Dear Sir / Madam

Re: Partial surrender of environmental authority MIC200942609

The EPA has assessed the application received on 02-NOV-2009 to surrender part of environmental authority MIC200942609 and wishes to advise you that the application has been Granted.

The following part of environmental authority MIC200942609 applies to this decision:

Relevant mining tenement	Map name	Block number	Sub blocks
EPC855	CLERMONT	2504	k
EPC855	CLERMONT	2505	f

The amount of financial assurance approved for discharge is $0.00. The total amount of financial assurance to be held for environmental authority MIC200942609 is s.49 - Business Affairs

If you require more information please contact Hazel Zanatta, the Project Manager, on 1300 368 326.

Yours Sincerely

Dear Sir/Madam

EXLPORATION PERMIT FOR COAL (EPC) 855

I refer to the submission to reduce 2 sub-blocks from the above-mentioned exploration permit.

Pursuant to Section 139(5) of the Mineral Resources Act 1989, EPC 855 has been reduced by 2 sub blocks.

Please forward to this office:

The relinquishment report required to be submitted under the conditions of the exploration permit within **two months** of the date of relinquishment.

The recently endorsed Original Permit Document is being retained by the department pending the renewal and assignment.

Yours sincerely

DNRM RTI DL Release

The Technical Assessment Checklist provides technical advice to the Delegated Authority on whether an application should proceed to grant. It offers a recommended course of action only and as such it should not be viewed as an approval document. All references to sections are references to the *Mineral Resources Act 1989.*

RENEWAL SPECIFIC CHECK LIST		Y or N
Relinquishment	Is relinquishment compliant?	Y
Expenditure	Has expenditure been acceptable?-STRONG	Y
Work Program	Has the program of work been complied with (or an equivalent body of work)?	Y
Conditions	Have specified conditions been complied with?	NA
Reporting	Have the reporting requirements been adhered to?	Y
Bona Fide	Do the actions of the holder appear to be bona fide?	Y
Significant Mineralisation	Has the holder reported significant mineralisation? See s176?	Y
Outcome	Is the holder complying with the conditions of this tenure?	Y
Performance History of Holder	Are there sufficient grounds to recommend against renewal under s141(1) or 160(1), for non-compliance with the technical requirements of the Act?	N
Failure to Relinquish Land	Due to non-compliance with relinquishment requirements, does a recommendation need to be made regarding the area the Minister may direct be relinquished under s139(6) or 140(1)?	N
Direction to Apply for Higher Tenure	Do sufficient technical grounds exist to warrant recommending to the Minister that the Holder apply for a higher form of tenure under section 176(2)?	N
RECOMMENDED CONDITIONS FOR RENEWAL		
Compliance with the approved work program and expenditure commitments, or an equivalent body of work, acceptable to the Minister, of this exploration permit is a condition of grant of this tenure. Failure to comply with this requirement will be taken into account in the assessment of any application for the renewal of this tenure and may also result in the cancellation of this tenure. Application for any amendment to the conditions of grant must be in writing and directed to the Registrar, Minerals and Coal.		
Other Advice	**Given Anglo are set to acquire the tenement shortly the requested non relinquishment of 2s/b in yr 7 is recommended and relinquishment will occur in yr 8 instead.**	**N**

RENEWAL SIGN-OFF					
Signed	**Bob Close**	**Date:**	**9/10/09**	**Title:**	**Geoscientist**
Signed	**Ian Rienks**	**Date:**	16/10/09	**Title:**	**Senior Geologist**

Department of Environment and
Resource Management
PO Box 15155
CITY EAST QLD 4002

Dear Sir / Madam

Transfer of Exploration Permit for Coal (EPC) Number 855 and Application to Amend Environmental Authority

The attached applications to amend and transfer environmental authority were lodged with this Department on 5 October 2009 for the above mentioned exploration permit. The EPA prescribed fee of $100.00 for transfer and $250.00 for amendment of the environmental authority has been received (Receipt number BR245067 and BR245068).

Please assess the applications to amend and transfer the environmental authority and advise of the outcome.

Where the transfer is approved, please provide advice on the amount of financial assurance required and forward the amended environmental authority to this office so that the assignment of the exploration permit can be finalised.

If further information is required, please contact the nominated contact officer referred to above in this letter.

Yours sincerely

Amanda Love

Exploration Permit
Recording of Agreement, Arrangement, Dealing or Interest Assessment form

This checklist is to be completed to determine whether the application to record an agreement, arrangement, dealing or interest is acceptable.

This checklist comprises two parts:
- Parts A and B are to be completed by the receiving officer.
- Part C is to be completed by the Tenures Officer to confirm that all the requirements are met.
- Part D is to be completed by the Delegated Officer to ensure application complies with the provisions of the *Mineral Resources Act 1989*.

PART A – RECEIVING DETAILS

Time: 1 :55 AM/PM

Date: 20 / 10 / 09

Received by (name): Sally Clark

Exploration Permit Number: EPC 855

Holder/s: Anglo Coal Investment Holdings Pty Ltd

PART B – APPLICATION LODGEMENT REQUIREMENTS

Item	Requirement	Yes	No	Remarks
1.	Is the application in or on the approved form?	✓		
2.	Is prescribed MRA fee lodged?	✓		
3.	Has the application form been signed and dated by all the holders?	✓		

Signature: s.49 - Signature

Time: 1 :56 AM/PM

Date: 24 / 9 / 10

PART C– APPLICATION REQUIREMENTS

Item	Requirement	Yes	No	Remarks
4.	Has the EP been granted?	✓		Date of Grant:
5.	Is the EP current?	✓		Date of Expiry:
6.	Does the form specify the nature of the document?	✓		DEPARTMENT OF MINES AND ENERGY 28 SEP 2010 RECEIVED IN RECORDS MANAGEMENT
7.	Does the form correctly identify the parties to the document?	✓		
8.	Does the form correctly identify the date of execution of the document?	✓		

DNRM RTI DL Release

9.	Does the form identify the EP numbers?	✓		
10.	Has an original and a copy of the document been lodged?	✓		

Compliance conducted by: s.49 - Signature

Time: 1 :56 AM/PM

Date: 24 / 9 /10

PART D – DECISION BY AUTHORISED OFFICER

☑ This application complies with the provisions of section 158 of the *Mineral Resources Act 1989* and can be recorded on the register.

☐ This application does not comply with section 158 of the *Mineral Resources Act 1989* and cannot be recorded on the register. A statement outlining the deficiencies has been forwarded to the holders:

GUIDE FOR APPLICANTS

Question 1.1
Provide an example of the nature of agreement, eg. Joint venture, farm in agreement etc.

Question 1.2
Provide the details of the parties involved in the agreement, arrangement, dealing or interest.

Question 1.3
Provide the date the agreement, arrangement, dealing or interest takes effect.

Question 1.4
Tick if tenure is an exploration permit and provide tenement number.

Question 1.5
Tick if tenure is a mineral development licence and provide tenement number.

The completed original of this document and any attachments must be submitted with the prescribed fee at the Office of the Chief Executive. **Note:** All originals and copies of the agreement must be lodged at the Department for processing. A copy will be retained by the Department and all originals and any additional copies will be returned once processed.

Note: A document containing information that is false or misleading may attract a maximum penalty of 200 penalty points.

If form is to be completed by hand please print clearly in ink and use block letters.

1. DETAILS OF AGREEMENT, ARRANGEMENT, DEALING OR INTEREST

Nature of agreement, arrangement, dealing or interest:

1.1	Royalty Deed for EPC 855

Parties to agreement, arrangement, dealing or interest

1.2	Millennium Coal Pty Ltd ABN 21 089 566 021 Anglo Coal Investment Holdings Pty Ltd ABN 24 125 986 549

Date of execution of agreement, arrangement, dealing or interest:

1.3	23 July 2009

Mining Tenement		Tick			Number(s)
Exploration Permit	1.4	Mineral ☐	Coal ☒	Specific ☐	855
Mineral Development Licence	1.5	Mineral ☐	Coal ☐		

DNRM RTI DL Release

GUIDE FOR APPLICANTS

Question 2.1
Enter the name of place where the application was signed, the day of the month, the month and the year when the form is signed.

Question 2.2
Insert full name of holder(s).

Question 2.3
Signature of holder(s).

Execution of Documents by an Agent

If an agent or the holder of a power of attorney is signing a document, required to be lodged by an Act, on behalf of another, the agent or holder of the power of attorney must produce current, written evidence of their authority to act at the time of lodgement.

All of the holders of the tenure MUST execute the appointment of agent or the power of attorney for the appointment or power of attorney to be effective. A company signing an appointment of agent or power of attorney must do so in accordance with the corporation law and/or the articles of association of the company.

Question 3.1
Tick the appropriate boxes to indicate compliance.

2. SIGNATURES

I/We:

- solemnly sincerely and truly declare that the information provided in this form is true and correct.
- understand that any false or misleading information may attract a maximum penalty of 200 penalty points.

2.1	Signed at Brisbane this 14th day of October , 2009

Your reference: EPC 855
Our reference: 14118/14821/80090194

Dear Ms Love

Assignment of Exploration Permit for Coal (EPC) 855

We act on behalf of Anglo Coal Investment Holdings Pty Ltd in relation to the above matter.

We refer to your letter of 9 July 2009 to Millennium Coal Pty Ltd, in which you advised that the Minister will approve the assignment of Exploration Permit for Coal 855 (**EPC 855**) from Millennium Coal Pty Ltd (**Millennium**) to Anglo Coal Investment Holdings Pty Ltd (**Anglo**), subject to compliance with the provisions of the Mineral Resources Act 1989 (Qld) and the requirements set out in your letter, by no later than 8 October 2009 (**Indicative Approval**).

Accordingly, please find **attached** the following documents, as required by the Indicative Approval:

1. a duly executed Assignment of an Exploration Permit form for EPC 855;
2. a cheque made payable to "Mines and Energy" in the amount of $15.05, representing the prescribed fee for the assignment of EPC 855;
3. a letter from Millennium dated 23 July 2009, confirming that the original permit document for EPC 855 was lodged with, and is currently being held by, the Department of Employment, Economic Development and Innovation (**DEEDI**) on 23 July 2009 as part of the renewal application documentation for this tenement;
4. an original certified copy of the Certificate of Registration for Anglo, as proof of that company's eligibility as assignee of EPC 855;
5. a cheque made payable to "Mines and Energy" in the amount of s.49 - Business Affairs representing the financial assurance;
6. a letter from Anglo containing a statement:

DNRM FOI DL Release

(a) advising DEEDI of its commitment to the existing work program and expenditure commitment that currently apply to EPC 855; and

(b) outlining the financial, technical and human resources available to Anglo (including a copy of the annual financial report for the year ended 31 December 2008 for the Australian operations of Anglo and a company structure diagram;

7. a completed application form to amend the environmental authority number MIC200639607 (**EA MIC200639607**), which currently applies to both EPC 855 and EPC 726;

8. a cheque made payable to "Mines and Energy" in the amount of $250.00, representing the prescribed fee for the application to amend EA MIC200639607;

9. a completed application form to transfer the new environmental authority for EPC 855 (as a result of the amendment referred to in document number 7 above); and

10. a cheque made payable to "Mines and Energy" in the amount of $100.00, representing the prescribed fee for the assignment of the new environmental authority for EPC 855.

In relation to documents 7 and 9 above, EA MIC200639607 currently applies to both EPC 855 and EPC 726. EPC 855 has been acquired by Anglo from Millennium and EPC 726 is the subject of a signed sale agreement between Millennium and Anglo Coal (German Creek) Pty Ltd. As the two EPCs are to be acquired by separate corporate entities, the parties require EA MIC200639607 to be separated into two code compliant environmental authorities. This is to occur prior to the assignment of the two EPCs (and two environmental authorities) to the two separate corporate entities.

We spoke with Rachel Bird of your office on Wednesday, 30 September 2009 in relation to this issue, and she suggested that we lodge the application form to amend EA MIC200639607 with the assignment documentation for EPC 855. This is so that they can be dealt with together.

We also note that the renewal documentation for EPC 855 was lodged with DEEDI on 23 July 2009 and is still to be approved. We understand from Rachel Bird that the pending renewal will not impact upon the assignment of EPC 855 and vice versa, however, please advise if this is not the case.

If you have any questions in relation to any of the above, please do not hesitate to contact us.

Yours faithfully

			Total Percentage 1.8	100.00 %

GUIDE FOR APPLICANTS

Where there are 2 or more holders of an exploration permit, an application for assignment must be made by all the holders.

Question 1.1
Tick if tenure is an exploration permit for mineral/coal/mineral specific.

Question 1.2
Tick if tenure is a mineral development licence.

Question 1.3
Insert the number of the tenure (eg. 72812).

Question 1.4 – 1.7
Specify current holder(s) details and percentage of interest held.

Question 1.8
The total interest must equal 100%. If you are entering these details online, right click the '0' and select 'Update Field'.

DNRM RTI DL Release

GUIDE FOR APPLICANTS

MDL ONLY

Question 2.4, 2.5 & 2.6
Only answer this question if it is an assignment of a mineral development licence. Tick the corresponding box to indicate if mortgage is registered. If there is, insert the name of the mortgagee and ensure that the mortgagee's written consent to this assignment is lodged.

Question 2.7
If the assignment is subject to an exercise a power of sale under a mortgage, attach MRA-34 application form.

Question 3
This form is to be signed by all current holders.

Question 3.1
Enter the name of place where the application was signed, the day of the month, the month and the year when the form is signed.

Question 3.2
Insert full name of assignor(s).

Question 3.3
Signature of assignor(s).

Question 3.4
Insert full name of Witness.

