Dear Sir/Madam

Please find attached, our application & supporting documentation for a permit to occupy an unused road for the purposes of grazing. Attached documents include the completed Part A, B & C forms as well as a map indicating the application boundaries.

I would like to make the application payment of \$291.90 (ex GST) over the telephone to expedite the process and I can be contacted on the number below.

We trust that you find this in order and we look forward to a prompt response.

Kindest regards

Application for a permit to occupy

Part B

Application form requirements

1. This application is for a permit to occupy.
2. Read the Applying for a permit to occupy – [Guide](#) which includes application restrictions.
3. Payment of the prescribed application fee, if relevant. A refund of application fees will not be given. (Details of fees are available on the Department of Natural Resources, Mines and Energy (DNRME) website at <https://www.dnrme.qld.gov.au> or from a regional [DNRME business centre](#)).
4. A drawing showing the general location, Lot on Plan information and the proposed permit to occupy area including dimensions.
5. Any additional information to support application.
6. **Part A:** [Contact and land details form](#) will need to be completed and submitted with your application.
7. **Part C:** [Statement in relation to an application under the Land Act 1994](#) over state land, that is a reserve or a dedicated road area, is to be completed and submitted with your application.
8. Your application will not be considered as being properly made unless all parts of this application form have been completed accurately, otherwise your application may be returned to you to complete.

Important information

9. A permit to occupy is issued for a minor or temporary purposes including short-term grazing, pump sites, apiary sites or an entrance ramp to a building site during construction.
10. A permit to occupy may be issued over a road, a reserve or unallocated state land, if the proposed permit to occupy area is over more than 1 type of these lands, separate permits to occupy will be required.
11. A permit to occupy may be issued for areas that are below high-water mark if:
 - it would not unduly affect safe navigation and sound development of the state's waterways and ports
 - its impact on marine infrastructure has been considered
 - it would not have a detrimental effect on coastal management; and
 - it would not be inconsistent with the intent of any relevant state management plan.
12. A permit to occupy cannot be transferred, sublet or mortgaged. A permit to occupy can be cancelled at any time without compensation being paid by the state.
13. If an existing fence of a property, not owned by the applicant for the permit to occupy, is to be used as a boundary fence for the permit to occupy, a written agreement detailing agreed conditions about the maintenance of the fence must be included with this application. This agreement must be signed by the owner of the fence and the applicant for the permit to occupy. An agreement about maintenance of a fence does not mean that your application will be approved.
14. Information on this form, and any attachments, is being collected to process and assess your application under the [Land Act 1994](#). The consideration of your application may involve consultation, and if so details of your application may be disclosed to third parties. They will not be otherwise disclosed outside the department unless required or authorised by law.

1. The application is for a permit to occupy over:	☒ Road go to 2 ☐ Reserve go to 2 ☐ Unallocated state land go to 2
---	---

Where an application is associated with a secondary use of State land such as a **reserve or road**, the applicant is to first discuss the application with the trustee or road manager to determine if they can authorise the use.

If a permit to occupy is to issue over a **reserve**, the purpose of the permit to occupy must not be inconsistent with the purpose of the reserve, no improvements, other than boundary fences, are to be built by the permittee as required under section 177(4) of the *Land Act 1994*.

A signed 'Part C - Statement in relation to an application under the [Land Act 1994](#) over State land' from the trustee of the reserve or road manager will need to accompany this application.

'Part C - Statement in relation to an application under the *Land Act 1994* over State land' **is not required** if the application is in relation to the issue of a new permit to occupy as a result of the transfer of the parcel of land associated with the permit to occupy.

Road Manager is –

- local government for a road that is under the control of the a local government
- a State-controlled road—the chief executive of the department in which the [Transport Infrastructure Act 1994](#) is administered

The description of the land can be found on a current copy of the Title or on your rates notice.

If insufficient space, please add additional description as an attachment.

14. Provide details of the proposed use of the area, including information on existing improvements, if any. (If there is insufficient space, please lodge as an attachment) **go to 15**

We propose to use the land for periodic grazing of cattle at times when the river is low and when fences otherwise prove ineffective. There are no permanent fences, bores or pumps that operate in this area.

15. Is there an existing boundary fence not owned by you, that, if the application is approved, will be utilised as a boundary fence for the proposed permit area? ☐ Yes **go to 16** ☒ No **go to 16**

If **YES**, written agreement detailing agreed conditions about the maintenance of the fence must be presented to the DNRME with this application. This agreement must be signed by the owner of the fence and the applicant for this permit to occupy.

Agreement about maintenance of a fence does not mean that your application will be approved.

16. Provide details of any additional information to support the application. (optional) (If there is insufficient space, please lodge as an attachment) **go to 17**

Access for the public will be maintained from the intersection with Fisher Road. The grazing of all neighbouring horses & cattle will be better managed therefore preventing further erosion and loss of the important riparian area along the river bank.
