 Your Ref.: sch4p4(6) Personal informa 13007

Reference is made to your letter of October 4, 1977 and to previous correspondence in the matter of the application by the abovenamed for the permanent closure of the road intersecting portion 52V, parish of Alexandra.

You are advised that a search of the records at this Office reveals that closure as applied for would deprive portion 51V, same parish, of dedicated access so consequently such application cannot be considered.

Under the circumstances kindly advise whether your clients desire to proceed with temporary closure.
