

Code D & E - Dingo Interaction Report Form

CODE: E

Dingo ID: **PuGY14m**

Management Area (NRM use): **Dilli-Eur**

D: Threatening – growling, snarling, dominant towards humans. E: High Risk – nipping, biting, attacking

Date (of Interaction): 03/07/2015 Time (of Interaction 24hrs): 11.30 Location (of Interaction): Beachfront at Eurong Township Reporting Officer/s details: 7028773	Details of person(s) involved in dingo Interaction. Name: sch4p4(6) Address: Fraser Island Beach houses, sch4p4(6) Phone #: sch4p4(6) Visitor type: Resident
---	--

Question 1. Detailed report of events.

NRM Ranger, 7028773 saw PuGY14m run out of QPWS Eurong driveway and noticed the dingo was behaving erratically. It ran down to the water's edge towards a flock of terns and then made a be-line towards a group of three adults walking along the beachfront in front of Eurong Township. 7028773 sped up and beeped the horn to alert the people before it got to them. sch4p4(6) was in the group of 3, turned around to meet the dingo when she heard the commotion. PuGY14m lunged at her attempting to bite. 7028773 drove the vehicle at the dingo to head it off and kept the vehicle between the dingo and the adults, and spoke to them to keep calm and stay close to the vehicle. PuGY14m persisted with circling, coming from behind the adults and around the vehicle to get close to the walkers. 7028773 was finding it difficult to keep the dingo away with the vehicle, as the dingo was propping and changing direction to get at the walkers. 7028773 stopped the vehicle and grabbed a long handled shovel to try and deter the dingo, whilst indicating to the walkers to grab a stick from a nearby tree to protect them. 7028773 got in between PuGY14m and the walkers and the dingo came within a metre of 7028773 whilst he raised his voice and swinging the shovel. 7028773 backed back to the vehicle and grabbed a large clump of pumice and threw it at the dingo, which initially got the dingo running but then circled around grabbing it with his mouth. PuGY14m became distracted and ran over to another 2 adults that were extracting Pipi's from the beach. 7028773 contacted SR on the radio for urgent assistance as the 2 adults PuGY14m was running towards, were close to the water's edge and vulnerable. 7028773 followed the dingo in the vehicle where it was trying to separate the male and female adults, pushing sch4p4(6) down into the water. 7028773 again got in between the dingo and sch4p4(6) then got out of the vehicle and attempted to squirt a liquid deterrent towards the dingo. Whilst the dingo was occupied by 7028773, ranger asked sch4p4(6) to meet up with the other group of 3 and make their way to the inside of Eurong Dingo fence. 7028773 stalled the dingo for a couple of minutes before he ran around him going towards the group of 5. QPWS staff arrived to head him off with a vehicle and the dingo again displayed dominant behaviour and persisted with circling around the vehicle. The group of 5 adults safely got within the dingo fence. PuGY14m ran north towards the township's main entrance.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☐ growling/snarling ☐ dominant/submissive testing ☐ stalking ☐ tent ripping (campers inside tent) ☐ circling (distance) ☐ dominant towards humans ☐ incorporate humans into pack behaviour ☐ humans regarded as competitors for resources ☐ bailing up/ambushing (walking alone or unsupervised) ☐ hunting tactics (with intent to test a response) ☐ lunging (not attempting to nip or bite)	Code E - High Risk. – nipping, biting, attacking ☐ nipping/mouthing ☐ biting ☐ attacking ☐ causing casualty ☐ hunting tactics (intent to attack) ☒ bailing up/ambushing (intent to attack) ☒ lunging (attempting to nip or bite)
--	---

Question 3: Dingo identification & numbers**Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: PuGY14m

a. How many dingoes present 1

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☒ other (specify) deterred by QPWS staff

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☒ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☐ Other

Question 6 "Be Dingo Safe" information received.
☒ Yes ☐ No
Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☒ SR ranger notified

Additional comments: PuGY14M was positively identified by rangers 7027110, 1423322 and 7028773.**Action taken:** Beach has been evacuated in front of Eurong and 1 km north and South

- Staff stationed at entrance to Eurong resort Second Valley and Beach access to QPWS Office keeping people off beach.
- 2 vehicles are patrolling beach monitoring dingo behaviour and briefing public

Proposed further action: Have set up IMT to manage this situation at present:**Faxed/mailed date:** 03/07/2015

Code D & E - Dingo Interaction Report Form

CODE: E

Dingo ID: **PuGY14m**

Management Area (NRM use): **Dilli-Eur**

D: Threatening – growling, snarling, dominant towards humans. E: High Risk – nipping, biting, attacking

Date (of Interaction): 23/07/2015 Time (of Interaction 24hrs): Approx. 06:30 Location (of Interaction): Approx. 1.5km north of Dilli Village (edge of 1 st creek north of Dilli Village) Reporting Officer/s details: 7028020	Details of person(s) involved in dingo Interaction. Name: sch4p4(6) Address: Phone #: sch4p4(6) Visitor type: Independant
---	--

Question 1. Detailed report of events. sch4p4(6) (independent visitor) rang the dingo hotline to report an interaction with a dingo at 07:35. A follow up interview was conducted via phone at 07:50.

sch4p4(6) and her partner had stopped on the beach just north of Dilli Village at about 06:30am to take photos of their car crossing through the creek on their way to Hook Point to get the barge.

sch4p4(6) had gotten out of the car and was on the south side of the creek facing north taking photos when she felt something behind her. She turned around to find a dingo right behind her, and in her panic her first reaction was to start to run.