Question 3.5
Signature of Witness.

2. CAVEAT, MORTGAGE

Is there a current caveat recorded in respect of this permit(s) or licence(s)?

2.1	☐	YES	☒	NO

If yes, who is the caveator?

2.2	

Has consent been given to this assignment?

2.3	☐	YES → Attach written consent.	☐	NO

Please note: Consent must be obtained prior to approval

- MINERAL DEVELOPMENT LICENCE ONLY-

Is there a mortgage registered over the licence?

2.4	☐	YES *(see below)*	☐	NO *(go to Q 3)*

If yes, who is the mortgagee?

2.5	

Has consent been given to this assignment?

2.6	☐	YES → Attach written consent.	☐	NO

Is this assignment subject to exercise a power of sale under the mortgage?

2.7	☐	YES → Attach form MRA-34.	☐	NO

3. SIGNATURES

I/We:

- solemnly sincerely and truly declare that the information provided in this form is true and correct.
- understand that any false or misleading information may attract a maximum penalty of 200 penalty points.

The assignors assign to the assignees the interest in the tenure as specified.

3.1	Signed at Brisbane this 23rd day of July , 2009

3.2	Endorsed by Millennium Coal Pty Ltd in accordance with Section 127 of the Corporations Law Act 2001	3.3

GUIDE FOR APPLICANTS

The following must accompany this form:

4.1	Tick
• Prescribed fee	☒
• Instrument of Exploration Permit/Mineral Development Licence	☒
• Where caveat is lodged, consent of the caveator to the assignment using form MRA-23 or letter of removal of caveat	☐
• Written consent of mortgagee – MDL ONLY	☐
• Proof of identity of the assignees	☒
• Statement outlining assignees human, technical and financial resources to comply with the conditions of the exploration permit or mineral development licence	☒
• Statement by the assignee agreeing to the conditions of the exploration permit or mineral development licence	☒
• Any further requirements specified in the assignment indication issued by this Department	☐

4.2 Environmental Protection Agency requirements:

• An application to transfer or amend the relevant Environmental Authority • Prescribed fee	☒

5. PRIVACY STATEMENT

The Department of Mines and Energy is collecting the information on this form to process your application for assignment of an exploration permit or mineral development licence. This is required by sections 151 and 198 of the *Mineral Resources Act 1989* (the Act).

Information collected on this form may be provided to other Queensland Government Agencies to assist in the processing of applications, where such disclosure is necessary for the effective management of the mineral resources and industry in Queensland. These agencies may include the Environmental Protection Agency, the Department of Primary Industries and Fisheries and the Department of Natural Resources and Water.

For more information on Information Privacy, please contact the Privacy Contact Officer for the Department of Mines and Energy on (07) 324 73239.

Dear Sir / Madam

EXPLORATION PERMIT FOR COAL EPC 855
PROJECT: MIDDLEMOUNT

We note that the renewal of EPC 855 is currently pending renewal and the original instrument of EPC 855 was lodged as part of the renewal application documentation with DEEDI. In light of the recent assignment of EPC 855 to Anglo Coal Investment Holdings Pty Ltd (ACN 125 986 549) (**Anglo**) by Millennium Coal Pty Ltd, we hereby request and authorise DEEDI to deliver the original instrument of EPC 855 to Anglo on renewal.

Additionally, we confirm that no original environmental authority instrument exists for EPC 855 as it is code compliant.

If you have any questions, please do not hesitate to contact Sandy Tam on 07 3225 5594.

Yours sincerely

21 July 2009

Dear Sir

Assignment of Exploration Permit for Coal Number 855 to Anglo Coal Investment Holdings Pty Ltd

With reference to the proposed assignment of Exploration Permit for Coal Number 855 (**EPC 855**), I wish to confirm the following on behalf of the assignee, Anglo Coal Investment Holdings Pty Ltd (**ACIH**):

1. ACIH is committed to complying with the conditions, the existing work program and the expenditure commitments that currently apply to EPC 855.

2. ACIH has the financial resources available to undertake exploration activities in relation to EPC 855. ACIH is a subsidiary of Anglo Coal Holdings Pty Ltd ACN 079 017 940, which in turn is a member of the global Anglo American group. An abridged version of the latest available annual financial report for the Australian operations of Anglo Coal and a company structure diagram are **enclosed** for your reference.

3. ACIH has the technical resources available to undertake the exploration program. The resources will be drawn from our existing mining operations in both Queensland and New South Wales, which include operations at Dawson, Capcoal, Moranbah North, Callide, Foxleigh and Drayton, as well as geological and engineering teams in our Brisbane Corporate Office.

GUIDE

Important information for applicants

This form must be used to transfer an environmental authority (mining activities) (EA) under section 260 of the *Environmental Protection Act 1994*. The EA can be transferred from the current holder to another person/entity, an additional holder can be added to the EA or a joint holder can be removed from the EA. An EA (prospecting) cannot be transferred. An application for EA cannot be transferred apart from an application for EA (mining lease).

An application for transfer will be granted only if all the holders of a relevant mining tenure will also be the holders of the corresponding environmental authority. Questions 18 and 19 refer.

In most instances, this form is required to be completed and submitted with the relevant Department of Mines and Energy (DME) application for assignment of mining claim, mining lease, exploration permit or mineral development licence. Information (eg proof of identity of transferee) shall be taken from the DME form to assist the administering authority in deciding this application for transfer of EA. Please lodge the transfer and assignment forms at your local DME district office.

DNRM RTI DL Release

Information to be provided by current EA holder

1. EA number

EA NUMBER:
? Awaiting issue of EA by EPA. Refer to recent amendment application for MIC 200639607.

2. Relevant mining tenement(s) for each mining activity that is to be transferred

TENEMENT TYPE AND NUMBER (EG ML1234):
EPC 855

3. Name of current EA holder(s)

Where there are joint holders, list all joint holders. Please provide the full legal names of all persons/entities to which the current EA was issued.

NAME(S):
Millennium Coal Pty Ltd

www.epa.qld.gov.au ABN 87 221 158 786

Queensland Government
Environmental Protection Agency
Queensland Parks and Wildlife Service

Release

Where there is to be a new principal holder following the approval of this application, those who will be joint holders of the EA after the application is approved should complete the appointment of principal holder section at the end of this form.

9. Is the existing principal holder retaining an interest in this EA?

☐ Yes → the new holders will have to agree in writing for this appointment to continue, or may appoint a new principal holder

☒ No → all holders may appoint a new principal holder

Whilst it is the responsibility of the current holder to summarise the conditions of the EA here, it is the responsibility of the proposed transferee to seek further information from the holder regarding the details of the EA conditions and become familiar with those conditions.

10. Please tick the relevant boxes below to summarise the conditions and commitments that currently exist for the EA

☒ Standard environmental conditions contained in relevant code of environmental compliance (for a level 2 code compliant mining project)

☐ Additional conditions (that is, in addition to conditions of a code of environmental compliance)

☐ Environmental management overview strategy

☐ Plan of operations

☒ Financial assurance requirement

☐ Environmental management plan

☐ Conditions of an EA for a level 1 mining project

☐ Other (please specify below)

Whilst it is the responsibility of the current holder to summarise any currently imposed statutory requirements in relation to the EA here, it is the responsibility of the proposed transferee to seek further information from the holder regarding the details of any such requirements.

11. Please tick the boxes where any of the following statutory requirements are currently relevant or imposed on the EA

☐ Environmental management program.

☐ Environmental protection order.

☐ Environmental evaluation.

☐ Prosecution proceedings.

☐ Environmental audit (under section 280 or 322 of the EP Act)[1].

☐ Environmental investigation.

☐ Other (please specify below):

[1] Not to be confused with an audit statement required to accompany a planning document or final rehabilitation report.

Information to be provided by the proposed transferee

The 'transferee' is the person/entity applying to become a holder of the EA. Please provide the full legal name.

If you require more space please attach a signed and dated appendix, providing the same information in a similar format as the table.

14. Name of transferee(s)

NAME:
Anglo Coal Investment Holdings Pty Ltd

NAME:

All bodies registered under Corporations Law will have an Australian Company Number (ACN), except some foreign bodies which will have an Australian Registered Body Number (ARBN).

If you require more space please attach a signed and dated appendix, providing the same information in a similar format as the table.

15. ACN/ARBN (as appropriate)

NUMBER:
125 986 549

NUMBER:

DNRM RTI DL Release

Where there is more than one tenement as part of the project EA and you are not a holder of all tenements, but are a holder of at least one tenement, answer Yes at this question.

18. Are you (i.e. the proposed transferee) a holder of a relevant mining tenement for the EA?

☐ Yes → list tenements you hold or have an interest in, then go to Question 20

☒ No → go to Question 19

TENEMENT TYPE AND NUMBER:

19. Have you applied under the *Mineral Resources Act 1989* to become a holder of a relevant mining tenement for the EA?

☒ Yes → list relevant tenements

TENEMENT TYPE AND NUMBER:
EPC 855

☐ No

Question 20:
Past criminal activity is one of the factors that the administering authority considers when deciding a transfer application is the suitability of the transferee to hold an EA.

Past criminal activity for environmental offences will not necessarily result in the application being refused. Each case is assessed on its merits.

The EPA may contact you for further information at any time during the decision-making period.

Where the applicant is a corporation, Questions 20 & 21 apply to all executive officers of the corporation (and relates to their current position, and any other executive positions they may have held in other corporations). Under the EP Act, an 'executive officer' includes anyone who is involved in the management of a corporation. You should make reasonable inquiries of all executive officers.

20. Has the transferee been convicted[3] of an offence against the *Environmental Protection Act 1994* or a corresponding law[4] in Queensland or another jurisdiction?

☐ Yes → please attach a brief statement outlining the date, location and nature of the conviction

Tick to indicate attachments ☐

☒ No → a person may not apply for an EA unless they are the holder of, or an applicant for, a relevant mining tenement

[3] Under the EP Act, a conviction includes a plea of guilty or a finding of guilt by a court even though a conviction is not recorded.
[4] "Corresponding law" means a law of the Commonwealth or another state that provides for the same or similar matters as the EP Act.

DNRM RTI DL Release

Released

The contact person may be an operational staff member, a consultant or other relevant person.

Statutory notices will be sent to the principal holder — not the contact person stated here.

24. Should this application be approved, who is to be the contact person for dealing with the environmental protection issues for the EA?

NAME: Ian Wallace	
POSITION AND COMPANY: Tenure Services Manager, Anglo Coal Australia Pty Ltd	
REGISTERED BUSINESS ADDRESS: Level 11, 201 Charlotte Street, Brisbane, Queensland, 4000	
FULL POSTAL ADDRESS (WHERE DIFFERENT TO THAT PROVIDED AT QUESTION 16): GPO Box 1410, Brisbane, Qld 4001	
TELEPHONE: (07) 3834 1218	FACSIMILE: 07 3834 1390
MOBILE TELEPHONE:	EMAIL: Ian.Wallace@Anglocoal.com.au

Please read carefully through the certification before signing — if relevant, note the distinction between the 'transferee' and a person authorised to sign this form on behalf of the transferee.

Should this transfer application be approved it will not take effect until the required amount of financial assurance is lodged (in the approved form) for the EA. Please refer to the *Guideline: Financial assurance for mining activities.*

The fees and charges associated with this application form have been excluded from GST by the Commonwealth Government.

25. Certification by transferee

I/We, (the transferee identified at question 14), in applying to become a holder of the EA identified at Question 1:

(Tick the options that apply):

☐ am/are able to comply with the standard environmental conditions in the relevant code of environmental compliance and the criteria prescribed under section 151 of the EP Act for the type of EA to be a code compliant authority (for level 2 code compliant mining projects);

☒ am/are able to comply with the conditions of the existing EA and do not apply for an amendment of the EA (for level 1 and 2 non-code compliant mining projects);

☐ have made a separate application to amend the EA.

I, Matthew Boland
Printed name of person signing this form

- am authorised to sign on behalf of the transferee, and commit the transferee in all matters relevant to this application;
- accept that my suitability to hold an environmental authority may be investigated;
- understand that if the application is approved, I am required to notify the landholders concerned;

Application for amendment of environmental authority (mining activities)

OFFICIAL USE ONLY

DATE RECEIVED:

FILE REF:

PROJECT REF:

COMPLETE FORM ☐ CORRECT AA ☐

COMPLETE FEE ☐

ADMINISTERING DISTRICT:

ENTERED BY [SIGNATURE]:

DATE:

This form must be used to apply for an amendment to environmental authorities (EAs) (mining activities) for level 1 mining projects, or environmental authorities (mining activities) for code or non-code compliant level 2 mining projects, under section 240 of the *Environmental Protection Act 1994*. Please note however that:

- an environmental authority (prospecting) can not be amended;
- if you wish to apply to amend a financial assurance, without any amendment to your EA, do not use this form. You must use the 'Application for amendment or discharge of financial assurance for an environmental authority (mining activities)' form;
- if you wish to apply to amend your EA as part of a partial surrender of the authority, you must also complete the form 'Application for surrender or partial surrender of an environmental authority (mining activities)';

If you are applying for a new mining tenement, or requesting additional surface area for an EA, please lodge this form at the office of the Mining Registrar, Department of Mines and Energy (DME). For all other applications, please lodge this form at the Ecoaccess Customer Service Unit (ECSU), EPA.

DNRM RTI DL Release

GUIDE

The 'applicant' is the holder of the existing EA, or, in the case of an application to transfer an EA, the proposed transferee.

Where there are joint holders/transferees, list each by providing the full legal names.

Where there is more than one applicant, joint applicants may appoint a principal applicant, refer to page 11. The administering authority can then make its dealings with all applicants/holders by dealing with the principal applicant/holder.

