Hi Jordan,

I spoke with Sarah Foley today to provide an update on the progress of the Lighting project. As per our conversations, I advised Sarah the lights were now operational and of our plans to smooth any of the drenching once the dirt has had a chance to settle and any repatriation is planned to be completed in line with the project end date of 31 March.

Please let me know if any further information is required.

Thank you, kind regards,

sch4p4(6)

Hello,

I sent this Exemption Certificate through to info@southsrugby.com when I first saw the request from sch4p4(6) Persc cc of the same to all other recipients as per request to "include all."

Thanks, Sarah.

Hi Sarah,

Please see Brisbane City Council's email below.

It appears we are missing documentation relating to the above approval. The approval email received included one document only, a pdf with a set of photos showing the location of the approved lights (attached) . It included no further documentation. Would you please forward any other documentation that should have been included in the approval email? Please reply all as requested below.

Importance: High

Hi sch4p4(6) Perso

We have received further advice from the State Heritage department that there was an additional document/written advice provided on certain conditions to be applied along with the approved Heritage Exemption Certificate the club received (attached).

Could you please check your records again for this additional piece of information, or alternatively request another copy of these documents from the heritage officer Sarah Foley Sarah.Foley@des.qld.gov.au as soon as possible please? If you could please use the 'reply all' function when emailing Sarah so myself and colleague Michael Mulherin are included on the correspondence and the subsequent reply from heritage with the full documentation, that would be of great assistance.

Kind regards

Jordan Johnson

Dear sch4p4

Please find attached DES's response to your application for an Exemption Certificate as a section 74 approval.

Your application has been approved with conditions. Please make all who are involved with the works aware of their obligations under the conditions of this approval.

If you require further clarification please do not hesitate to contact me, otherwise all other heritage enquiries can be directed to palm@des.qld.gov.au.

Subject : 202010-10776 EC (QHR602462) - Souths Rugby Proposed Completion date.

Attachment : image001.png;image003.png;image002.png;

Hi Catherine and Ben,

sch4p4(6) Person from Souths Rugby called with an update on the project.

He said the lightpoles have been installed and lights electrified and operational. He reported that the rain on the weekend was positive for settling the trenching and that, while the lights are already operational, the proposed end date is the End of March. The trenches will be tidied up and patching of lawn will be added, if not grown back by the end of this construction period.

He will send through drone photos of the completed project for our records when fully resolved.
I will note the *proposed* completion date in LHS diary notes.

Subject: Souths Rugby Union Club Field Lighting Upgrade

YERONGA MEMORIAL PARK HONOUR AVE RUGBY FIELD LIGHTING UPGRADE

Souths Rugby Union Club are grateful for the commitment, support and funding from Graham Perrett MP, Federal Member for Moreton, Hon Mark Bailey, Minister for Transport and Main Roads and State Member for Miller, Councillor Nicole Johnston, Tennyson Ward and the Community Sport Infrastructure Grant program (Sports Australia/Australian Sports Commission) for the upgrade of lighting for the rugby union field at Yeronga Memorial Park.

This project was assisted by Brisbane City Council (Asset Management and Community Facilities teams) and the Queensland Government (Department of Environment & Science).

This project delivers a safer, more energy-efficient solution using updated technology and a switch to LED lighting. Clever design meant we were able to reduce the number of poles from 3 to 2 with no light-spill past the edge of the ground while illuminating the entire field.

Souths Rugby Union also recognises the contribution, professional expertise and time of volunteers on the Committee and from Trade Professionals. The community benefits from the cooperation of all levels of government, Souths Rugby Union Club and dedicated volunteers to achieve this lighting upgrade.

Field Lighting Before

3 poles illuminating not much more than half the field

Field Lighting After

2 poles safely illuminating entire field with no spill beyond edge of area

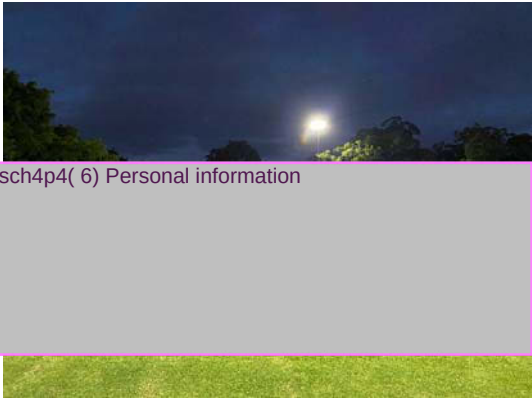

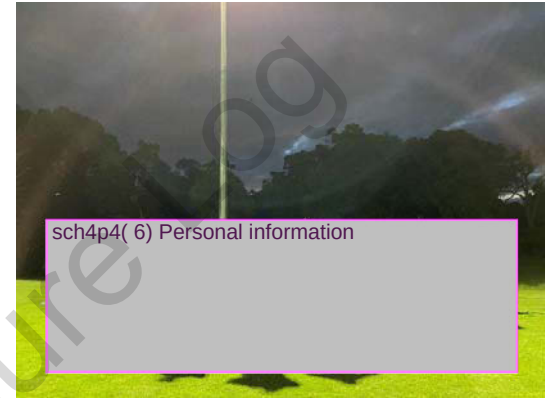

Release

Testing

Our Womens Team were the first to enjoy the new lights