She had taken about two steps when she felt the dingo bite her on the back of her left leg (behind knee) and then her right leg (calf).

She immediately stopped running and began screaming for her partner as she started to very slowly walk towards the car.

As soon as sch4p4(6) stopped running the dingo stopped biting, and followed right beside her (within 1m) until sch4p4(6) partner stopped the car next to her.

As the vehicle came to a stop the dingo jumped back about 2m allowing sch4p4(6) to get into the car.

The dingo then sniffed around the car and lay down next to the car allowing sch4p4(6) to get some photos (attached).

sch4p4(6) and her partner then continued south down the beach to Hook Point where they called QPWS.

When interviewed sch4p4(6) said that the bites were not hard bites but that she had felt the teeth of the dingo through her long pants and that the bites had broken the skin and left scratches but did not require any medical assistance.

sch4p4(6) said that the dingo had a collar on, as well as a tag in its left ear with the colours yellow, green purple which positively identifies this animal as PuGY14m.

Ranger 7028020 asked sch4p4(6) to go to the QPWS Rainbow Beach information centre to pass on copies of the photos of the dingo that they had taken and to get QPWS staff to take photos of her injuries for the report.

sch4p4(6) was happy to do this and photos are attached below

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☐ Growling/snarling ☐ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☐ Circling (distance) ☐ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☒ Biting ☐ Attacking ☐ Causing casualty ☐ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)
---	--

Code D & E - Dingo Interaction Report Form

☐ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☐ Lunging (dominance test)																									
Question 3: Dingo identification & numbers Was the dingo tagged: ☒ Yes ☐ No ☐ Unknown ☐ Right Ear ☒ Left Ear Tag description: PuGY14m a. How many dingoes present 1 b. How many dingoes involved in the Interaction (use table below)	Question 4: How/why did the dingo(s) leave? ☐ voluntarily, for no apparent reason ☐ when yelled at ☐ when chased away ☐ when yelled at and chased away ☐ when person stopped moving/making a noise ☒ other (specify) Visitors left the site in vehicle Question 5: Persons activity at time of interaction. ☐ Not present ☐ Eating/preparing food ☐ Sleeping ☒ Sitting/standing ☐ Walking ☐ Playing ☒ Running ☐ Swimming ☐ Fishing/bait collection ☐ Driving/parked vehicle ☐ Other																								
<table border="1" style="width: 100%; border-collapse: collapse; text-align: center;"> <thead> <tr> <th></th> <th>Male</th> <th>Female</th> <th>Sex Unknown</th> </tr> </thead> <tbody> <tr> <td>Adult</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Sub adult</td> <td>1</td> <td></td> <td></td> </tr> <tr> <td>Juvenile</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Pup</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Unknown Age</td> <td></td> <td></td> <td></td> </tr> </tbody> </table>		Male	Female	Sex Unknown	Adult				Sub adult	1			Juvenile				Pup				Unknown Age				Question 6 "Be Dingo Safe" information received. ☒ Yes ☐ No ☐ Unknown From the discussion with sch4p4(6) it seems she had a knowledge of the Dingo-safety messages.
	Male	Female	Sex Unknown																						
Adult																									
Sub adult	1																								
Juvenile																									
Pup																									
Unknown Age																									
Question 7: Follow up actions. ☐ NTC Issued ☐ PIN Issued ☒ NRM ranger notified ☒ SR ranger notified																									
Additional comments: sch4p4(6) and her partner had had an interaction yesterday with another dingo trying to get bait out of their sealed bait container, but when it wasn't able to access the bait it moved away, not approaching them at any stage. sch4p4(6) stated that PuGY14m acted completely differently, approaching very close and not showing any fear of humans. sch4p4(6) mentioned that she knew it was wrong to run, but the surprise and fear was enough for panic to set in.																									
Action taken: SR, RIC and dingo ranger notified. SR informed Regional Director. Interview undertaken via phone and sch4p4(6) requested to see staff at Rainbow Beach. Preliminary and final report completed and circulated. Photos of dingo from sch4p4(6) obtained, and photos of injuries taken and attached to report below.																									
Proposed further action: Continue patrols of the area to monitor behaviour of PuGY14m. Continue briefings of visitor camping in Govi camp area and Dilli Village where appropriate. Continue monitoring movement of PuGY14m using collar data.																									
Faxed/emailed date: 23/07/2015

RTI DL RELEASE - NPSR

Code D & E - Dingo Interaction Report Form

CODE: E

Dingo ID: **Purple Green Yellow 2014 Male**

Management Area (NRM use): **Eur-Poy**

D: Threatening – growling, snarling, dominant towards humans. E: High Risk – nipping, biting, attacking

