Mr Michael Borches
Corridor Assessment Project
Queensland Rail
GPO Box 1429
BRISBANE QLD 4001

Dear Michael

Re: Disk Dump of Rail Yard Sites Recorded on Contaminated Sites Register

I refer to our recent discussions concerning the provision of electronic notification of Rail Yard sites listed on the Contaminated Sites Register (CSR) and attach herewith hard and disk copies of same for your attention.

As advised previously, we have developed in-house an application to enable you to access this data in a format compatible with FoxPro, however there are several 'bugs' which need to be overcome before this is complete. Due to the urgent need by Queensland Rail for this data, the data has been downloaded to disk in the following format:

- ASCII file, # delimited
- ASCII text file (',' substituted for '#')

It should be noted that the hard copy printout contains fields superfluous to your stated requirements:

- Local Authority code - field 1
- Local Authority name - field 2
- Record status - field 3 (Deleted means that the site is no longer registered on the CSR; Current means that the site is registered on the CSR)
- Site name - field 4
- Site ID - field 5
- Category - field 6
- Area - field 7
- Entry date to CSR - field 8

- Location address - fields 9-11
- Real Property Description - fields 12-13
- Owner name and address - fields 14-18
- Site area - field 19
- Prescribed purpose Railway Yard (311) - field 20

Should you have any queries concerning any of the sites listed in the attached report, please contact me at (07) 3225 1957.

We regret the delay in the provision of the data and trust that in its current format that same will be of assistance to the Corridor Assessment Project.

Yours faithfully

sch4p4(6) P6

Memorandum

To Data Entry - Penny & Di
From Peter Tarrant
Subject Qld. Railways Notification of Sites
File reference
Date 7/3/96
Notes

Attached is a list of properties notified as 'Railway Yards' by Q Rail, 15/2/96.

All the properties highlighted in blue are for entry, are valid in CISP and in the correct LGA. There are some amendments to LGA and RPDS on individual parcels.

Please check IUAS for ownership, they should be Q RAIL, ~~RA~~ GPO Box 1429 Bris 4001, but there may be leaseholders or other owners in subdivision cases.

Put on base parcels if all child parcels are owned by Q RAIL, if not all Q Rail ~~is~~, put on each parcel individually, with owner details.

All PP 311, cat PRO

Letters to owners other than Q RAIL and to Councils. We will send a grouped letter to Q Rail for all of theirs.

Re : Notification of Qld. Rail properties for entry to the Contaminated Sites Register as "Railway Yards".

Dear David,

Thank you for your letter of 15/2/96 with the lists of notifications of Queensland Rail properties for entry to the Contaminated Sites Register as "railway yards". I have been checking through the list and have now sent it off for entry to the Register.

There are, however, quite a few sites on the list which have invalid Real Property Descriptions (R.P.D.'s or lot on plan numbers), deemed invalid by the Lands Department's 'Computer Inventory of Survey Plans' (CISP). These properties cannot be entered onto the Register until we have valid lot and plan numbers. I have highlighted all the sites with invalid R.P.D.'s in pink, all other properties are already on the Register, or will be entered to the register from your first list.

Please consult your database and/or map records in order to correct any errors in these invalid R.P.D.'s. If your information lists the properties under these invalid R.P.D.'s, please send a copy of any maps you have of the sites in order for me to locate the sites using Mapinfo.

I appreciate your ongoing assistance in bringing the Register up to date with listings of Queensland Rail properties.

Yours sincerely,
