This note is incorrect:

- Lot 3 SP322819 was created out of the cancellation of Lot 3 SP326460.
- Lots 3 and 5 SP326460 were formed from a boundary realignment cancelling Lot 3 SP321549 and Lot 5 LN800345 (refer attached survey plans).
- Lot 3 SP229819 was not subdivided from Lot 5 LN800345.

Good Afternoon Allen,

Further to your enquiry about Lot 3 on SP322819, I provide the following comments.

The extents of Lot 3 on SP322819 do not derive from Lot 5 on LN800345. The approximate position of Lot 5 on LN800345 is shown below by the red linework. It is far removed from the boundaries of Lot 3.

Hello – we believe that the listing of Lot 3 SP322819 on the EMR is incorrect.

The attached search response notes that Lot 3 SP322819 was subdivided from Lot 5 LN800345. This note is incorrect:

- Lot 3 SP322819 was created out of the cancellation of Lot 3 SP326460.
- Lots 3 and 5 SP326460 were formed from a boundary realignment cancelling Lot 3 SP321549 and Lot 5 LN800345 (refer attached survey plans).
- Lot 3 SP229819 was not subdivided from Lot 5 LN800345.

Could you please verify the above with DOR's surveyors and amend Lot 3 SP322819's listing on the register accordingly? EDQ is dealing with a buyer for a portion of Lot 3 SP322819. Can I ask that this matter be dealt with urgently?

The approximate position of Lot 5 on LN800345 is shown below by the red linework. It is far removed from the boundaries of Lot" (attachment 2; edocs# 17289896).

Good Afternoon Allen,

Further to your enquiry about Lot 3 on SP322819, I provide the following comments.

The extents of Lot 3 on SP322819 do not derive from Lot 5 on LN800345. The approximate position of Lot 5 on LN800345 is shown below by the red linework. It is far removed from the boundaries of Lot 3.

Should you require additional information, please contact me. The reference "Survey Advice: 2022-1668" is to be quoted in correspondence. If a survey plan is being prepared using this information, the reference is to be noted in the Surveyor reference section of sheet two, along with your reference (if any). This is in addition to any departmental file references, such as ELVAS or TMR references, which are to be noted in the Dept File reference section.

Hello – we believe that the listing of Lot 3 SP322819 on the EMR is incorrect.

The attached search response notes that Lot 3 SP322819 was subdivided from Lot 5 LN800345. This note is incorrect:

- Lot 3 SP322819 was created out of the cancellation of Lot 3 SP326460.
- Lots 3 and 5 SP326460 were formed from a boundary realignment cancelling Lot 3 SP321549 and Lot 5 LN800345 (refer attached survey plans).
- Lot 3 SP229819 was not subdivided from Lot 5 LN800345.

Could you please verify the above with DOR's surveyors and amend Lot 3 SP322819's listing on the register accordingly? EDQ is dealing with a buyer for a portion of Lot 3 SP322819. Can I ask that this matter be dealt with urgently?

Please let me know if you require any further information.

Subject: FW: HPE CM: RE: Lot 3 SP322819

Hello – we believe that the listing of Lot 3 SP322819 on the EMR is incorrect.

The attached search response notes that Lot 3 SP322819 was subdivided from Lot 5 LN800345. This note is incorrect:

- Lot 3 SP322819 was created out of the cancellation of Lot 3 SP326460.
- Lots 3 and 5 SP326460 were formed from a boundary realignment cancelling Lot 3 SP321549 and Lot 5 LN800345 (refer attached survey plans).
- Lot 3 SP229819 was not subdivided from Lot 5 LN800345.

Could you please verify the above with DOR's surveyors and amend Lot 3 SP322819's listing on the register accordingly? EDQ is dealing with a buyer for a portion of Lot 3 SP322819. Can I ask that this matter be dealt with urgently?

Please let me know if you require any further information.

Many thanks and best regards,