Date (of Interaction): 28/07/15 Time (of Interaction 24hrs): 1000 Location (of Interaction): Beachfront at Eurong Reporting Officer/s details: 7026936	Details of person(s) involved in dingo Interaction. Name: Witness sch4p4(6) Personal information Address: Phone #: sch4p4(6) Visitor type: click to select
---	---

Question 1. Detailed report of events. The following report was given to ranger 7026858 on the 1/08/15 of an event that occurred approximately at 1000 on Tuesday, 28/7/15. sch4p4(6) saw a collared dingo (Purple Green Yellow 2014 Male) on the beach in front of the phone tower at Eurong loitering around a family. A Lady was at her car with her young child watching her two girls (aged approximately 7 & 11) play around 50m away whilst her partner was fishing. sch4p4(6) witnessed the dingo approach the Lady and young child within 2m which was deterred by her partner by throwing his thong at it. The man went and retrieved his thong and walked back to his vehicle. The dingo then turned his attention to the Two girls that were now walking back towards their mother and father. The dingo then began circling the girls, who then stood back to back as it circled them Four times eventually at a distance of less than 1m. When sch4p4(6) saw the dingo nip at one of the girls pants twice he immediately intervened by running at it with a polly pipe rod holder sch4p4(6) successfully deterred the dingo which moved off south along the beach and the girls could return to their mother and father.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☐ Growling/snarling ☐ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☒ Circling (distance) ☐ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☐ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☐ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☐ Biting ☒ Attacking ☐ Causing casualty ☐ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☒ Lunging (attempting to nip or bite)
---	---

Question 3: Dingo identification & numbers**Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: Purple Green Yellow 2014 Male.

Dingo is fitted with a GPS tracking collar.

a. How many dingoes present 1

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☒ when yelled at and chased away
☐ when person stopped moving/making a noise
☐ other (specify)

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☐ Walking
☒ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☐ Other

Question 6 "Be Dingo Safe" information received.
☐ Yes ☐ No ☐ Unknown
Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☐ NRM ranger notified
☐ SR ranger notified

Additional comments: The people that were involved in this interaction are unable to be contacted as the witness could not provide details to enable QPWS rangers to do so.

Action taken: Witness interviewed and report generated/circulated. Currently in place due to this High risk dingo - Camp zones in area closed, Morning and afternoon patrols daily for increased dingo education, Dingo fitted with GPS tracking collar and dangerous dingo signage in place at Eurong township exits.

Proposed further action: Continue current risk mitigation

Faxed/emailed date: 02/08/2015

Code D & E - Dingo Interaction Report Form

CODE: E

Dingo ID: **PuGY14M**

Management Area (NRM use): **Dilli-Eur**

D: Threatening – growling, snarling, dominant towards humans. *E: High Risk* – nipping, biting, attacking

Date (of Interaction): 16/08/15 Time (of Interaction 24hrs): 0625 Location (of Interaction): Eurong Beachfront Reporting Officer/s details: 7026936	Details of person(s) involved in dingo Interaction. Name: sch4p4(6) Personal information Address: Scotland Phone #: Visitor type: Tour participant
--	--

Question 1. Detailed report of events. Report taken from Witness sch4p4(6) (ISV tour group leader) sch4p4(6) had taken his tour group (on foot) of 17 people to watch the sunrise on the beach in front of Eurong Township. At 0625 they saw a collared dingo walk past the majority of the tour group (15 people) who were standing together. The dingo made its way towards 2, 19 year old male Tour participants who had walked 50 meters away from the rest of the group.

When the dingo approached the 2 males within 2 meters sch4p4(6) yelled out to tell them to stand up straight and fold their arms. Both males did so whilst facing the dingo as it approached closely, at this point the dingo darted quickly behind one of the males sch4p4(6) and bit him on his left thigh. The dingo then moved towards the group of 15 people, sniffed a camera on a tripod and attempted to bite the camera. The dingo then ran off along the beach north towards some fishermen approximately 250 meters away.

The tour group then moved back inside the fenced area of Eurong Township.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☐ Growling/snarling ☐ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☐ Circling (distance) ☐ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☐ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☐ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☒ Biting ☐ Attacking ☐ Causing casualty ☐ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)
--	--

Question 3: Dingo identification & numbers**Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: Purple Green Yellow, Dingo is fitted with a GPS tracking collar

a. How many dingoes present 1

b. How many dingoes involved in the Interaction (use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☒ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☐ other (specify)

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☒ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☐ Other

Question 6 "Be Dingo Safe" information received.
☐ Yes ☐ No ☐ Unknown
Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☒ SR ranger notified

Additional comments: The man involved sustained two scratch marks to his left thigh. QPWS were unable to speak with the man involved as the tour group he was a part of were due to catch a barge soon after the interaction. The tour group leader has emailed details of the man involved, along with photographs of his injury (see below).

Action taken: Currently in place due to this High risk dingo - Camp zones in area closed, Morning and afternoon patrols daily for increased dingo education, Dingo fitted with GPS tracking collar and dangerous dingo signage in place at Eurong township exits.

Proposed further action: Continue current risk mitigation.