Specific information requirements

1. Name of applicant

PRINT FULL NAME OF APPLICANT:
Millennium Coal Pty Ltd

2. Principal applicant (where applicable)

NAME:
As above

Environmental Protection Agency
www.epa.qld.gov.au ABN 87 221 158 786

12-478 DL Documents Page 52 of 218 Released

☐ To increase surface area.

☐ To add a new mining tenement to the existing EA.

☒ Other.

PLEASE SPECIFY:
To separate EPC's 726 and 855 into separate code compliant EAs prior to assignment of the tenements/EAs to separate entities.

This application form cannot be used to include a person as a new holder of the EA — use the form titled 'Application to transfer an environmental authority (mining activities)'.

If the person is the holder of a relevant mining tenement, it is likely that the administering authority may require that person to remain a holder of the EA.

6. If you wish to remove one or more existing holders, list the existing holders of the EA to be removed from the authority

HOLDER(S) NAME:

If this is the only purpose of the amendment application, no further information is required → go to certification

If an amendment application is for an EA for a level 2 mining project, holders may apply to have additional conditions included in the EA. However, the administering authority may grant the application only if it considers the amendment necessary or desirable.

Any amendment of an EA for a code compliant level 2 mining project results in the EA becoming an EA for a non-code compliant project.

7. If you wish to amend conditions of an existing authority, tick the relevant box(es) to identify the type of environmental authority proposed for this mining project following the amendment process

☐ EA (mining claim) non-code compliant level 2 mining project.

☐ EA (exploration) non-code compliant level 2 mining project.

☐ EA (mineral development) non-code compliant level 2 mining project.

☐ EA (mining lease) non-code compliant level 2 mining project.

☐ EA (exploration) level 1 mining project.

☐ EA (mineral development) level 1 mining project.

☐ EA (mining lease) level 1 mining project.

Please include information on any additional tenements, an increase in surface area, an increase in rate of production or disturbance, or the building of additional infrastructure.

The administering authority may refuse this application on the grounds that it would be more appropriate for the applicant to seek the amendment by replacement of the EA.

8. Briefly describe the additional activities and/or the change in the scale or type of activities for the project that necessitate an amendment.

PLEASE SPECIFY:

LIST ADDITIONAL TENEMENT(S):

PLEASE ATTACH MORE DETAILED INFORMATION

Tick to indicate attachments: ☐

DNRM RTI DL Release

Released

Application for amendment of environmental authority (mining activities)

Your amended planning document must describe how you propose to manage the likely environmental impacts.

The administering authority shall take this information into account when setting any necessary environmental conditions for the EA.

11. Are you seeking to amend one or more conditions of your EA?

☐ Yes → For a proposed EA (mining activities) level 1 mining project, go to question 12.

→ For a proposed EA (exploration or mineral development) non-code compliant level 2 mining project, go to question 15.

→ For a proposed EA (mining lease) non-code compliant level 2 mining project go to question 15.

→ For a proposed EA (mining claim) non-code compliant level 2 mining project go to question 15.

☒ No → For a proposed EA (mining activities) level 1 mining project, go to question 14.

→ For a proposed EA (exploration or mineral development) code compliant level 2 mining project, go to question 15.

→ For a proposed EA (mining lease) code compliant level 2 mining project, go to question 15.

Note: A condition of an EA requiring a financial assurance cannot be amended or discharged using this form, or under the amendment provisions of chapter 5, part 8 of the EP Act.

12. Identify the EA condition(s) to be amended

CONDITION NUMBER(S):

The EPA must decide for the proposed amendment, whether the level of environmental harm caused by any relevant mining activity is likely to be significantly increased, and if so whether an EIS is required for the proposed amendment.

13. Propose replacement condition(s)

NEW CONDITION(S):

14. Is a plan of operations or amended plan of operations submitted with this application?

☐ Yes, provide title and date below

TITLE:	DATE:

☐ No

DL Documents

Environmental Protection Agency

Page 54 of 218

Release

DNRM RTI DL Release

Where your plan of operations has not changed as a result of the proposed amendment, attach your current plan.

18. For a proposed amendment of, or to result in, an EA (mining lease) for a level 1 mining project only:

a) Complete and submit with this application a plan of operations;

b) Indicate the amount of financial assurance proposed to be held for the EA for a level 1 mining project (i.e. calculated in the plan of operations).

Total proposed to be held: $

19. For a proposed amendment of, or to result in, an EA (exploration permit or mineral development lease) for a level 1 mining project only, Indicate the amount of financial assurance to be held for the EA (calculated in the EM Plan).

Total proposed to be held: $

DNRM RTI DL Release

Financial assurance for all environmental authorities

Where additional financial assurance is required to be submitted to the administering authority, please lodge the stated amount with this application.

Questions 20-22:
Include the GST component when stating the amount proposed to be held/lodged, and the amounts currently held where relevant (adding the GST component if it has not been previously submitted).

20. In the table below, insert the appropriate amounts and form of financial assurance in relation to the EP Act

	Amount of financial assurance[4]
Amount proposed to be held[1]	$
Amount currently held[2]	$ s.49 - Business Affairs
Difference between the amount proposed and the amount currently held	$ NIL

[1] For EAs for code or non-code compliant level 2 mining projects, insert the amount proposed in the relevant question above (refer to question 16 or 17). For EAs for level 1 mining projects, insert the amount calculated in the plan of operations or amended plan of operations for the project (refer to question 18).

[2] Insert the amount that is currently held by the administering authority under the EP Act (i.e. not including tenement security required by DME under the *Mineral Resources Act 1989*).

[3] A negative amount is the amount of financial assurance to be returned by the administering authority (question 21 applies). A positive amount is the additional financial assurance (including GST) to be submitted to the administering authority (question 22 applies).

[4] The EPA will require financial assurance either as cash or a bank guarantee.

Application form

***Environmental Protection Act 1994* Section 273 & 274**

Application for surrender or partial surrender of environmental authority (exploration) or environmental authority (mineral development) code or non-code compliant level 2 mining project

OFFICIAL USE ONLY

DATE RECEIVED:

FILE REF:

PROJECT REF:

COMPLETE FORM ☐ CORRECT AA ☐

COMPLETE FEE ☐

ADMINISTERING DISTRICT:

ENTERED BY [SIGNATURE]:

DATE:

Important information for applicants

This application form must be used to surrender an environmental authority (EA) (exploration) or EA (mineral development) under section 273 of the *Environmental Protection Act 1994*.

This form should not be used to surrender an EA (prospecting) or EA (mining lease).

A final rehabilitation report (FRR) must be submitted with this application.

Note: On this form, a reference to an EA may also be taken to be a reference to a transitional authority.

When completed, this form is to be submitted with the relevant *Mineral Resources Act 1998* surrender or cancellation of mining tenement form, at your local Queensland Department of Natural Resources, Mines and Water (NRMW) district office. It will not be necessary to complete this form for a conditional surrender of a mining tenement, if the new tenement covers the total area of the surrendered tenement(s).

Do not use this form if an environmental authority is to be replaced or consolidated.

DNRM PTD DL Release

Section 1: Application details

GUIDE

Question 1:
The 'applicant' is the holder of the relevant EA (mining activities). Where there exists more than one holder for an environmental authority, list all holders.
Note: This form must be signed by all holders unless a principal holder has been appointed to act on behalf of all applicants.

1. Name of applicant(s)

NAME(S):
Millennium Coal Pty Ltd

2. Environmental authority number to be surrendered

EA NUMBER:
MIM 200639607

Environmental Protection Agency

DNRM RTI DL Release

In the case of a partial surrender of an EA, a holder may need to amend the EA when it is proposed to change the way activities are carried out.

8. Are you intending to amend/replace the existing environmental authority?

☐ Yes → complete a separate *Application for amendment of environmental authority (mining activities)* form and submit with this surrender form.

☒ No

A final rehabilitation report (FRR), including an audit statement, is required to accompany an application for either partial or whole surrender of an EA.

9. What is the title and date of the final rehabilitation report (FRR)?

TITLE AND DATE:
N / A - Nil Disturbances

Released

ecoaccess
environmental licences and permits

Application form

Application for surrender or partial surrender of environmental authority (exploration) or environmental authority (mineral development) code or non-code compliant level 2 mining project

Section 2: Final rehabilitation report

This application and report must be supported by enough information to allow the administering authority to decide whether the conditions of the EA have been complied with, and whether the land (on which the mining activity has been carried out) has been satisfactorily rehabilitated.

This final rehabilitation report is to include (as an attachment) an illustration (site map) showing the location of disturbance types (e.g. shaft, pit) and their rehabilitation status.

10. Disturbance and rehabilitation

DESCRIPTION OF ACTIVITIES, INCLUDING EQUIPMENT USED (IF INSUFFICIENT SPACE, ATTACH FURTHER DETAILS):		
No surface exploration activities were conducted on the two sub-blocks relinquished from EPC 855.		
PERIOD OF DISTURBANCE:	TOTAL AREA DISTURBED:	TOTAL AREA REHABILITATED:
N / A	N / A m^2	N / A m^2

Tick to indicate attachments ☐

If land has not been significantly disturbed by mining activities, answer 'N/A' then go to question 12.

11. Has land significantly disturbed by mining activities been rehabilitated according to requirements of the rehabilitation conditions of the relevant Code of Environmental Compliance and any additional conditions of the EA?

☐ Yes

☐ No → please attach information on reasons for non-compliance

☒ N/A

DNRM RTI DL Release

Released

Application for surrender or partial surrender of environmental authority (exploration) or environmental authority (mineral development) code or non-code compliant level 2 mining project

12. Ongoing management or maintenance

Where further management or maintenance commitments exist, attach copies of any agreements made (with the landowner/holder or any party responsible for post-surrender management) regarding carrying out of work, and provide a third party cost estimate (incl. GST, calculations and copies of quotes) for the completion of ongoing work.
A letter (or signed written statement) from the landowner/holder is mandatory in cases where: infrastructure is to be transferred; and/or there exists ongoing maintenance, monitoring or environmental management needs for the land to be undertaken by the landowner/holder (as a result of mining) following surrender.

DESCRIBE ANY ONGOING ENVIRONMENTAL MANAGEMENT NEEDS FOR THE LAND: None Noted
AGREEMENTS MADE WITH: N /A COPIES OF AGREEMENTS ATTACHED: ☐
THIRD PARTY COMPLETION COST ESTIMATE: N / A QUOTES AND CALCULATIONS ATTACHED: ☐

13. Financial assurance

Financial assurance includes any remaining security deposited for the mining activities prior to 1 January 2001. Do not include any security that may have been requested by NRMW since 1 January 2001 as tenement security to cover damage to property and default on monies due under the *Mineral Resources Act 1989*. For further information refer to *Guideline 17: Financial assurance for mining activities.*

Complete Appendix A to amend or discharge financial assurance.

Amount held	s.49 - Business Affairs
Costs for further management/maintenance	$ N / A
Amount to be returned	$ N / A
Additional amount to be lodged	$ N / A
Financial assurance is to be returned to:	ABN: N / A

14. Please ensure the following documents are completed and attached to this application:

Question 14:
Where the total area disturbed is greater than 900m^2, attach information on the disturbed land (i.e. site details, disturbance type and rehabilitation status) and attach labeled photographs of each disturbance type (following rehabilitation). Where the total area disturbed is less than 900m^2 attach one or more photos of the rehabilitated land.

Please tick box when completed and attached:

- ☐ site disturbance and rehabilitation map
- ☐ disturbed land information
- ☐ landowner/landholder statement

DNRM RTI DL Release

A letter (or signed written statement) from the landowner/holder is mandatory in cases where: infrastructure, structures and/or temporary dwellings are to remain on site following surrender.

Question 15:
The author of this report may be, for instance, a holder of the environmental authority or a consultant.

Please ensure information provided in the final rehabilitation report is complete, true and not misleading.

15. Author of this Final Rehabilitation Report

- I confirm that, to the best of my knowledge, all information provided in this final rehabilitation report is accurate and complete. I am aware that, under section 480 of the *Environmental Protection Act 1994*, it is an offence to give the administering authority information that I know is false, misleading or incomplete in any material particular. The maximum penalty for such action is 165 penalty units for an individual, or 825 penalty units where the applicant is a corporation (section 181B(3) of the *Penalties and Sentences Act 1992*).
- I acknowledge that all information supplied on or with this report may be made available upon request, subject to the provisions of the *Freedom of Information Act 1992* and/or by EPA administrative access arrangements.

COMPLETE FORM ☐

This attachment is the approved form for a holder of a code or non-code compliant environmental authority (exploration) or environmental authority (mineral development) for a level 2 mining project to apply to the administering authority to have financial assurance amended or discharged in conjunction with a surrender application for the environmental authority.

Application & certification

I/We (the holder of the environmental authority identified in the attached surrender application):

- hereby apply for the amendment/discharge of the financial assurance (held for the environmental authority) as indicated in Question 13 of the attached surrender application (calculated in the final rehabilitation report and as confirmed in the audit statement).
- I/we certify that the financial assurance has been calculated in the way decided by the administering authority (i.e. in accordance with the requirements of the *Code of Environmental Compliance for Exploration and Mineral Development Projects* and *Guideline 17 Financial assurances for mining activities*).
- I/we certify the information provided in this application (including calculations, supporting information and statements in the attached surrender application) is accurate, complete and not misleading [A].

Guide for applicants

[A] It is an offence, under the *Environmental Protection Act* 1994, to give the administering authority information that is false, misleading or incomplete in any material particular. The maximum penalty for such action is 165 penalty units for an individual, or 825 penalty units where the applicant is a corporation (section 181B(3) of the *Penalties and Sentences Act 1992*). The current penalty unit value is $75.00.

