Hi All,

FYI – Neighbours burn is in Mt Gillies.

Justin will put on Flame.

Rain coming tomorrow and more on Saturday, likely to put the fire out.

Justin putting application in for home garaging to speed up potential response time

We'll keep an eye on things down there.. if we don't get the rain then the Mt Gillies 'planned burn' is back on.

Happy to discuss.

Andy

Attachment : image001.png;image003.png;

Hi All,

Just had a call from Justin, the Mt Gillies wildfire is going again, thought the rain last weekend took care of it.

Could you please all get fire units prepped and ready for possible deployment..

Further details on Flame.

Further advice to come once more intel is gathered.

Weather isn't looking good over the next few days.

Justin taking the lead with support / advice from Darren Rogers.

Thank you,

Andy

Subject : No burns for Brisbane South this week
Attachment : image001.png;image003.png;

Hi All,

Just so we're all on the same page there will be no prescribed burns happening this week in Brisbane South (i.e. proposed for Plunkett 2014/2 - 11.2ha of 19.6ha and Mt Gillies 2016/2 – 1040ha).

After discussions with RICS a combination of wind, wet tracks, staff availability, close to September, rain coming on Saturday, unstable atmosphere, etc had led to the cancellation of burns this week.

Gillies is likely to be off now till next year till we get some more stable weather patterns (around May); we may still have a shot next week to do another section of the Plunkett burn (we'll see what the wind does).

This will hopefully give you some breathing space which I know you'll all appreciate.

Cheers,

Andy

Subject: Action: Regional review of the Mount Barney Planning Package

Hi All

Due Date: 4th September 2020

Action: Regional review of the draft Mount Barney Planning Package (includes Mount Barney National Park, Palen Creek State Forest 1 & 2)

Package includes:

- Management Statement
- Resource Info document
- Fire Strategy
- Pest Strategy
- Visitor Strategy
- Research and Monitoring Strategy

Please

- make all comments (and edits) in the spreadsheet only
- submit 1 spreadsheet per team.
- ensure all comments have the support of your team or unit.
- Any changes to the Key Value or Strategic Management Direction will require RD endorsement

Background:

- As outlined in the RASCI all Tech Support SR's and relevant Ops PRs /SR will be consulted on planning packages.
- RD has endorsed the Values Assessment and subsequent planning instruments have been developed base on these approved SMD's.
- Mount Barney forms part of a broader Gondwana World Heritage Area package being develop with Central Office planning (Springbrook and Lamington packages to follow)
- Once reviewed by regional staff, the package will undergo internal central office review/comment
- Please note that the package has not yet been consulted on with Daggan Balun, although many attempts have been made and we are continuing seek their engagement in Gondwana planning.
- Comments will be analysed in consultation with relevant staff before any amendments will be made.

Please contact Jacs if you have any questions around the VBMF or the package.

Regards Danielle

Hi Bruce
Attached is a fire scar map of the 2019 fire. It would a safe bet to say a large percentage of the fence in the Mt Barney NP section between the Boonah Border gare and Mt Lindesay would be burnt. You probably already have but I think your best source of information would be the rabbit board maintenance crew as they are up there every day. CTPI 49-Sch4 is the leading hand, CTPI 49-Sch4

Hello. I work with the NSW DPI as a border fence patrolman.
I've been asked to show or estimate where the fires around Christmas burnt in the bored area for my work group.
The main area would be from "Mt Lindesay" to "The Head".
If there are any maps available from your department or that you use, that I could use would be really good thanx.
I do have some from Tomewin area which I have use previously which I have used.

Thanx for your help. Bruce McDonald

Gents,

The BBA Capital Program has not been approved as yet although the two projects, listed in the attached have a good chance of being funded. As such it will be advantageous to commence some of the background documentation now instead of waiting for approval.

Project Managers need to be allocated, project board established, Cultural heritage Assessment, Impact Checklist, Environmental Assessment and Native Title need to be progressed. DAPTIV also will need to be updated.

Can we arrange a Teams meeting to progress the above – I am working at home still and can fit in with you both at any time suitable.

I will send you both access to the files I have created for these projects.

Regards

Subject: RE: Draft documents for Plunkett Burn next Tuesday

Justin wants to have a crack at Mt Gillies next week too, his window will 'dry up' quicker than Plunkett…. We may still be able to do both,, just need to potentially drag more people in from the GC and Samford… We'll keep a close eye on the weather….

Subject: Duplicate Mt Gillies Burn and add chopper costs

Hi Ally,

Can you initiate a new burn for the Mt Gillies burn to duplicate with the added information about using a chopper.

Need to put additional costs in the 'costs' area - $8000 should cover it.

Also need to add in some justification for the use of the chopper – hit the high points, let fire come down, much better outcome,,, etc

Any further questions give me a call,,, need to get done this arvo as Darren is submitting other burns for Steve's approval tomorrow morning.

Thanks,

Andy

Hi Darren,

As we discussed please find new 'duplicate' proposal in Flame Mt Barney 2020/1 – Mt Gillies burn to 'replace' 2016/2.

Reason for duplicate was to add aerial costs.

Thanks,

Andy

Hi JD,

Are you able to do a sitrep for Gillies fire using the extent of the fire below.

Latest roster details attached to know who's there..

Can guide through situation once you get to this point to discuss fire details.

Give me a call if you run into any dramas.

Ta,

A