<p>Date (of Interaction): 18/06/2015 Time (of Interaction 24hrs): 16.30 Location (of Interaction): Eastern beach in front of Govi CZ Reporting Officer/s details: 7028773, 7026858</p>	<p>Details of person(s) involved in dingo Interaction. Name: 7028773, 7026858 Address: Phone #: Visitor type: QPWS employee</p>																								
<p>Question 1: Detailed report of events.</p> <p>Driving back to Eurong base from Dilli Village, NRM Ranger 7028773 and GD Ranger 7026858 came across sub-adult male PuGY14m running after shore birds along the beach. We stopped to observe this and immediately the dingo ran over to the vehicle and stopped outside the passenger door. It proceeded to walk around the front and then under the front of the vehicle. It showed little fear of the vehicle and our presence and reluctantly walked away only when 7028773 yelled at the dingo. After driving away, PuGY14m ran after the vehicle for at least 100 metres.</p>

Code C - Dingo Interaction Report Form

Dingo ID: **PuGY14m**

Management Area (NRM use only): **Eur FA**

Complete high risk interaction form for all Code D and E interactions and refer to NRM ranger.

D: Threatening – growling, snarling, dominant towards humans. *E: High Risk* – nipping, biting, attacking

Date (of Interaction): 7 July 2015
Time (of Interaction 24hrs): 2030
Location (of Interaction): Eurong second valley
Reporting Officer/s details: 7027110

Details of person(s) involved in dingo Interaction.

Name: [redacted] (6) Personal information
Address: Second Valley Eurong
Phone #: [redacted] (6) Personal information
Visitor type: Resident

Question 1: Detailed report of events.

sch4p4(6) phoned rangers to advise that dingo sighted behind the bakery at Eurong resort. Rangers 7027110 and 7028773 responded to call. Another group of residents including ranger 7028120 indicated that dingo had been loitering in area and had just moved up past the pool. Rangers responded but unable to locate. Fresh tracks seen.

Question 2: What were the actions of the dingo(s) during the Interaction? (click on box(s) to check/uncheck)

Code C - Nuisance or problem.

- ☒ Loitering at recognized visitor sites (people nearby)
☐ Stealing food or property (specify)
☐ Soliciting food
☐ Being fed or encouraged
☐ Living under or in infrastructure
☐ Following closely (distance)
☐ Damaging property (specify)
☐ Tent ripping (vacant campsite or tent)
☒ Entered dingo deterrent fence line
☐ Interference with dingoes

Question 3: Dingo identification & numbers

Was the dingo tagged:

- ☐ Yes ☐ No ☐ Unknown
☐ Right Ear ☐ Left Ear

Tag description: No tag was seen in the dark. Only one dingo has been identified in the fenced area of Eurong being PuGY14M.

a. How many dingoes present 1

b. How many dingoes involved in the Interaction (use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☒ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☐ other (specify)

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☒ Sleeping
☒ Sitting/standing
☒ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☒ Other within fenced area

Question 6 "Be Dingo Safe" information received.

- ☒ Yes ☐ No Briefed by Ranger

Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified

Details of further actions: Efforts continuing to remove dingo from Eurong fenceline

Faxed/emailed date: 22/07/2015

Code C - Dingo Interaction Report Form

Dingo ID: **PuGY14m + 08Pu13f**

Management Area (NRM use only): **Eur-Poy**

Complete high risk interaction form for all Code D and E interactions and refer to NRM ranger.

D: Threatening – growling, snarling, dominant towards humans. *E: High Risk* – nipping, biting, attacking

<p>Date (of Interaction): 27/7/15 Time (of Interaction 24hrs): 1545 Location (of Interaction): Eurong beachfront Reporting Officer/s details: 7027110 + 7023725</p>	<p>Details of person(s) involved in dingo Interaction. Name: Address: Phone #: Visitor type: click to select</p>
<p>Question 1: Detailed report of events.</p> <p>Family of one of the QPWS rangers come off the beach and reported that PuGY14m was on the beach loitering around a group of fisherman. Rangers 7027110 and 7023725 headed down to beach and found two dingoes loitering around fishermen within 5 metres. Rangers spoke to fishers who explained that male dingo with collar approached and was hanging around for a couple of minutes prior to being joined by female. Rangers moved dingoes on with vehicle and yelling at them. Dingoes slowly headed south towards Eurong resort main entrance. Rangers briefed fishers before moving on to follow dingoes.</p> <p>A white land cruiser drove out of Eurong and saw the dingoes on the beach they approached female dingo 08Pu13f and young male in the passenger side of vehicle exited the car and approached dingo to within 2 metres where he crouched down to take photographs. Rangers drove vehicle quickly to scene and moved dingo on to the south and briefed visitors to never get out of vehicle and crouch down in submissive way.</p> <p>Both dingoes then moved further south down the beach where PuGY14m went up to a 4WD parked on the beach. The tailgate was open and the dingo approached to within 1 meter sniffing around. Dingo then moved to passenger door and then over to driver's door. Dingo sniffed around a bait bucket (lid was on securely) when rangers approached and moved the dingo on.</p> <p>08Pu13f was then observed moving into the dunes and came out a minute later with eating something white. Dingo moved further south when approached by rangers. Only closer inspection dingo had been eating a small white bird.</p> <p>Rangers continued to follow dingoes down the beach for another 15 minutes but returned to base when no more vehicles or people were observed on beach.</p>	
<p>Question 2: What were the actions of the dingo(s) during the Interaction? <i>(click on box(s) to check/uncheck)</i></p> <p>Code C - Nuisance or problem.</p> <p>☒ Loitering at recognized visitor sites (people nearby) ☐ Stealing food or property (specify) ☒ Soliciting food ☐ Being fed or encouraged ☐ Living under or in infrastructure ☐ Following closely (distance) ☐ Damaging property (specify) ☐ Tent ripping (vacant campsite or tent) ☐ Entered dingo deterrent fence line ☐ Interference with dingoes</p> <p>Question 3: Dingo identification & numbers</p> <p>Was the dingo tagged: ☐ Yes ☐ No ☐ Unknown ☐ Right Ear ☐ Left Ear</p>	<p>Question 4: How/why did the dingo(s) leave?</p> <p>☐ voluntarily, for no apparent reason ☐ when yelled at ☐ when chased away ☒ when yelled at and chased away ☐ when person stopped moving/making a noise ☐ other (specify)</p> <p>Question 5: Persons activity at time of interaction.</p> <p>☐ Not present ☐ Eating/preparing food ☐ Sleeping ☐ Sitting/standing ☐ Walking ☐ Playing ☐ Running ☐ Swimming ☒ Fishing/bait collection</p>