Where there is more than one holder, this form may be signed by the holder authorised (in writing by all other holders) to sign on their behalf and to commit in all matters relevant to this application. Where the entity that signs is a company, this form is to be signed by a person authorized (in writing) to sign for that company.

EXPLORATION PERMIT RENEWAL APPLICATION CHECKLIST

This checklist is to be completed to determine whether an application for renewal is acceptable. Note that applicants must answer every question of the prescribed application for renewal.

This checklist comprises three parts:

- Part A is to be completed to ensure that the application satisfies the requirements sections 147 and 147A. Requirements that are not met are identified where the tick is within the shaded boxes (ie. application may not be acceptable).
- Part B is to be completed to determine whether the grant of the application for renewal may be restricted or have conditions applied.
- Part C is to be completed to determine whether the application for renewal may be accepted and recorded on the register.

COORPAROO QLD 4151

Dear Sir/Madam

RE: EXPLORATION PERMIT NO (EPC) 855
PROJECT: MIDDLEMOUNT

On behalf of the holder of EPC 855, I herewith make application for the renewal of the tenement for a further term pursuant to Section 147 of the Mineral Resources Act 1989 (MRA).

Application is made for the Minister's consent to accept this renewal application within the three-month period prior to the expiry date. The commitment of the Senior Project Geologist to an urgent on-going exploration program explains the delay in lodging the renewal application. The enclosed renewal application has been completed in the earliest possible timeframe. Please note that the holder has previously sought the Ministers consent to lodge this renewal application with the three month period. A copy of that request is endorsed for your attention.

Pursuant to Section 141C of the MRA, the holder hereby requests the Minister's consent to retain 9 sub-blocks during the period 20 October 2009 to 19 October 2012. Information to justify this request is provided in the enclosed statements document.

The following documents are enclosed to support this renewal application:

- Duly completed Renewal Application Form. The Statements required in accordance with Part 5 are provided in the statements document.
- Statements document to address the requirements of Section 147A(2)(C) and (D) of the MRA.
- A cheque for $37.05 being the required renewal fee
- Exploration Permit document for endorsement.

I have been advised by the holder that for the current term all covenants and conditions applying to the permit and requiring to be observed have been performed by the holder and that the holder has complied with the *Mineral Resources Act* 1989 in relation to EPC 855. In addition, the holder believes that the public interest will not be adversely affected by the grant of the renewal application.

I trust you will give this application your favourable consideration.

Yours faithfully

GUIDE FOR APPLICANTS

Please Note: the Government's policy is that it will not grant mining tenements for the purpose of mining uranium in Queensland, nor will it permit the treatment or processing of uranium within the State.

Question 1.1
Specify company name or surname of applicant.

Question 1.2
Specify given name(s) of applicant.

Question 1.3
If company, what is the Australian Company Number (ACN)?

Question 1.4
Specify percentage of interest held by applicant.

Question 1.5
The total interest must equal 100%. If you are entering these details online, right click the 'O' and select 'Update Field'.

The completed original of this renewal application and any attachments, must be submitted with the prescribed fee at the Office of the Chief Executive.

Note: A document containing information that is false or misleading may attract a maximum penalty of 200 penalty points.

If form is to be completed by hand please print clearly in ink and use block letters.

GUIDE FOR APPLICANTS

Question 1.6
One person must be shown as the nominated applicant, upon whom any notice may be served on behalf of the applicant(s).
Specify the name of the nominated applicant.

Question 1.7
Specify address of nominated applicant.

Question 1.8
Specify phone number of nominated applicant.

Question 1.9
Specify fax number of nominated applicant.

Question 1.10
Specify e-mail address of nominated applicant.

Question 2.1
Identify the number of the exploration permit.

Question 2.2
Specify the project name, if any.

Question 2.3
Identify the expiry date of the permit (month, date and year).

Question 2.4
Specify the term required. This term is not to exceed 5 years.

Question 3
Compliance with the native title provisions of the *Commonwealth Native Title Act* 1993 is not necessary on land where native title is taken to have been extinguished (i.e. "exclusive" land tenures).

However, if you wish to include in your application land that may be subject to Native Title (i.e. "non-exclusive" land tenures), you must comply with the relevant native title procedure irrespective as to whether or not a native title claim is lodged over the area.

Nominated Person	1.6	Hetherington Exploration & Mining Title Services Pty Ltd
Address	1.7	PO Box 13071 George Street Post Shop BRISBANE QLD 4003
Phone Number	1.8	(07) 3236 1768
Fax Number	1.9	(07) 3236 1758
E-mail	1.10	brisbane@hemts.com.au

GUIDE FOR APPLICANTS

Question 4.1
Enter the name of place where the application was signed, the day of the month, the month and the year when the form is signed.

Question 4.2
Insert full name of the applicant(s).

Question 4.3
Signature of applicant(s).

Question 4.4
Insert full name of Witness.

Question 4.5
Signature of Witness.

Execution of Documents by an Agent

If an agent or the holder of a power of attorney is signing a document, required to be lodged by an Act, on behalf of another, the agent or holder of the power of attorney must produce current, written evidence of their authority to act at the time of lodgement.

All of the holders of the tenure MUST execute the appointment of agent or the power of attorney for the appointment or power of attorney to be effective. A company signing an appointment of agent or power of attorney must do so in accordance with the corporation law and/or the articles of association of the company.

Question 5
Tick the appropriate boxes to indicate compliance.

PRIVACY STATEMENT

The Department of Mines and Energy is collecting the information on this form to process your application for renewal of an exploration permit. This is required by section 147 of the *Mineral Resources Act 1989* (the Act).

Information collected on this form may be provided to other Queensland Government Agencies to assist in the processing of applications, where such disclosure is necessary for the effective management of the mineral resources and industry in Queensland. These agencies may include the Environmental Protection Agency, the Department of Primary Industries and Fisheries and the Department of Natural Resources and Water.

For more information on Information Privacy, please contact the Privacy Contact Officer for the Department of Mines and Energy on (07) 324 73239.

4. SIGNATURES

I/We:

- solemnly sincerely and truly declare that the information provided in this form is true and correct.
- understand that any false or misleading information may attract a maximum penalty of 200 penalty points.

DNRM RTI DL Release

ATTACHMENT B
Exploration Equipment

The equipment used will be primarily four wheel drive vehicles to gain access to sites and to transport equipment. Drilling will be by truck- and track-mounted machines, therefore, it is not anticipated that exploration activities will cause any significant disturbances to the existing environment.

Environmental protection will be primarily through minimizing disturbance, and complying with statutory and landholder requirements. The work proposed will involve negligible impact on noise, air or water quality, or to the floral and faunal ecology. There should be negligible soil erosion or siltation impact.

Millennium Coal has committed to comply with the Code of Environmental Compliance for Exploration and Mineral Development Projects throughout all aspects of exploration activities within the tenement area.

DNRM RTI DL Release

Released

ATTACHMENT C
Exploration Program Additional Information and Sub-block Retention Request

Background

The information in this report is to support an application by Millennium Coal Pty Ltd (Millennium) to renew EPC855 for the three year period from 20th October 2009 to 19th October 2012 with retention of 9 sub blocks for years 7 to 9.

Table 1 (below) shows the current tenement register.

Table 1. Current Tenement Register

BLOCK	SUB-BLOCKS
CLER2504	K
CLER2505	F, G, H, J, L, M, N, O, S, T

Total: 11 sub-blocks

Millennium has identified 2 sub blocks to relinquish from EPC 855 (will reduce from 11 to 9 sub blocks). The relinquishment documentation will be lodged with DEEDI by the anniversary date (19/10/09).

There is a proposal to assign a 100% interest in EPC 855 from Millennium Coal Pty Ltd to Anglo Coal Investment Holdings Pty Ltd (Anglo). An assignment indication letter was issued by the Minister on 9 July 2009. The assignment documentation is currently being prepared and will be lodged with DEEDI as soon as possible. As such this renewal application has been prepared with assistance from Anglo as the proposed assignee for EPC 855.

Exploration Summary (Current Term)

Exploration in the current term included the drilling of five chip holes in March and April 2009. These holes were used to further delineate shallow coal towards the southern boundary of the tenement:

Bore id	*East (AGD 84 z55)*	*North*	*RL*	*Depth*
MM-2009-04	676835.09	7468041.52	155.649	342.0
MM-2009-12	676623.81	7467400.00	158.198	199.0
MM-2009-16	676924.85	7467281.61	155.164	265.0
MM-2009-17	676621.93	7466897.35	155.308	241.0
MM-2009-18	676941.67	7467034.79	155.435	317.0
				1364

DNRM RTI DL Release

Released

Proposed Exploration Activities (Renewal Term)

Year 1 (20/10/2009 to 19/10/2010)

A series of chip holes will be programmed to delineate the shallow coal resource along strike. These sites may be used in the following year for follow up core drilling.

Year 2 (20/10/2010 to 19/10/2011)

Both cored and chip holes will be programmed to delineate the shallow coal resource and coal properties. Detailed mine planning will also be undertaken.

Year 3 (20/10/2011 to 19/10/2012

Cored holes and chip holes will be programmed with the aim of delineating coal quality parameters and seam subcrops. Detailed resource and mine planning will be undertaken to support application to a higher tenure.

DNRMRTI D.L. Release

Sub Block Retention Request

Pursuant to Section 141C of the Mineral Resources Act 1989, Millennium Coal Pty Ltd hereby requests the Ministers consent to retain sub blocks in EPC 855 as per the following table.

TENEMENT	TERM	PERIOD	NO OF SUB BLOCKS RETAINED
EPC 855	Year 7	20/10/2009 to 19/10/2010	9
	Year 8	20/10/2010 to 19/10/2011	9
	Year 9	20/10/2011 to 19/10/2012	9

In support of this request the following information is provided:

- Millennium / Anglo have identified two sub blocks to relinquish from EPC 855 by 19 October 2009. This represents an 18% reduction and complies with the intention of Section 139 of the MRA.
- As stated previously, documentation to assign a 100% interest in EPC 855 from Millennium to Anglo will be lodged with DEEDI in the near future. Anglo intend to review all existing exploration data on EPC 855 with a view to apply revised targeting concepts to the tenement. Anglo will require a period of 12 months to review the data and apply revised techniques prior to conducting any further reductions. Any further reductions at this point in time are likely to result in relinquishment of economic coal deposits which would have an adverse impact on the long-term future of the project.
- The following table summarises the actual expenditure on EPC 855 versus the expenditure commitments:

YEAR	PERIOD	COMMITMENT	ACTUAL EXPENDITURE
Year 1	20/10/03 to 19/10/04	s.49 - Business Affairs	

ATTACHMENT E
Tenement Expenditure Summary

Details of annual budget for exploration and mining interests held by or subject of JV agreements with Millennium in Queensland

DNRM RTI DL Release

ATTACHMENT F
Public Interest

Several stakeholders need to be considered when addressing the issue of public interest and th renewal of EPC855:

1. Millennium Coal / Anglo will continue with the obligations and commitments of the Code Environmental Compliance for Exploration and Mineral Development Projects into the new tern This means that the pastoral Landholders will have their property protected and rehabilitated (the event that rehabilitation is required) to appropriate standards.

2. Exploration and related activities on the tenement will provide a boost for the local economy, bo from the direct employment of local people, and for the local businesses that will provide gooc and services in support of the exploration programmes.

3. In the event of a successful exploration programme and commencement of mining within th project area, the State of Queensland would be a direct beneficiary, both from the royalties whic would be payable on the commodities produced, and from the additional contribution the operatic would make to the economy of Queensland.

4. There will be no adverse affects on the environment from the Project. Millennium Coal / Anglo committed to maintaining highest standards of environmental management whilst it is operatir the Project area.

5. The site is relatively remote from any built up areas. Therefore there will be no significant impac on highly populated areas with respect to noise, dust or visual amenity.

Dear Sir

Please let this letter serve as notice that employees of Hetherington Exploration and Mining Title Services Pty Ltd (A.C.N. 003 122 996), are authorised by ***MILLENNIUM COAL PTY LTD*** (A.C.N. 089 566 021) to maintain and do such things as may be necessary from time to time to satisfy the requirements of the Queensland Mineral Resources Act 1989 in relation to Exploration Permits, Prospecting Permits, Mining Leases and Mineral Development Licences held by or applied for by this company in Queensland.

This authorisation does not apply to provide approval to relinquish any title and is to remain valid until further advised by this company.

In addition, it entitles access to any information the Department may normally make available to the applicant or holder in the course of maintaining any title.

BY FACSIMILE ONLY BY REQUEST

Dear Sir/Madam

RE: EXPLORATION PERMIT FOR COAL NUMBER (EPC) 855
PROJECT: MIDDLEMOUNT (FOXLEIGH NORTH)

On behalf of Millennium Coal Pty Ltd (Millennium) the current holder of the above mentioned tenement, I seek Ministerial consent pursuant to Section 147(1) of the Mineral Resources Act 1989 to lodge the renewal application for the abovementioned tenements within the three month period prior to its expiry date.

This request for an extension is necessary as the company is currently negotiating the assignment of its' exploration and mining assets to a third party and this has diverted considerable human resources from the preparation of the required renewal documents and resulted in the unavoidable delay in compiling the technical information to support the application for renewal.

Millennium is conscious of the obligation in the matter of lodging the renewal application within 6 to 3 months prior to the expiry date of the tenement. However, in some unavoidable instances the priority of field work will require an extension of time to comply with the reporting deadlines.

I apologise for any inconvenience this has caused and look forward to your favourable consideration of this request.

