Attention: Jannene Horne

Dear Madam

RE: APPLICATION FOR PERMANENT ROAD CLOSURE – FILE REF. 2014/000283

As part of procedure, Department of Environment and Resource Management have asked Western Downs Regional Council for their views on an application for permanent road closure of an area 1.79 ha adjoining the western boundary of Lot 1 on RP110046 in the Parish of Weranga.

Council has resolved to oppose all permanent road closures, however would support a temporary road closure as Council's road asset finishes at 1.1km from the Old Warrego Highway and is not maintained beyond this point.

Surrounding blocks have access from other roads so the closure of this road section does not land lock any parcel of land. There are no Council utilities, infrastructure or drainage easements in the proposed area.

As advised a copy of the application for permanent road closure for this area has been displayed in a conspicuous position for other parties interested in the proposed road closure.

If you have any further queries in regards to this matter, please contact Council's Cadet Technical Officer, Miss Shalika Low on 07 4679 4647 during business hours.

Yours faithfully

Reason for Decision

Reasons

In terms of Module CB, the proposed dealing area is distinctly delineated as "road" on a plan which was registered and deposited in the office of the chief executive (surveys) and that plan has been the subject of Executive Authority action.

Plan RP110046 (previously Portion 201 on A3451) by Land Purchase 10239149 granted 24 March 1875 – plan was issued over Selection 149.

The Dedication Assessment Table provides that the dedication extinguishes native title as it was done before 1 January 1994. Therefore native title has been extinguished over the proposed dealing area.