Code D & E - Dingo Interaction Report Form

CODE: D

Dingo ID: **PuGY14m**

Management Area (NRM use): **Eur-Poy**

D: Threatening – growling, snarling, dominant towards humans. E: High Risk – nipping, biting, attacking

Date (of Interaction): 20.06.2015 Time (of Interaction 24hrs): 0816-0835hrs Location (of Interaction): Wabby east carpark and beach Reporting Officer/s details: 7026804	Details of person(s) involved in dingo Interaction. Name: 7026804 / 7027236 Address: Phone #: Visitor type: QPWS employee
---	--

Question 1. Detailed report of events. Myself and ranger 7027236 had exited the vehicle to proceed to Wabby East toilets for cleaning. Still within the carpark area, Ranger 7027236 initially sighted the dingo and it was running at us at pace from 20-30m away and alerted myself. In the time it took for me to turn to look, the dingo was now within 1m of both of us. Each of us noted that the dingo was a tagged sub-adult male with tag in left ear showing colours PuGY. Throughout the entire interaction with both of us, he had his tail curled over. PuGYm14 began to dominance test us, with dropping onto his paws and crouching, then springing up. He also vocalised during this time with short yaps and other noises (not growling or snarling). After the initial round of dominance testing Ranger 7027236 was able to grab her phone and record the behaviour. During one crouch in the dominance test, PuGY14m opened his mouth and moved slightly towards my shin (was within 500mm) and I was concerned that he may try to nip me. He continued dominance testing us for about two minutes until a private vehicle driving past noticed his behaviour towards us and pulled their vehicle closer. PuGY14m temporarily lost interest in us and approached the stationary vehicle, leaving it only when it drove off, presumably after having secured photographs. We attempted to move towards our vehicle and PuGY14m ran back to us, again with tail curled and acting dominantly towards us. We retreated into our vehicle, at which time a Nomads tag along group pulled into the site, and PuGY14m ran around to the back of the tag along vehicles. Whilst I radioed through to A/Dingo Ranger 7028773 and requested his attendance on scene, 7027236 then approached and spoke to the tag along leader, as a number of his passengers were exiting their vehicles and approaching the dingo to photograph it. After she talked to him and explained the dingo's recent behaviour, the leader instructed his group to move away from the dingo and behind him. Shortly afterwards, a blue Fraser Explorer Tours bus (registration and bus number not recorded) pulled up in an angled manner which suggested that they were only there temporarily. PuGY14m then ran from the tag along group towards the bus, as the bus passengers exited and also approached the dingo to photograph it. A woman in her early twenties was approximately 10m ahead of the bus passengers, actively walking towards the dingo whilst photographing it. At this point, the middle-aged male driver stood on the bus door steps and was jokingly gesticulating by waving his hands and sarcastically commenting "Ooh, it's a dingo - get back on the bus" as his passengers proceeded to alight from the bus and move towards the dingo to photograph it. We observed at least one passenger during this time crouching in front of the dingo (10m away) with her back to the dingo, so as to get a photo of herself in the foreground, with the dingo in the background. The driver was not making any effort to manage the behaviour of his clients, but was seemingly encouraging it through his joking and excitable comments. Ranger 7027236 approached the driver after he left the bus and was standing at the front of the crowd, suddenly aware of ranger presence, he then attempted to gather his group together. Whilst Ranger 7027236 was talking to the driver another female passenger also crouched down in front of the dingo (5m away) for a similar photograph as the lady earlier. It was explained to the driver that the dingo had been exhibiting intentional behaviour towards humans and that his passengers behaving in that manner was placing them at risk. The driver then commented to his passengers "We'll do Wabby later" and proceeded to round them back onto the bus. Even during this time, his passengers were still photographing the dingo. He drove off as ranger 7028773 and 7026858 pulled up and then stopped the bus 40m north perpendicular to the dunes to allow his passengers to continue observing the dingo and ranger response to its behaviour. Ranger 7028773 walked towards the dingo with a post hole shovel, holding it above his head in an effort to deter the dingo's presence and move it away from the site. The dingo again engaged in dominance testing behaviour, running back and forth in front of the ranger wielding the shovel. This continued for approximately 2 minutes by which time the dingo had retreated to the water's edge, a reasonable distance from the carpark area where people were congregated. The dingo then proceeded to roll around on the sand in the traffic zone, being passed by several vehicles before seemingly losing interest and trotting southwards. As we were departing south another blue Fraser Explorer Tours bus was stopped on the beach and PuGY14m was standing within 5m of the driver's side of the bus. We didn't observe the driver allowing passengers off the bus at this time.