Yours faithfully

Dear Sir/Madam,

Re: Assignment Indication for Exploration Permit for Coal (EPC) 855

I refer to your request dated 1 July 2009 for an indication under Section 151(4)(a) of the *Mineral Resources Act 1989* ("the Act) that the Minister will approve an assignment of Exploration Permit for Coal 855 from Millennium Coal Pty Ltd (100%) to Anglo Coal Investment Holdings Pty Ltd (100%).

I advise that the Minister will approve the assignment of the exploration permit under Section 151(1) of the Act, subject to compliance with the provisions of the Act and compliance with the following requirements with this Department within three (3) months of the date of this letter:

- A duly executed assignment in or on the prescribed form and the prescribed fee of $15.05;
- Original Permit document;
- Proof of eligibility of assignee;
- Replacement financial assurance of s.49 - Business Affairs for letter of approval to transfer the financial assurance of s.49 - Business Affairs from the assignor to the assignee;
- A statement advising this Department of the assignee's commitment to the existing work program and expenditure commitment or a statement of the assignee's proposed work program and expenditure commitment acceptable to the Department;
- A statement outlining the financial, technical and human resources available to the assignee;
- Completed application form to transfer the Environmental Authority and the prescribed fee of $100.00;

This exploration permit is due to expire on 19 October 2009. In accordance with section 147 of the *Mineral Resources Act 1989*, the holder of an exploration permit may at least three months prior to the current term of expiry apply for a renewal of the permit.

BRIEFING NOTE FOR APPROVAL

Under Delegation from the Minister
Pursuant to S.151(4) of Mineral Resources Act 1989
Not Approved/Approved
s.49 - Signature
Senior Tenures Officer
As delegate to the Minister
Dated 9/7/09

TO: **Senior Tenures Officer**

FROM: **Tenures Officer**

SUBJECT: **Prior Approval to Assign Exploration Permit for Coal 855**

RECOMMENDATION

It is recommended that pursuant to Section 151(4) of the *Mineral Resources Act 1989,* the Senior Tenures Officer as delegate to the Minister, approve that notice be given to the applicant that the assignment of Exploration Permit for Coal No. 855 from Millennium Coal Pty Ltd (100%) to Anglo Coal Investment Holdings Pty Ltd (100%) will be approved upon compliance with the provisions of the Act and the requirements listed above.

BACKGROUND

Millennium Coal Pty Ltd is 100% holder of Exploration Permit for Coal No. 855. An application for prior approval to assign this Permit was received on 16 June 2009. The proposed assignment will be from Lady Millennium Coal Pty Ltd (100%) to Anglo Coal Investment Holdings Pty Ltd (100%).

KEY ISSUES

The application is in order (refer to attached checklist) and prior approval may be approved subject to lodgement of the following within 3 months of the date of the advice letter:

- A duly executed assignment in or on the prescribed form and the prescribed fee of $15.05;
- Exploration Permit document;
- Proof of eligibility of assignee;
- Replacement financial assurance of s.49 - Business Affairs for letter of approval to transfer the financial assurance of s.49 - Business Affairs from the assignor to the assignee;
- A statement advising this Department of the assignee's commitment to the existing work program and expenditure commitment or a statement of the assignee's proposed work program and expenditure commitment acceptable to the Department;
- A statement outlining the financial and technical resources available to the assignee;
- Completed application form to transfer the Environmental Authority and the prescribed fee of $100.00;

NO NT ISSUES

This exploration permit is due to expire on 19 October 2009. In accordance with section 147 of the *Mineral Resources Act 1989*, the holder of an exploration permit may at least three months prior to the current term of expiry apply for a renewal of the permit.

If considered necessary any additional information regarding this exercise may be requested prior to approval being given.

PROPOSED ACTION(S)

- See recommendation.

Exploration Permit Assignment Indication Checklist

This checklist is to be completed to determine whether the proposed assignment is acceptable for prior approval.

This checklist comprises two parts:

- Part A is to be completed to ensure all requirements of section 151 *Mineral Resources Act 1989* are met.
- Part B is to be completed to confirm that any additional requirements are met.
- Part C is to be completed by the authorised officer.
- Part D outlines documentation/information that may need to be supplied with the assignment application and should be included in the prior approval notice given to the assignor/assignee.

DNRM RTI DL Release

EP No: EPC 855 and 726

Holder/Assignor: Millenium Coal Pty Ltd (100%)

Assignee: Anglo Coal Investment Holdings Pty Ltd (100%)

Part A – Application Requirements

Question relation	Requirement	Yes	No	Remarks
1	Has the EP been granted? **If no, prior approval cannot be given.**	✓		Date of Grant: EPC 726 - 19/3/01 855 - 20/10/03
2	Is the EP current? **If, no prior approval cannot be given.**	✓		Date of Expiry: 19/10/09
3	Have all holders applied? **If, no prior approval cannot be given.**	✓		
4	Is the proposed assignment for all of the land that is the subject of the EP? **If no, prior approval cannot be given.**	✓		
5	Have the assignees been specified with respective percentages that total 100%?	✓		
6	Is there a current assignment indication for this EP? **If yes, has the 3mth period lapsed (or longer period as specified in the indication)?**		✓	DEPARTMENT OF MINES AND ENERGY 17 JUL 2009
7	Is there a pending assignment application for this EP?		✓	RECEIVED IN RECORDS MANAGEMENT

Released

Part B – Additional Requirements

Question relation	Requirement	Yes	No	Remarks
1	Is the EP subject to an ILUA? **If yes, go to Q2** **If no, go to Q3**		✓	Note: The EP may be subject to more than one ILUA.
2	A statutory declaration is required to be lodged from the assignor outlining: o All obligations (financial and non-financial) have been met as under the required agreement; o All NT parties have been informed of proposed assignment. **AND** Under the provisions of the ILUA is an executed deed of assumption from the proposed assignee required?			
3	Is the EP subject to a section 31 agreement? **If yes, go to Q4**		✓	
4	A statutory declaration is required to be lodged from the assignor outlining: o All obligations (financial and non-financial) have been met as under the required agreement; o All NT parties have been informed of proposed assignment. **AND** An executed Deed of Assumption is required from the assignee, which assumes the obligations under the Deed (s31) and Ancillary Agreement.			
5	Is the EP subject to the Native Title Protection Conditions? **If yes, go to Q6**		✓	
6	Assignor must lodged proof of their notification to the Native Title Parties of the proposed assignment.			Clause 13 of the NTPCs requires written notice to be given to the Native Title Parties at the time of lodging the assignment application with the department. The written notice must contain the name and address of the proposed assignee.
7	Is there Notice to Show Cause action pending? **If yes, prior approval should not be given**		✓	
8	Is there an application to add excluded land (AEL) pending? **If yes, go to Q9**		✓	

DNRM RTI/IP – Release

Released

Question relation	Requirement	Yes	No	Remarks
9	Has the application been notified under RTN/EPR? **If yes, advice assignor that assignment cannot be approved until the AEL is granted or withdrawn.** **If no, advise assignor that assignment cannot be approved until the AEL is withdrawn.**			
10	Has the application commenced a native to process? **If yes, assignment cannot be approved until the AEL is granted or abandoned.**			
11	Is there a renewal application pending? **If yes, go to Q12**		✓	
12	Is the renewal undergoing a native title process (eg. Expedited Procedure). **If yes, the assignment cannot be approved until the native title process is finalised.**			
13	Are there any outstanding dealings? (eg. Relinquishment requirement, FRR)		✓	

Consideration should also be given to the following situation:

✓ Is the EP close to expiry? If yes, advice should be given to the assignee of the date of expiry, in order for renewal provisions under the MRA to be complied with.

Compliance conducted by: [illegible] Time: 11 : 44 AM/PM Date: 8 / 7 / 09

Part C – Decision by authorised officer

This assignment indication complies with section 151 of the *Mineral Resources Act 1989* and can be recorded on the register.

This assignment indication does not comply with section 151 of the *Mineral Resources Act 1989* and cannot be recorded on the register.

Dear Shelby

RE: EXPLORATION PERMIT NUMBER (EPC) 855

Reference is made to your correspondence dated 22 December 2008 and our subsequent correspondence dated 7 January 2009 in relation to EPC 855. On behalf of the holder of the tenement I enclose for your attention the following documents;

- A duly completed application for surrender of environmental authority (Exploration) form
- A final rehabilitation report for EPC 855
- A duly completed landholder statement

Please forward these documents to the Environmental Protection Agency for processing of the recent relinquishment request.

As stated previously the preparation of these documents was delayed due to the requirement to complete additional rehabilitation on the disturbances in question. These rehabilitation activities were delayed due to the recent excessive wet season and difficulties in obtaining the landholder sign off. On behalf of my client I apologise for the delay in attending to this matter.

I trust you will find the enclosed documents in order and look forward to confirmation of your acceptance for the surrender in due course.

Yours faithfully

Dear Sir/Madam

EXPLORATION PERMIT FOR COAL (EPC) NUMBER. 855

I refer to the above exploration permit, and advise that 3 sub-blocks were relinquished on 19 October 2008.

The partial surrender of the Environmental Authority, Final Rehabilitation Report & Audit Statement in respect of the above relinquishment has been lodged with this Department and is enclosed for assessment.

Yours faithfully

Application form

***Environmental Protection Act 1994* Section 273 & 274**

Application for surrender or partial surrender of environmental authority (exploration) or environmental authority (mineral development) code or non-code compliant level 2 mining project

OFFICIAL USE ONLY

DATE RECEIVED:

FILE REF:

PROJECT REF:

COMPLETE FORM ☐ CORRECT AA ☐

COMPLETE FEE ☐

ADMINISTERING DISTRICT:

ENTERED BY [SIGNATURE]:

DATE:

Important information for applicants

This application form must be used to surrender an environmental authority (EA) (exploration) or EA (mineral development) under section 273 of the *Environmental Protection Act 1994*.

This form should not be used to surrender an EA (prospecting) or EA (mining lease).

A final rehabilitation report (FRR) must be submitted with this application.

Note: On this form, a reference to an EA may also be taken to be a reference to a transitional authority.

When completed, this form is to be submitted with the relevant *Mineral Resources Act 1998* surrender or cancellation of mining tenement form, at your local Queensland Department of Natural Resources, Mines and Water (NRMW) district office. It will not be necessary to complete this form for a conditional surrender of a mining tenement, if the new tenement covers the total area of the surrendered tenement(s).

Do not use this form if an environmental authority is to be replaced or consolidated.

DNRM RTI DL Release

Section 1: Application details

1. Name of applicant(s)

GUIDE

Question 1:
The 'applicant' is the holder of the relevant EA (mining activities). Where there exists more than one holder for an environmental authority, list all holders.
Note: This form must be signed by all holders unless a principal holder has been appointed to act on behalf of all applicants.

NAME(S):
Millennium Coal Pty Ltd

2. Environmental authority number to be surrendered

EA NUMBER:

In the case of a partial surrender of an EA, a holder may need to amend the EA when it is proposed to change the way activities are carried out.

8. Are you intending to amend/replace the existing environmental authority?

☐ Yes → complete a separate *Application for amendment of environmental authority (mining activities)* form and submit with this surrender form.

☒ No

A final rehabilitation report (FRR), including an audit statement, is required to accompany an application for either partial or whole surrender of an EA.

9. What is the title and date of the final rehabilitation report (FRR)?

TITLE AND DATE:

FINAL REHABILITATION REPORT FOR THE PARTIAL RELINQUISHMENT OF EPC 855 - FEB 09

DNRM RTI DL Release

Released

Section 2: Final rehabilitation report

This application and report must be supported by enough information to allow the administering authority to decide whether the conditions of the EA have been complied with, and whether the land (on which the mining activity has been carried out) has been satisfactorily rehabilitated.

This final rehabilitation report is to include (as an attachment) an illustration (site map) showing the location of disturbance types (e.g. shaft, pit) and their rehabilitation status.

10. Disturbance and rehabilitation

DESCRIPTION OF ACTIVITIES, INCLUDING EQUIPMENT USED (IF INSUFFICIENT SPACE, ATTACH FURTHER DETAILS):		
Exploration activities conducted on the sub-blocks relinquished from EPC 855 were 4 exploration holes being M017, 18, 27 and 28.		
PERIOD OF DISTURBANCE: 2006 – 2008	TOTAL AREA DISTURBED: 100 m^2	TOTAL AREA REHABILITATED: 100 m^2

Tick to indicate attachments ☐

If land has not been significantly disturbed by mining activities, answer 'N/A' then go to question 12.

11. Has land significantly disturbed by mining activities been rehabilitated according to requirements of the rehabilitation conditions of the relevant Code of Environmental Compliance and any additional conditions of the EA?

☒ Yes

☐ No → please attach information on reasons for non-compliance

☐ N/A

DNRM PTI DL Release

Released

Application for surrender or partial surrender of environmental authority (exploration) or environmental authority (mineral development) code or non-code compliant level 2 mining project

12. Ongoing management or maintenance

Where further management or maintenance commitments exist, attach copies of any agreements made (with the landowner/holder or any party responsible for post-surrender management) regarding carrying out of work, and provide a third party cost estimate (incl. GST, calculations and copies of quotes) for the completion of ongoing work.
A letter (or signed written statement) from the landowner/holder is mandatory in cases where: infrastructure is to be transferred; and/or there exists ongoing maintenance, monitoring or environmental management needs for the land to be undertaken by the landowner/holder (as a result of mining) following surrender.

