Comments: OLD SLAUGHTER HOUSE AND HIDE SHEDS ASSOCIATED WITH
SALE YARDS. AREA ALSO USED FOR BURNING CAR WRECKS.
MOST CONTAMINATION APPEARS TO COME FROM LATTER.
AREA PROPOSED AS PARK.SI051

The comments & file no. do not match the RPD and address. The
sites which have become confused are:-
site(1) Batts st saleyards - lot 2 RP607518. This record 050-00001 refers. (see map)
050 amended record 050-00001 as above.

site(2) Old slaughter yards + hide shed - proposed residential sub-division at St Paul Crescent.

File 900051 refers. This site is across town from the saleyards (see map).
Chem Unit issued a SCR for this site as "Former" 11.12.91.

Problems

- the old slaughter yards were never put on the CSR. The SCR has
lot 3 RP11125
lots 1, 3, 4 RP11124.
This should have been RP611125 and RP611124.

- Not all these plans are valid - Lands Dept. ** END OF REPORT **
help would be required to identify the correct plans.
The attached maps show that the old hide curing works
are now covered by numerous residential allotments
- The report containing details of remediation was dated 14.11.91. Therefore,
the site was remediated before commencement of the Act!?