**Question 2:** What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans

- ☐ growling/snarling
- ☒ dominant/submissive testing
- ☐ stalking
- ☐ tent ripping (campers inside tent)
- ☐ circling (distance)
- ☒ dominant towards humans
- ☐ incorporate humans into pack behaviour
- ☐ humans regarded as competitors for resources
- ☐ bailing up/ambushing (walking alone or unsupervised)
- ☒ hunting tactics (with intent to test a response)
- ☐ lunging (not attempting to nip or bite)

Code E - High Risk. – nipping, biting, attacking

- ☐ nipping/mouthing
- ☐ biting
- ☐ attacking
- ☐ causing casualty
- ☐ hunting tactics (intent to attack)
- ☐ bailing up/ambushing (intent to attack)
- ☐ lunging (attempting to nip or bite)

RTI DL RELEASE - NPSR

**Question 3: Dingo identification & numbers****Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: PuGY14m

a. How many dingoes present 1

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☒ when yelled at and chased away
☐ when person stopped moving/making a noise
☒ other (specify) deterred with a post hole shovel by a large statured male ranger after a number of mins

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☒ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☒ Other

Question 6 "Be Dingo Safe" information received.
☒ Yes ☐ No
Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☐ SR ranger notified

 D_20150620_PuGY14m_Eur-Poy_Hunting tactics

PuGY14m displays a propensity for approaching stationary vehicles, suggesting that he is frequently or routinely receiving handouts or some other benefit from this behaviour.

Action taken: Installed "DANGER Aggressive Dingo Activity" sign at Lake Wabby walking track entrance at 0855hrs.

Notified duty officer at 0950.

Proposed further action: Reiterate dingo safety messages for Kingfisher Bay bus drivers through their management.

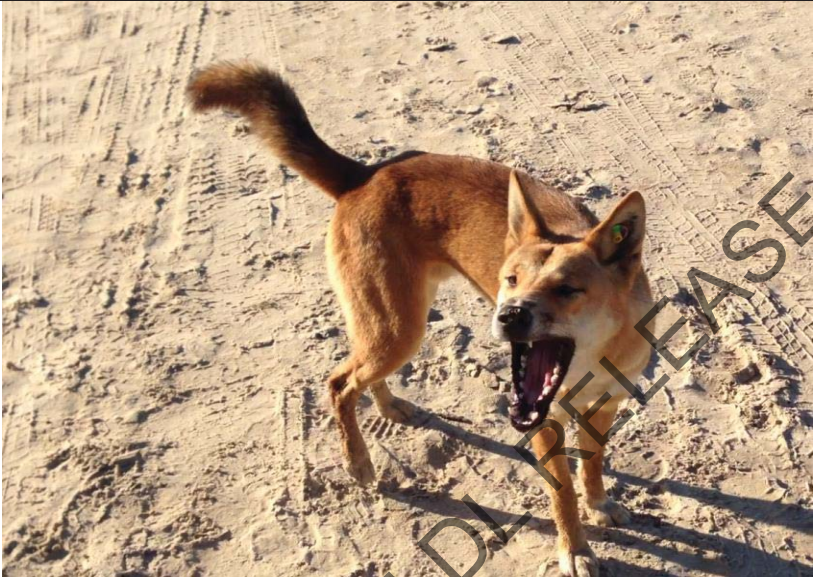

Monitor PuGY14m with Rangers applying deterrent actions where appropriate.

Consider temporary closure of Cornwells and possibly Gabala camping zones depending on subsequent dingo activity.

Faxed/mailed date: 20/6/2015E

Date (of Interaction): 30/06/2015 Time (of Interaction 24hrs): 15:30 Location (of Interaction): Gabala CZ, Eurong Reporting Officer/s details: 7028773, 7026858,	Details of person(s) involved in dingo Interaction. Name: (6) Personal information Address: s78B(2) - Privacy Phone #: (6) Personal information Visitor type: Camper
---	---

Question 1. Detailed report of events. At 3.30pm, (6) was sitting outside their campervan with here two children, aged 8 & 10 year old, when PuGY14m approached the the van with pace from the north (6) indicated to her husband, (6) to come outside the van as the dingo was acting very aggressively, lowering itself to the ground and propping as a form of dominance testing, growling and howling only metres away from them. (6) directed her children to get in the van and grabbed a plastic baseball bat and started waving it around and yelling out. (6) husband was taking video footage of the dingo. It took little notice of (6) actions and walked within 1 metre of (6) when her husband reacted. He picked a piece of milled timber, and threw it at the dingo which hit him on the back legs. the dingo turned around and mouthed at the timber. He threw a second piece of timber with more force and raised his voice, which eventually scared it away. It ran over to the next campsite.