QUOTES AND CALCULATIONS ATTACHED: ☐

13. Financial assurance

Financial assurance includes any remaining security deposited for the mining activities prior to 1 January 2001. Do not include any security that may have been requested by NRMW since 1 January 2001 as tenement security to cover damage to property and default on monies due under the *Mineral Resources Act 1989*. For further information refer to *Guideline 17: Financial assurance for mining activities.*

Complete Appendix A to amend or discharge financial assurance.

Amount held	s.49 - Business Affairs
Costs for further management/maintenance	$ N / A
Amount to be returned	$ N / A
Additional amount to be lodged	$ N / A
Financial assurance is to be returned to:	ABN: N / A

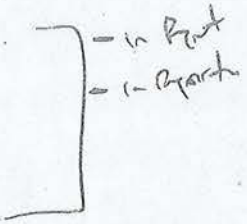

DNRM RTI DL Release

14. Please ensure the following documents are completed and attached to this application:

Question 14:
Where the total area disturbed is greater than 900m^2, attach information on the disturbed land (i.e. site details, disturbance type and rehabilitation status) and attach labeled photographs of each disturbance type (following rehabilitation). Where the total area disturbed is less than 900m^2 attach one or more photos of the rehabilitated land.

Please tick box when completed and attached:

- ☐ site disturbance and rehabilitation map
- ☐ disturbed land information
- ☒ landowner/landholder statement

A letter (or signed written statement) from the landowner/holder is mandatory in cases where: infrastructure, structures and/or temporary dwellings are to remain on site following surrender.

Question 15:
The author of this report may be, for instance, a holder of the environmental authority or a consultant.

Please ensure information provided in the final rehabilitation report is complete, true and not misleading.

15. Author of this Final Rehabilitation Report

- I confirm that, to the best of my knowledge, all information provided in this final rehabilitation report is accurate and complete. I am aware that, under section 480 of the *Environmental Protection Act 1994*, it is an offence to give the administering authority information that I know is false, misleading or incomplete in any material particular. The maximum penalty for such action is 165 penalty units for an individual, or 825 penalty units where the applicant is a corporation (section 181B(3) of the *Penalties and Sentences Act 1992*).
- I acknowledge that all information supplied on or with this report may be made available upon request, subject to the provisions of the *Freedom of Information Act 1992* and/or by EPA administrative access arrangements.

Application form

Sections 273 and 274 — *Environmental Protection Act 1994*

Landowner / landholder statement

Important information

This form is to be used when lodging a Final Rehabilitation Report (FRR) for an environmental authority (mining lease, mineral development, exploration and/or mining claim). The FRR is required to describe any ongoing environmental management needs for the land on which the relevant mining activity has been carried out. The FRR is required to accompany an application for surrender of the environmental authority (EA) to which the relevant mining activity relates.

This form is required for situations where the landowner/landholder is not the EA holder and:

- disturbance to the relevant land has occurred as a result of mining activities authorised under the EA; and/or
- there is a proposed transfer of remaining infrastructure (eg. a road, an excavation to be used as a water storage, a shed etc), management and/or maintenance commitments (eg. maintenance of dams or disturbed land, weed control) relevant to the mining activities to which the EA relates.

Where the landowner/landholder has chosen not to complete this form, the EA holder is required to complete Questions 1-7, and 10-12. Answer all questions in order unless instructed to go to another question and label any attachments alphabetically.

Information provided may be considered by the Environmental Protection Agency (EPA) in its assessment of the FRR. The information requested will help the EPA in deciding whether the conditions of the EA have been complied with, and whether the land on which the relevant mining activity has been carried out has been satisfactorily rehabilitated. The EPA may conduct a field inspection and may request that further rehabilitation be undertaken where relevant.

DNRM RTI DL Release

1.2 Tenure Number and Termination Dates

Exploration Permit for Coal (EPC) 855 was granted on the 20th October 2003 to 19th October 2009, a period of 6 years. The date of relinquishment of the three sub-blocks subject to this report took effect on the 20th October 2008. This report was granted an extension as it took some time to locate a suitable contractor and ensure that the operation was carried out. Rehabilitation activities were also delayed by wet weather and the Christmas break.

1.3 Environmental Authority Number

The reference number of the Environmental Authority for EPC 855 is MIM500156703, a non-code compliant level 2 mining project.

1.4 Sub-blocks to be relinquished

The following table details the 3 sub-blocks that are requested to be removed from the relevant Environmental Authority.

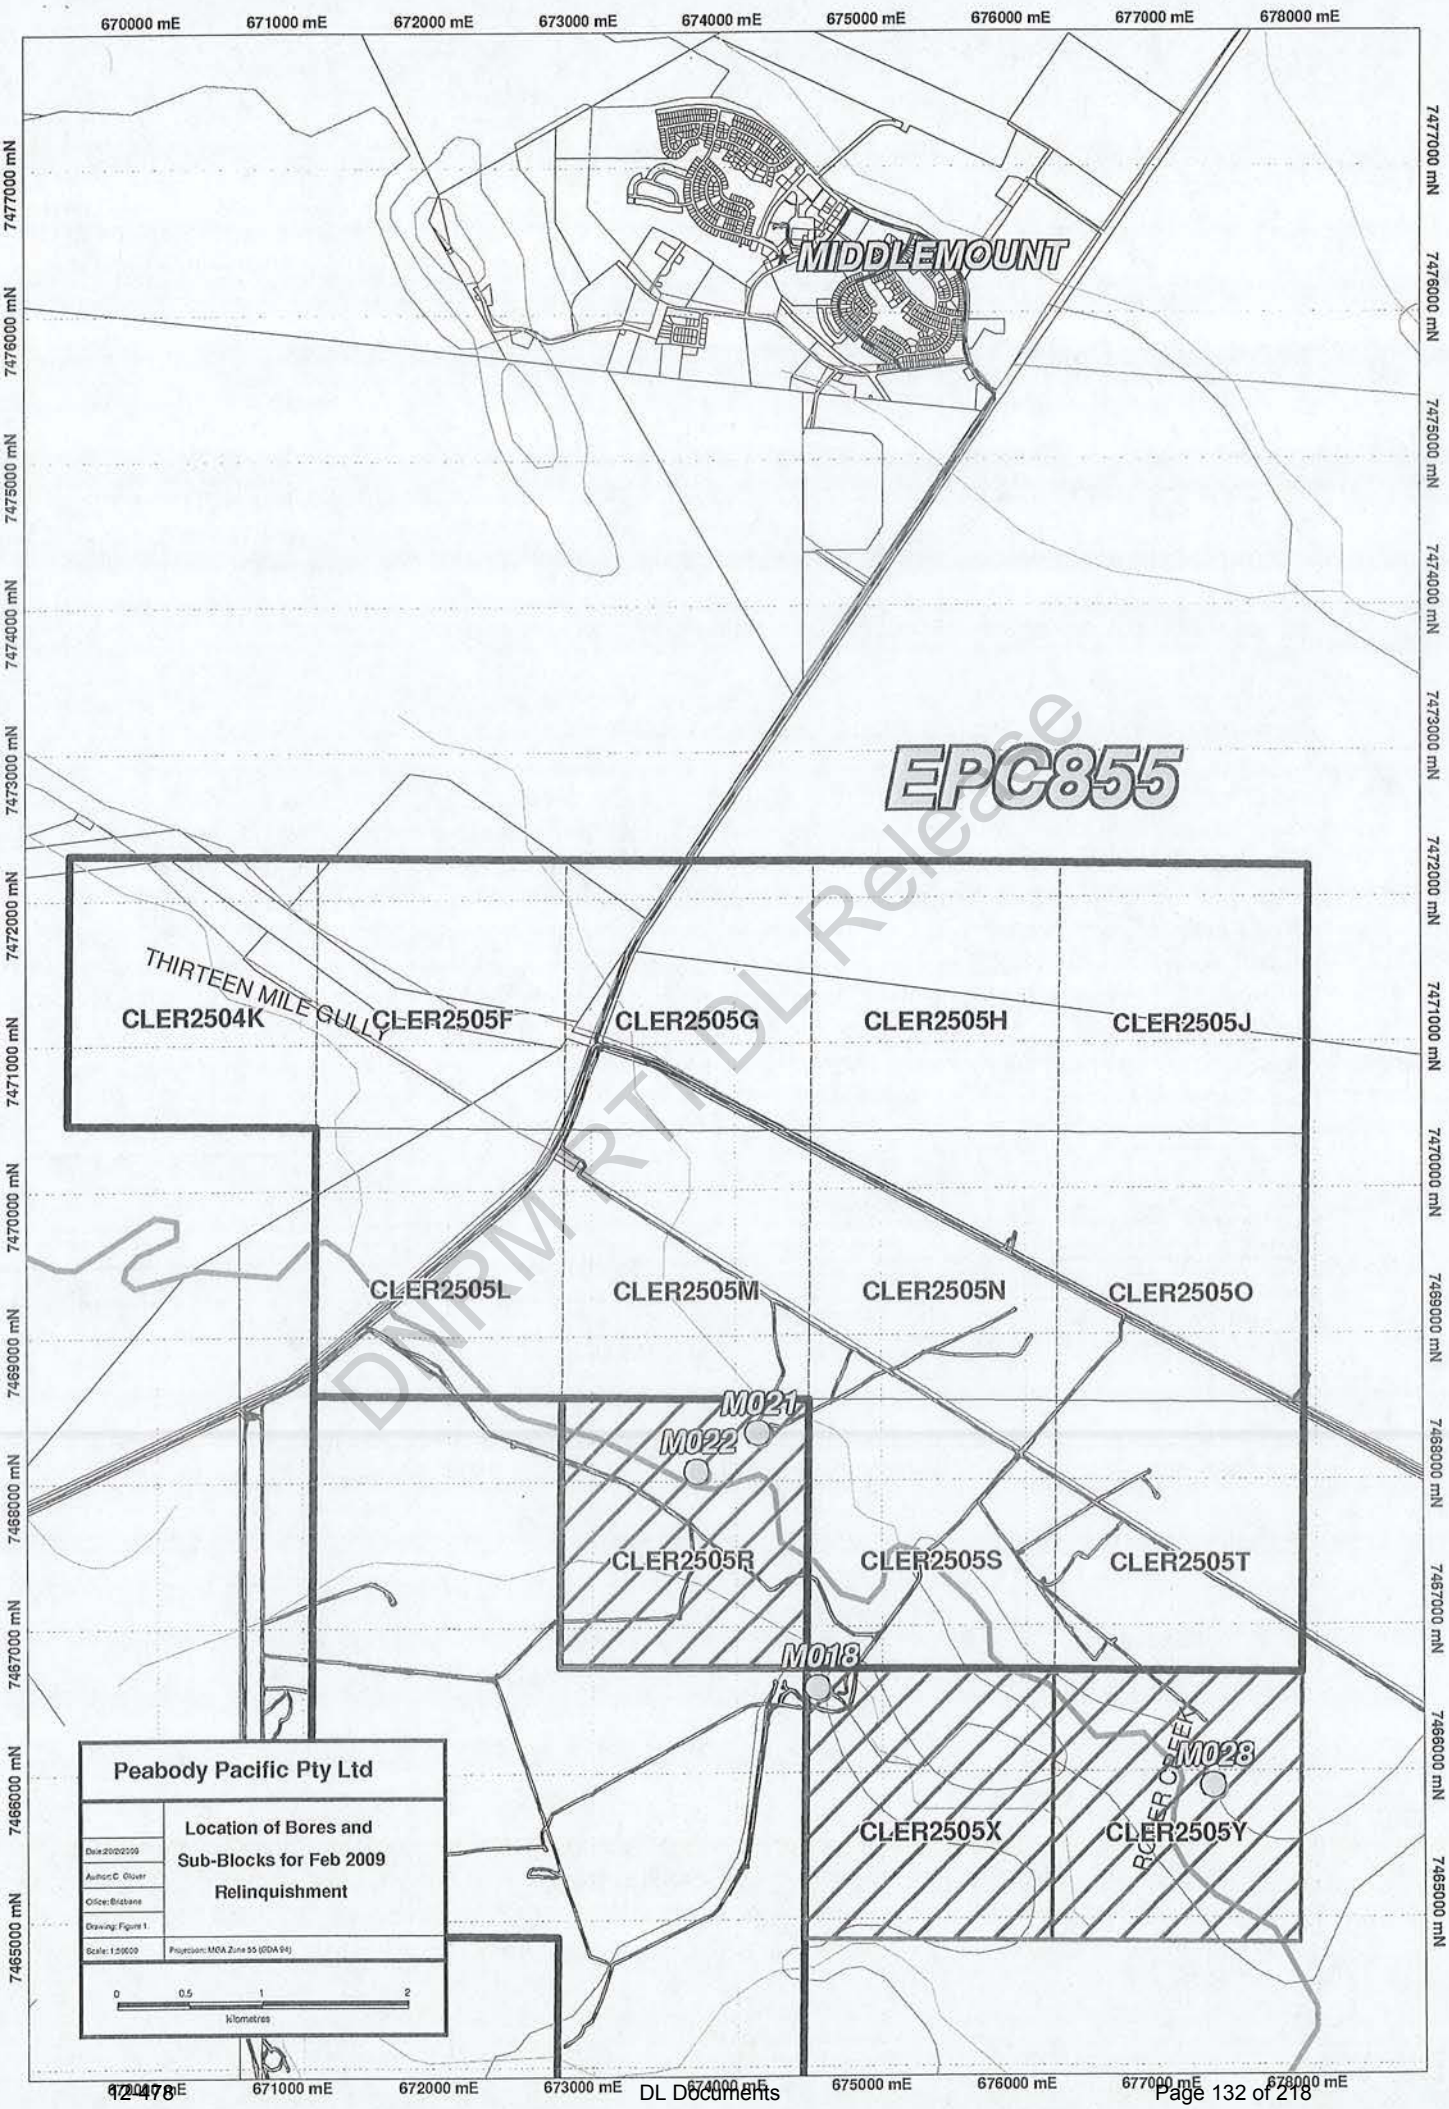

BIM	Block	Sub-Blocks
CLER	2505	R, X, Y

Table 1. ID of relinquished sub-blocks from EPC 855

The following map (figure 1) shows the location of the 3 sub-blocks (in red hatch) that will be removed from EPC 855. The map also shows the location of boreholes that were drilled during exploration, of which 4 were drilled inside the area covered by the proposed sub-block relinquishment.

