

FIRE-BRAKE™

3150A

CLASS A FOAM

NOT Classified as hazardous according to criteria of Australia's National Occupational Health and Safety Commission

INSTRUCTIONS FOR USE:

Concentrate can be added to full water tanks or used through foam making equipment. Add concentrate to tanks at proportion as directed in the following table.

Tank Size (Litres)	Dose (Litres)			Proportion
	1000	2000	3000	
Application				
Map Up	2.5	5	7.5	0.25%
Initial Suppression	5	10	15	0.5%
Back Burn	7.5	15	22.5	0.75%
Protection	10	20	30	1.0%

Wash foam concentrate spills off painted surfaces. Can be used with fresh or sea water. Do not mix with other liquids except water. Do not add concentrate to tank before filling. Minimum storage temperature is 2°C and maximum is 48°C.

SAFETY: Avoid contact with the skin and eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of soap and water.

Eye Protection: Wear vented goggles or full face shield.