Question 2: What were the actions/behaviours of the dingo(s) during the interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☒ growling/snarling ☒ dominant/submissive testing ☐ stalking ☐ tent ripping (campers inside tent) ☐ circling (distance) ☐ dominant towards humans ☐ incorporate humans into pack behaviour ☐ humans regarded as competitors for resources ☐ bailing up/ambushing (walking alone or unsupervised) ☐ hunting tactics (with intent to test a response) ☐ lunging (not attempting to nip or bite)	Code E - High Risk. – nipping, biting, attacking ☐ nipping/mouthing ☐ biting ☐ attacking ☐ causing casualty ☐ hunting tactics (intent to attack) ☐ bailing up/ambushing (intent to attack) ☐ lunging (attempting to nip or bite)

D: Threatening – growling, snarling, dominant towards humans. *E: High Risk* – nipping, biting, attacking

Date (of Interaction): 01.07.2015 Time (of Interaction 24hrs): 08:45hrs Location (of Interaction): Beach front just south of Gabala camp area. Reporting Officer/s details: 1423322	Details of person(s) involved in dingo Interaction. Name: 7027110 plus three witnesses Address: Phone #: Visitor type: QPWS employee
--	---

Question 1. Detailed report of events. Ranger 7027110 plus three other QPWS staff observed a tour bus stopped to look at a dingo on the beach just south of Gabala camp area. PuGY14m was at the base of the dunes and two QPWS staff left the vehicle and moved towards the dingo. PuGY14m displayed no fear of the two adult males and was not deterred when attempts were made to shoo the dingo away. PuGY14m approached within 1m jumping and yapping in a display of dominance. This behaviour continued for three minutes and included tail-up, continued snuffs, vocalisations, crouching and jumping around within a short distance. The behaviour was filmed and reported to NRM ranger.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☒ growling/snarling ☒ dominant/submissive testing ☐ stalking ☐ tent ripping (campers inside tent) ☐ circling (distance) ☒ dominant towards humans ☐ incorporate humans into pack behaviour ☐ humans regarded as competitors for resources ☐ bailing up/ambushing (walking alone or unsupervised) ☐ hunting tactics (with intent to test a response) ☐ lunging (not attempting to nip or bite)	Code E - High Risk. – nipping, biting, attacking ☐ nipping/mouthing ☐ biting ☐ attacking ☐ causing casualty ☐ hunting tactics (intent to attack) ☒ bailing up/ambushing (intent to attack) ☐ lunging (attempting to nip or bite)
---	--

**Question 3: Dingo identification & numbers****Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: PuGY14m

a. How many dingoes present 1

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☒ other (specify) Rangers got back into vehicle and left the scene

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☐ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☒ Driving/parked vehicle
☒ Other exited the vehicle

Question 6 "Be Dingo Safe" information received.
☒ Yes ☐ No experienced QPWS staff.
Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☒ SR ranger notified

 D_20150701_PuGY14m_Eur-Poy_Dominance test

PuGY14m displays no fear of humans and escalating in frequency and aggression towards humans.

Action taken: Installed "DANGER Aggressive Dingo Activity" sign at Gabala camp area 02/07/2015.

Proposed further action: Monitor PuGY14m with Rangers applying deterrent actions where necessary. Conditions report amended to inform public of threatening behaviour. PuGY14m to be fitted with a high visibility dingo collar to improve identification and allow rangers to adequately brief visitors regarding dingo safety. Aggressive dingo signage to be installed throughout range of PuGY14m habitat. Patrols to be scheduled for area from Poyungan Rocks to Wongi for twice a day to brief campers and collect reports of dingo activity.

Consider temporary closure of Cornwells and possibly Gabala camping zones depending on subsequent dingo activity.

Faxed/emailed date: 2/07/2015

Date (of Interaction): 01/07/2015 Time (of Interaction 24hrs): 18.00 Location (of Interaction): Cornwell's CZ, Eurong Reporting Officer/s details: 7028773	Details of person(s) involved in dingo Interaction. Name: sch4p4(6) Personal information Address: sch4p4(6) Personal information Phone #: sch4p4(6) Personal information Visitor type: Camper
<p>Question 1. Detailed report of events. sch4p4(6) and his 3 mates were cooking dinner at 18.00 when they noticed a dingo come from the direction off the beach toward their camp. It came within 2 metres of where they were cooking, and sch4p4(6) identified it to be PuGY14m. sch4p4(6) and his mate decided to chase it with a Frying-pan and got half way down the beach when PuGY14m turn around growled and propped, and walked towards them. sch4p4(6) and his mate retreated to the camp where he rang 13 QGOV and asked the operator for advice on dealing with an aggressive dingo. The operator couldn't help other than to say he would report the incident to the relevant authorities. The dingo came back again before they decided to go to bed early. They heard it rummaging through the camp as they were in their tent swags.</p>	
<p>Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?</p>	
<p>Code D - Threatening. – growling, snarling, dominant towards humans</p> <p>☒ growling/snarling</p> <p>☒ dominant/submissive testing</p> <p>☐ stalking</p> <p>☐ tent ripping (campers inside tent)</p> <p>☐ circling (distance)</p> <p>☐ dominant towards humans</p> <p>☐ incorporate humans into pack behaviour</p> <p>☐ humans regarded as competitors for resources</p> <p>☐ bailing up/ambushing (walking alone or unsupervised)</p> <p>☐ hunting tactics (with intent to test a response)</p> <p>☐ lunging (not attempting to nip or bite)</p>	<p>Code E - High Risk. – nipping, biting, attacking</p> <p>☐ nipping/mouthing</p> <p>☐ biting</p> <p>☐ attacking</p> <p>☐ causing casualty</p> <p>☐ hunting tactics (intent to attack)</p> <p>☒ bailing up/ambushing (intent to attack)</p> <p>☐ lunging (attempting to nip or bite)</p>