2.0 Project Description

The following is a brief project description of EPC 855 and the environmental remediation that was carried out.

2.1 Project Location

EPC 855 is situated approximately 5km due south of the Township of Middlemount and approximately. The lease is wholly situated within the confines of the Isaac Regional Council and straddles the Middlemount-Dysart Road. Exploration has been confined to Tralee Station, owned and operated by Mr. Kevin D. Kenny. The countryside is relatively flat lying and consists of a mixture of blade-ploughed rough livestock grazing and isolated patches of native vegetation. A dominant feature is Roper Creek which traces it's course northwest-southeast through the lease. Access to the exploration sites was gained through the unsealed Barwon-McKenzie Road.

2.2 Main Activities Conducted

The drill holes that are situated within the relinquishment area are listed in table 2. Of these four drill holes three have been rehabilitated; one drill hole has been signed over to the Landholder for use as a potential water bore. All four boreholes were drilled from March to May 2006 and were rehabilitated during October to December 2008. The period of time between drilling and rehabilitation (over two years) was due to incomplete data. A thorough survey of the EPC was undertaken in August 2008 to establish the rehabilitation state of the EPC. All holes that were drilled by Excel Coal were located with a Global Positioning System and placed onto a rehabilitation register (Appendix 1). A contractor was secured to cement the boreholes from bottom of hole to ground level and cut the surface PVC casing, plug the resulting cavity with a cement plug and subsequently backfill the bore with soil.

HoleID	MGA94_X	MGA94_Y	RL	TD	Azimuth	Dip
M018	674558.19	7466586.54	148.42	210	0	-90
M021	674151.42	7468334.23	149.29	300	0	-90
M022	673730.91	7468073.08	150	300	0	-90
M028	677288.53	7465906.92	146.61	330	0	-90

Table 2. Collar locations of Boreholes drilled within the relinquished sub-blocks in EPC 855

DNRMRT Release

The three sub-blocks subject to this relinquishment have been chosen based upon the evidence that the area is less prospective for economic coal accumulations than the rest of the lease.

2.3 Surface Water Courses

No activities were conducted within 100m of a dry or flowing surface water course and therefore no borehole drilling fluid or excess water spilled or was allowed to flow into any creeks.

2.4 Area of Surface Disturbance

It is estimated that the total area of surface disturbance for the four sites combined was less than 100m^2. All sites were located next to or on pre-existing tracks. Top soil was not disturbed or stockpiled and no mud pits were dug. It was evident from the survey conducted in August 2008 that there had been significant regrowth of grasses and native shrubs and trees.

MINING TITLE SERVICES PTY LTD
PO BOX 13071
GEORGE STREET POST SHOP BRISBANE QLD 4003

Dear Sir/Madam

Exploration Permit for COAL (EPC) NO. 855
Current Term EXPIRES ON 19 October 2009 B/U MT33 ✓

This is to advise you that the current term of your exploration permit will expire on the date indicated above.

If you wish to apply to renew your exploration permit you are required to complete and lodge an application for renewal at least 3 months prior to and not more than 6 months prior to the expiry date.

If your application for renewal is to be made within 3 months or on the expiry date (considered as late lodgement), you will need to submit a statement outlining your reasons for late lodgement and requesting acceptance of your late application. If a satisfactory statement is not received, your renewal application may not be accepted.

To renew the permit:

* All holders must complete a renewal application form (form is available from the Departments website);
* Attach all the required accompaniments (as listed on the application form). Please ensure you address the requirements of section 147A of the Mineral Resources Act 1989. To support your renewal application and statements provided you may attach any documentary evidence;
* Pay the prescribed fee of $35.60; and
* Lodge/post the renewal application form to the Chief Executives office at the address indicated below.

Please note: Payment of the annual rental is due by anniversary day.

You are also reminded of your requirement to reduce the area of the permit pursuant to section 139 of the Mineral Resources Act 1989 (the Act). Your submission to reduce the permit as per the relinquishment schedule of the exploration permit document must be lodged at least 20 business days prior to the expiry date.

Renewal of the permit will only be considered if all the terms and conditions of the permit have been complied with.

There is no provision in the Act to allow or accept an application for renewal after the expiry date.

If an application for renewal of this exploration permit has been lodged and has been acknowledged, please disregard this letter.

This advice is to assist holders and does not negate the holder's obligations to comply with the renewal provisions of the Mineral Resources Act 1989.

Yours faithfully

Dear Shelby,

RE: EXPLORATION PERMIT FOR COAL NUMBER (EPC) 855
PROJECT: FOXLEIGH NORTH

Reference is made to your letter dated 22 December 2008 wherein you advised the application for partial surrender of environmental authority, final rehabilitation report and audit statement in respect of the reduced sub-blocks for the purpose of the Environmental Protection Agency is outstanding.

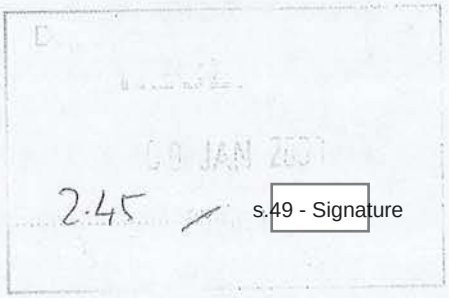

Due to complications and delays in obtaining rehabilitation to the satisfaction of the landholder and land holder sigh off our client has requested a short extension, to 20 February 2009 to attend to this matter.

On behalf of my client I apologise for the delay in attending to these issues. I await your further advice on the matter.

Yours faithfully

Dear Sir/Madam

EXPLORATION PERMIT FOR COAL (EPC) NO. 855

I refer to the above exploration permit and to the statement of expenditure for Year 5 of the permit.

It has been noted that you have expenditure of only s.49 - Business Affairs for Year 5. You have failed to comply with the terms and conditions of the exploration permit by not complying with the program of works and by not meeting the expenditure condition of s.49 - Business Affairs for Year 5.

No further action will be taken at this stage. However the non-compliance is on record and any further breach of the conditions may result in non-compliance action being taken in accordance with the provisions of the *Mineral Resources Act* 1989.

If you have any queries with respect to the above please contact me.

Yours sincerely

Dear Sir/Madam

EXLPORATION PERMIT FOR COAL (EPC) NUMBER 855

I refer to the submission to reduce 3 sub-blocks from EPC 855.

Pursuant to Section 140(3) of the Mineral Resources Act 1989, your submission has been accepted.

Please forward to this office, the relinquishment report required to be submitted under the conditions of the exploration permit within two months of the date of this letter.

Please forward to this office, the application for partial surrender of environmental authority, final rehabilitation report and audit statement in respect of the reduced sub-blocks for the purposes of the Environmental Protection Agency

Please forward the original permit document to the Department for endorsement.

Yours sincerely

Dear Shelby

RE: EXPLORATION PERMIT NUMBER (EPC) 855

Reference is made to the requirement for Millennium Coal Pty Ltd (Millennium) to identify sub-blocks for relinquishment from EPC 855.

I wish to advise that Millennium has identified 3 sub-blocks for relinquishment and I enclose for attention a copy of the letter prepared by Millennium detailing the sub-blocks to be relinquished.

Application is made for the Ministers consent to accept this application within the 20 business day period prior to the anniversary of EPC 855. The commitment of the Exploration Manager to an urgent ongoing exploration program explains the delay in lodging this reduction documentation.

Please note that the holder is currently conducting minor rehabilitation activities on the relinquished sub-blocks. The Environmental Authority Partial Surrender form, Final Rehabilitation Report, Audit Statement and Landholder Statement are also being compiled. These documents will be lodged in your office as soon as possible.

If you have any questions in relation to this matter please do not hesitate to contact me.

Yours faithfully

ADDITIONAL INFORMATION TO SUPPORT VARIATION REQUEST FOR EPC: 855 PROJECT: MIDDLEMOUNT

DNRM RTI DL Release

HOLDER:
MILLENNIUM COAL PTY LTD

SEPTEMBER 2008

Released

TABLE OF CONTENTS

1.0 INTRODUCTION
2.0 VARIATIONS REQUESTED
3.0 JUSTIFICATION FOR VARIATION

DNRM RTI DL Release

1.0 INTRODUCTION

EPC 855 was granted to Millennium Coal Pty Ltd (Millennium) on 20 October 2003. The tenement initially consisted of seventeen (17) sub-blocks. Pursuant to the Exploration Permit conditions, the tenement was reduced to fourteen (14) sub-blocks for Year 5 (20 October 2007 to 19 October 2008).

Subsequent to aeromag surveys and the assessment of historical data, EPC 855 was the subject of an extensive drilling program and mining analysis chiefly conducted during Year 3 of tenure. In Year 3 (20 October 2005 to 19 October 2006) Millennium expended a total of s.49 - Business Affairs in exploration which exceeded the expenditure requirements of this period by s.49 - Business Affairs The data from this work was loaded into a geological model and this model has been interrogated using various mine plan scenarios. This resource is also being assessed in conjunction with mining studies being conducted in the adjacent EPC 726.

Drilling confirmed the existence of a shallow resource of semi-anthracitic coal within the tenement. Drilling towards the adjoining EPC726 was aimed at finding additional shallow repeats associated with a potentially bifurcating Jellinbah Fault system. It is hoped the exploration activities to be conducted in Year 6 will confirm these results.

2.0 VARIATION REQUESTED

Expenditure Variation

Pursuant to Section 141C of the MRA, the current holder hereby requests the Minister's consent to vary the expenditure commitment for EPC 855 for Year 5 (20 October 2007 to 19 October 2008) from s.49 - Business Affairs Information to justify this request can be found in Section 3.0 of this document.

3.0 JUSTIFICATION

The following points provide justification for the variation requests detailed in Section 2.0 of this document.

- The total expenditure commitment from year of grant to the current term (Years 1 to 5) is s.49 - Business Affairs The actual expenditure for this period *excluding* the current term (Year 5) totals s.49 - Business Affairs This represents a 207.5% increase of the total expenditure commitment and demonstrates that bona fide exploration activities are currently being undertaken on this tenement.

- On 20th October 2008, a further three sub-blocks are due to be relinquished from EPC 855. This will represent a 27% reduction from the previous year and is in compliance with the conditions of the Exploration Permit.

DNRM RTI DL Release

- The holders of EPC 855 are currently reviewing this tenement among others with a view to progressing the tenements to a Mineral Development Licence application.

Issues that have impacted on exploration activities include the following:

- Millennium has undergone great difficulty in accessing and retaining experienced contractors for their exploration team in the current boom conditions. As such, rehabilitation work to existing holes that was to be conducted in Year 5 has been delayed. A stable and professional team is now in place and the holder is committed to completing the exploration activities proposed for Year 5. Accordingly, it is expected that actual expenditure for Year 6 will exceed the current expenditure commitment.

- Due to the Australia wide shortage of drill rigs and associated contractors there have been significant delays in continuing drilling and commencing rehabilitation activities.

- Wet weather has not only impaired access to this site but has caused extensive delays with drilling at our other operations, exacerbating our inability to source drill rigs and contractors.

Dear Sir

Please let this letter serve as notice that employees of Hetherington Exploration and Mining Title Services Pty Ltd (A.C.N. 003 122 996), are authorised by ***MILLENNIUM COAL PTY LTD*** (A.C.N. 089 566 021) to maintain and do such things as may be necessary from time to time to satisfy the requirements of the Queensland Mineral Resources Act 1989 in relation to Exploration Permits, Prospecting Permits, Mining Leases and Mineral Development Licences held by or applied for by this company in Queensland.

This authorisation does not apply to provide approval to relinquish any title and is to remain valid until further advised by this company.

In addition, it entitles access to any information the Department may normally make available to the applicant or holder in the course of maintaining any title.

Dear Sir/Madam

EXPLORATION PERMIT COAL (EPC) 855

With reference to the above permit, I wish to advise that records of this Department indicate that the Partial Relinquishment Report for the period ending 13 December 2007 is still outstanding.

You are reminded of Section 141(1)(f)(i) of the Mineral Resources Act, in which the holder of an exploration permit must furnish to the Minister: "....full particulars and results of the exploration program and investigations carried out on the specific area including detailed information of expenditure incurred during specific periods within the term of the exploration permit".

You should be aware that the submission of sub-standard reports, inclusion of misleading or false information, and failure to lodge a report in the prescribed time may be seen by the Department as a breach of the conditions of grant, and may result in action to terminate your tenure.

The Department now has a web based company report system, called QDEX, which will make lodgment of your company report simpler and cheaper. Submission of company reports via this system is now mandatory. To learn more about this system, file formats the Department will accept, and how to register for online submission, visit the DME website at www.dme.qld.gov.au and search for the link to QDEX. Statement of Expenditure MUST be submitted separately with covering letter (in paper form) or by email.

Please lodge the outstanding report on or before 11 February 2008. If you have approval for Group Reporting or approved extensions please disregard this letter.

Please contact me if you have any problem meeting this deadline.

