Mr Nicholas Ballantine

Dear Mr Ballantine

Thank you for your email with attached letter dated 17 October 2014 addressed to the Mineral Assessment Hub regarding the application for the grant of Mining Lease Number (ML) 50293.

I note you do not consent that mining lease ML 50293 specifically and other mining lease applications that may be made in the area of your application for Exploration Permit Number (EPM) 25799 should be granted.

Section 249 of the *Mineral Resources Act 1989* (MRA) provides that the applicants for the grant of a mining lease in the area of an earlier application for an exploration permit must obtain written consent of the earlier applicant. The obligation of obtaining such consent for a later application is the responsibility of the later applicant.

Progress of both the application for ML 50293 and your application for EPM 25799 will proceed under due process in accordance with the requirements of the MRA.

Should you have any further enquiries, please contact Mrs Rebecca Youngberry, A/Principal Mining Registrar, Mineral Assessment Hub, Department of Natural Resources and Mines on telephone 4447 9230.

Yours sincerely
