Dear [redacted] relevant information

I am validating and entering sites onto the Contaminated Sites Register in the Gympie area. I have a notification letter from Commercial Engineering, B.P. Aust., (attached). It is the notification of a B.P. Depot in Gympie.

The real property description description of the site is invalid, but refer to a site Res 369 and Lot2 MCH5243. This is a large parcel with Railway facilities, the B.P. Depot site must be an allotment within the parcel, (see map attached). Please fill in the Notification of Contaminated Site Form provided with the correct information, so I can enter the site to the Register.

Our database lists the property as :-

L262 MCH5243
Tozer St., Gympie 4570
Area : 319 m2
Local Auth: Cooloola
Zoning : Special Purposes

If possible could you locate the site of the B.P. Depot within the Railway Area L262 Mch5243 on the map provided, with an 'x', for our records.

Yours Sincerely,
Peter Tarrant
