Interaction Record History

Service Centre: Brisbane

Associated to Case: 2017/000069

Revision No.: 1

Updated by: Sharpe, Doreen

Date: 3-Apr-2018

Details: Raphael Boroughs from DES rang. He wanted clarification on the area applied for & what a permit allows. I advised the permit would be for private non commercial purposes & any development application would require DNRME owners consent & we would seek views to any owners consent application. Generally development not consistent with a permit. Has concerns with the area shown on the sketch plan. If a permit was to issue should issue over only the structures the applicant can prove he has ownership for and has approvals for, also not for residential purposes & restrictions on clearing mangroves. I advised him of the complaint received through the DES pollution hotline. He is going to find out more info. Raphael is also going to check whether the leased area should include the boat berthing area. He may ask for an extension of time for views.