Yours faithfully

Dear Sir/Madam

RE: EXPLORATION PERMIT FOR COAL NUMBER (EPC) 855
PROJECT: MIDDLEMOUNT- FOXLEIGH NORTH

Reference is made to your correspondence dated 26 November 2007 in which you advised full rental had not been paid on **EPC 855** and is now overdue.

Please find enclosed a cheque for s.49 - Business Affairs being the balance annual rental payment in respect of **EPC 855** for the period 20 October 2007 to 19 October 2008.

On behalf of my client, I apologise for the delay in attending to this matter.

Yours faithfully

Dear Sir / Madam,

Attention

You have failed to comply with the requirements of section 138(3) of the *Mineral Resources Act 1989* in that you have failed to pay the rental on or before the anniversary date for Exploration Permit for Coal (EPC) Number 855 which was payable on 20 October 2007.

In accordance with section 160(2) of the *Mineral Resources Act 1989* action will commence to cancel this permit for non payment of rental if the outstanding amount of $ s.49 - Business Affairs is not received by this Department within 10 business days of the date of this letter. No further reminders will be given.

If you have already paid the rental, please contact the officer above with the receipt details for confirmation.

You are reminded that in the event EPC 855 is cancelled for non payment of rent, you are still liable for the rent incurred from the date of grant to the date of cancellation.

Yours faithfully,

George Street Post Office
BRISBANE GEORGE STREET QLD 4003

Our Reference: 169596

Dear Sir / Madam

Re: Partial surrender of environmental authority MIC200639607

Please note that new permit profiles have been implemented and as a result the reference number of the environmental authority has changed from MIM500156703 to MIC200639607.

The EPA has assessed the application received on 09-NOV-2007 to surrender part of environmental authority MIC200639607 and wishes to advise you that the application has been Granted.

The following part of environmental authority MIC200639607 applies to this decision:

Relevant mining tenement	Map name	Block number	Sub blocks
EPC855	CLERMONT	2432	y
EPC855	CLERMONT	2504	d, e

The amount of financial assurance approved for discharge is $0.00.

If you require more information please contact Debra Quinn, the Project Manager, on 1300 368 326.

Dear Sir/Madam

EXLPORATION PERMIT FOR COAL (EPC) NUMBER 855

I refer to the submission to reduce 3 sub-blocks from EPC 855.

Pursuant to Section 140(3) of the Mineral Resources Act 1989, your submission has been accepted.

Please forward to this office, the relinquishment report required to be submitted under the conditions of the exploration permit within two months of the date of this letter.

The application for partial surrender of environmental authority, final rehabilitation report and audit statement in respect of the reduced sub-blocks have been forwarded to the Environmental Protection Agency

Rent has been overpaid and a cheque will be forwarded in due course.

Please find enclosed the recently endorsed original permit document.

Yours sincerely

DEPARTMENT OF MINES AND ENERGY
APPROVAL BRIEFING NOTE

TO **REGISTRAR – MINERALS AND COAL**

SUBJECT *Reduction of sub-blocks for Exploration Permit for Coal Number 855*

BACKGROUND
EPC 855 is held by Millenium Coal Pty Ltd (100%) and consists of 17 sub-blocks. ✓

The relinquishment condition of EPC 855 requires relinquishment of 3 sub-blocks on 19 October 2007. ✓

ISSUES

- On 7 November 2007, the holder made a submission to reduce EPC 855 by 3 sub-blocks. ✓
- This submission is in accordance with section 140(1) of the *Mineral Resources Act 1989*. ✓
- The area to be retained after the reduction is 14 sub-blocks. ✓
- The sub-blocks to be relinquished are detailed in the submission at folio 61.

APPROVAL
Under delegation from the Minister and pursuant to section 140(3) of the *Mineral Resources Act 1989*, I hereby approve the reduction of EPC ~~982~~ 855.

BRISBANE QLD 4003

Dear Sir/Madam

Exploration Permit for Coal (EPC) Number 855

I refer to the above EPC and advise that the register indicates that you have not complied with section 139 of the *Mineral Resources Act 1989* (the Act) by failing to relinquish area in accordance with the relinquishment schedule of this EPC.

According to the relinquishment schedule you are required to relinquish down to 14 sub-blocks on 19 October 2007.

Within 20 business days of the date of this letter, please lodge a proposal identifying a further 3 sub-blocks to be relinquished in order to satisfy section 139 of the Act.

Failure to comply with this request, by the due date, may result in the Minister determining the land to be retained in the exploration permit in accordance with section 139(6) of the Act or cancellation in accordance with section 139(7) of the Act.

You are reminded that a Final Rehabilitation Report and Audit Statement along with a Partial Surrender of the Environmental Authority for the sub-blocks being relinquished, must accompany the proposal.

If a proposal addressing this matter has already been forwarded to the Department, please disregard this letter.

The above requested submission or any queries regarding this letter, must be forwarded in writing, to the address below.

Yours faithfully

Dear Linda

RE: EXPLORATION PERMIT NUMBER (EPC) 855

I wish to advise that Millennium Coal Pty Ltd has identified sub-blocks for relinquishment from EPC 855 as per the current reduction conditions. I enclose for attention a copy of the letter prepared by Millennium Coal Pty Ltd detailing the sub-blocks to be relinquished. Please also find enclosed the application for Surrender of Standard Environmental Authority (exploration) form, the Statutory Declaration addressing the issue of land improvement restoration and the Exploration Permit document for endorsement.

Please note that the relinquishment report is currently being prepared by Millennium Coal Pty Ltd and will be lodged in the near future. The relinquishment report will be lodged via the QDEX database

If you have any questions in relation to this matter please do not hesitate to contact me.

Yours faithfully

Dear Sir

RE: EXPLORATION PERMIT NO (EPC) 855
PROJECT: MIDDLEMOUNT

Pursuant to Section 139 of the Mineral Resources Act 1989 (MRA), Millennium Coal Pty Ltd hereby conducts a reduction of the area currently covered in EPC 855.

The sub-blocks to be relinquished from the tenure are detailed as follows:

BIM	Block	Sub-blocks
CLER	2432	Y
CLER	2504	D, E

I trust you will find this reduction acceptable and I await your further advice in this matter.

Yours faithfully

QUEENSLAND

OATHS, AFFIDAVITS AND STATUTORY DECLARATIONS ACT 2005

STATUTORY DECLARATION

I, Cameron Vorias, of in the State of Queensland, do hereby solemnly and sincerely declare that:-

Millennium Coal Pty Ltd is the registered holder of EPC 855. Accompanying this Statutory Declaration is documentation to relinquish three sub-blocks from EPC 855.

On behalf of Millennium Coal Pty Ltd, I confirm that during the course of conducting the on-site exploration activities under the authority of the relinquished sub-blocks on EPC 855, no disturbances were caused to land improvements. As such, no improvement restoration is required pursuant to Section 161(5)(A) of the Mineral Resources Act 1989.

This declaration is true and I know that it is an offence to make a declaration knowing that it is false in a material particular.

This declaration is made under the *Oaths, Affidavits and Statutory Declarations Act 2005*

Important information for applicants

This application form must be used to surrender an environmental authority (EA) (exploration) or EA (mineral development) under section 273 of the *Environmental Protection Act 1994*.

This form should not be used to surrender an EA (prospecting) or EA (mining lease).

A final rehabilitation report (FRR) must be submitted with this application.

Note: On this form, a reference to an EA may also be taken to be a reference to a transitional authority.

When completed, this form is to be submitted with the relevant *Mineral Resources Act 1998* surrender or cancellation of mining tenement form, at your local Queensland Department of Natural Resources, Mines and Water (NRMW) district office. It will not be necessary to complete this form for a conditional surrender of a mining tenement, if the new tenement covers the total area of the surrendered tenement(s).

Do not use this form if an environmental authority is to be replaced or consolidated.

DNRM RTI DL Release

Section 1: Application details

GUIDE

Question 1:
The 'applicant' is the holder of the relevant EA (mining activities). Where there exists more than one holder for an environmental authority, list all holders.
Note: This form must be signed by all holders unless a principal holder has been appointed to act on behalf of all applicants.

1. Name of applicant(s)

NAME(S):
Millennium Coal Pty Ltd

2. Environmental authority number to be surrendered

EA NUMBER:
MIM 500156703

Environmental Protection Agency
www.epa.qld.gov.au ABN 87 221 158 786

Queensland Government

Queensland Parks and Wildlife Service

Released

Application for surrender or partial surrender of environmental authority (exploration) or environmental authority (mineral development) code or non-code compliant level 2 mining project

The contact person for this application should have rehabilitation expertise and could be, for example, a consultant.

3. Contact person for this application

NAME: Brian Martin	
POSITION (E.G. DIRECTOR, MANAGER, OWNER, PARTNER,,CEO ETC): Environmental Consultant Hetherington Exploration & Mining Title Services Pty Ltd Level 7, 231 North Quay, BRISBANE Q 4000	
FULL POSTAL ADDRESS: PO Box 13071 George Street Post Shop BRISBANE Q 4003	
TELEPHONE: (07) 3236 1768	FACSIMILE: (07) 3236 1758
MOBILE TELEPHONE:	EMAIL: brisbane@hemts.com.au

4. Is the surrender partial or whole?

☐ Partial surrender of EA → go to question 5

☐ Whole surrender of EA → go to question 9

5. Insert the relevant details for each tenement that is being surrendered, relinquished or cancelled

TENURE TYPE AND NUMBER	WHOLE OR PART	EXPIRY DATE	CANCELLATION DATE (WHERE RELEVANT)
1. EPC 855	Part	19-10-09	
2.			
3.			
4.			

6. Is the surrender for an EA (exploration) or EA (mineral development)?

☒ EA (exploration) → go to question 7

☐ EA (mineral development) → go to question 8

DNRM RTI DL Release

7. Description of exploration area being surrendered (see below)

In the case of a partial surrender of an EA, a holder may need to amend the EA when it is proposed to change the way activities are carried out.

8. Are you intending to amend/replace the existing environmental authority?

☒ Yes → complete a separate *Application for amendment of environmental authority (mining activities)* form and submit with this surrender form

☒ No

A final rehabilitation report (FRR), including an audit statement, is required to accompany an application for either partial or whole surrender of an EA.

9. What is the title and date of the final rehabilitation report (FRR)?

TITLE AND DATE:
N / A - Nil Disturbances

DNRM RTI DL Release

Application for surrender or partial surrender of environmental authority (exploration) or environmental authority (mineral development) code or non-code compliant level 2 mining project

Section 2: Final rehabilitation report

This application and report must be supported by enough information to allow the administering authority to decide whether the conditions of the EA have been complied with, and whether the land (on which the mining activity has been carried out) has been satisfactorily rehabilitated.

This final rehabilitation report is to include (as an attachment) an illustration (site map) showing the location of disturbance types (e.g. shaft, pit) and their rehabilitation status.

10. Disturbance and rehabilitation

DESCRIPTION OF ACTIVITIES, INCLUDING EQUIPMENT USED (IF INSUFFICIENT SPACE, ATTACH FURTHER DETAILS):		
Exploration activities conducted on the sub-blocks relinquished from EPC 855 were restricted to nil impact geological reconaisance only.		
PERIOD OF DISTURBANCE: N / A	TOTAL AREA DISTURBED: N / A m^2	TOTAL AREA REHABILITATED: N / A m^2

Tick to indicate attachments ☐

If land has not been significantly disturbed by mining activities, answer 'N/A' then go to question 12.

11. Has land significantly disturbed by mining activities been rehabilitated according to requirements of the rehabilitation conditions of the relevant Code of Environmental Compliance and any additional conditions of the EA?

☐ Yes

☐ No → please attach information on reasons for non-compliance

☒ N/A

DNRM PTY DL Release

12. Ongoing management or maintenance

Where further management or maintenance commitments exist, attach copies of any agreements made (with the landowner/holder or any party responsible for post-surrender management) regarding carrying out of work, and provide a third party cost estimate (incl. GST, calculations and copies of quotes) for the completion of ongoing work. A letter (or signed written statement) from the landowner/holder is mandatory in cases where: infrastructure is to be transferred; and/or there exists ongoing maintenance, monitoring or environmental management needs for the land to be undertaken by the landowner/holder (as a result of mining) following surrender.

DESCRIBE ANY ONGOING ENVIRONMENTAL MANAGEMENT NEEDS FOR THE LAND: None Noted
AGREEMENTS MADE WITH: N /A COPIES OF AGREEMENTS ATTACHED: ☐
THIRD PARTY COMPLETION COST ESTIMATE: N / A QUOTES AND CALCULATIONS ATTACHED: ☐

13. Financial assurance

Financial assurance includes any remaining security deposited for the mining activities prior to 1 January 2001. Do not include any security that may have been requested by NRMW since 1 January 2001 as tenement security to cover damage to property and default on monies due under the *Mineral Resources Act 1989*. For further information refer to *Guideline 17: Financial assurance for mining activities*.

Complete Appendix A to amend or discharge financial assurance.

Amount held	s.49 - Business Affairs
Costs for further management/maintenance	$ N / A
Amount to be returned	$ N / A
Additional amount to be lodged	$ N / A
Financial assurance is to be returned to:	ABN: N / A

DNRM RTI DL Release

14. Please ensure the following documents are completed and attached to this application:

Question 14:
Where the total area disturbed is greater than 900m^2, attach information on the disturbed land (i.e. site details, disturbance type and rehabilitation status) and attach labeled photographs of each disturbance type (following rehabilitation). Where the total area disturbed is less than 900m^2 attach one or more photos of the rehabilitated land.

Please tick box when completed and attached:

- ☐ site disturbance and rehabilitation map
- ☐ disturbed land information
- ☐ landowner/landholder statement
