Mr Bryan Hughes
Joint and Several Liquidator
Pitcher Partners
PO Box 7191
CLOISTERS SQUARE WA 6850

Dear Mr Hughes

Thank you for your letter of 17 September 2015 concerning Texas Silver Mines Pty Ltd (Receivers and Managers Appointed) (In Liquidation) in relation to an application to remove property under section 313 of the *Mineral Resources Act 1989* (MRA) for the disclaimed Twin Hills Mining Lease Number 50161.

As delegate under the MRA, I approve the application to remove property pursuant to section 313(4) of the MRA for the listed property as appended subject to the conditions made under section 313(6) also as appended to this letter.

I recommend that you continue to liaise with Mr David Limburg, Senior Mining Registrar Field and Land Access as the departmental contact on telephone 07 4747 2103 or via email David.Limburg@dnrm.qld.gov.au, for matters relating to the requirements of the MRA and the removal of property.

Thank you for bringing this matter to my attention and I trust this information is of assistance. Should you have any further enquiries, please contact Mr Paul Horrocks, Acting Regional Director, North Region, Mines, Department of Natural Resources and Mines on telephone (07) 4447 9216.

Yours sincerely

James Purtill
Director-General

Conditions under Section 313(6) of the *Mineral Resources Act 1989* (MRA) placed upon approval of the application to remove property dated 17 September 2015 by Mr Brian Hughes, Pitcher Partners, Liquidator for Texas Silver Mines Pty Ltd.

- Condition one: All approved equipment to be removed from the site by close of business 29 January 2016.
- Condition two: The Acid Mine Drainage pump and pipe network is not to be sold, removed or interfered with. This includes the pump, motor and diesel tanks located at East Dam, Bore Number one and half way up the mine road (known as transfer tank and pump).
- Condition three: Poly-pipe, poly-fittings or sprinklers, geofabrics rolls, plastic rolls and rubber matting are not to be sold, removed or interfered without permission or approval prior to auction.
- Condition four: Any equipment tagged (do not operate) by the Department of Environment and Heritage Protection (EHP) or Department of Natural Resources and Mines is not to be interfered with without permission or approval.
- Condition five: The removal of all equipment shall be supervised by appropriately qualified personnel at the cost of the liquidator to ensure compliance with Workplace Health and Safety legislative requirements at all times.
- Condition six: Where approved equipment has been removed, the area from where the equipment was removed shall be left in a clean and tidy order which does not pose any safety or environmental hazards.
- Condition seven: No waste material is to be disposed on site from equipment removal unless approved by EHP.
- Condition eight: For the sale of asset 560 (two of Toilet Block, three Door 12' x 8'), the attached septic system must be pumped out (sucker truck) and removed/destroyed as per council's direction.
- Condition nine: Assets 841 and 842 (two of 20' Steel Containers) are to remain onsite for departmental use.

The authorised delegate of the Minister has approved your application under Section 313(4) of the MRA to remove the following property under the application to remove property dated 17 September 2015 by Mr Brian Hughes, Pitcher Partners, Liquidator for Texas Silver Mines Pty Ltd.