Name: sch4p4(6) Personal information Address: sch4p4(6) Personal information NSW Phone: sch4p4(6) Personal information Visitor type: Camper
--	---

Question 1. Detailed report of events. sch4p4(6) had finished setting up camp when PuGY14m had run at pace from the beach to the campsite and chased all four campers into their roof top tent. As their food was in the rooftop tent, the dingo grabbed a clothes bag and sleeping bag and dragged it down the beach where he was in the process of biting at the items. This is when sch4p4(6) decided to grab a shovel and try to retrieve his belongings before they were destroyed. It took 3-4 attempts at getting his bag and sleeping bag off the dingo, as it was growling and snarling at sch4p4(6) as he was swinging the shovel. As sch4p4(6) was walking back to camp PuGY14m was following close behind, sch4p4(6) tried to chased the dingo away from the camp with the shovel, PuGY14m turned on him by growling and lunging which resulted in sch4p4(6) running away down the beach with the dingo in pursuit. A tour bus driver happened to be driving along the beach and saw the proceedings. He drove the bus towards the dingo to scare it away however this didn't deter him. The bus driver got out of the vehicle and helped deter the dingo with the shovel sch4p4(6) had with him. PuGY14m became disinterested and trotted away.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☒ growling/snarling ☒ dominant/submissive testing ☐ stalking ☐ tent ripping (campers inside tent) ☐ circling (distance) ☒ dominant towards humans ☐ incorporate humans into pack behaviour ☐ humans regarded as competitors for resources ☐ bailing up/ambushing (walking alone or unsupervised) ☐ hunting tactics (with intent to test a response) ☒ lunging (not attempting to nip or bite)	Code E - High Risk. – nipping, biting, attacking ☐ nipping/mouthing ☐ biting ☐ attacking ☐ causing casualty ☐ hunting tactics (intent to attack) ☐ bailing up/ambushing (intent to attack) ☐ lunging (attempting to nip or bite)

Name: sch4p4(6) Personal information Address: Phone #: sch4p4(6) Personal information Visitor type: Camper
---	---

Question 1. Detailed report of events. At 9am today, sch4p4(6) set off from camp for a walk. A dingo had been looking at them for a while as if waiting for them to leave so it could check out their camp. As they went walking on the beach towards the south, the dingo followed them. sch4p4(6) tried to Shoo it off with his stick, but the dingo wasn't deterred, instead it went around behind them as if to round them up. Dingo only stayed 2 metres away because of the stick and was consistently trying to go to the people's back. Dingo seemed to try and get at sch4p4(6) who felt very nervous. This went on all the way to the cornwells camp area. A bus saw this, reversed and the driver offered assistance. The dingo then lost interest and continued trotting southwards.

Question 2: What were the actions/behaviours of the dingo(s) during the interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☐ Growling/snarling ☐ Dominant/submissive testing ☒ Stalking ☐ Tent ripping (campers inside tent) ☒ Circling (distance) 2m ☒ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☐ Bailing up/ambushing (walking alone or unsupervised) ☒ Hunting tactics (with intent to test a response) ☐ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☐ Biting ☐ Attacking ☐ Causing casualty ☒ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)

Question 1: sch4p4(6) was walking out of the Beach Bar toward Eurong resort reception area at approx. 21:15 sch4p4(6) was clapping his hands loudly and yelling at the dingo. The dingo remained at a safe distance 2m away and started propping and jumping from side to side in dominance testing behaviour sch4p4(6) phoned QPWS ranger 1423322 who was around the corner and approached from the rear of the shops. When the dingo sighted 1423322 he changed direction and proceeded at a fast walk back towards the front of the resort. The dingo immediately followed and ranger tried to lure the dingo out through an open gate for a number of minutes without success. Ranger then walked around the western side of the resort and the dingo followed about 5m behind for about 200m before losing interest and heading back towards the bar area. The dingo was then chased off and it headed into bush still within the Eurong fenced area. Ranger 1423322 positively identified the dingo in good light as PuGY14m.

Name: sch4p4(6) Personal information Address: sch4p4(6) Personal information NSW Phone #: sch4p4(6) Personal information Visitor type: Camper
--	---

Question 1. Detailed report of events.

sch4p4(6) Personal information entered the eastern beach at the Dilli Village access around 7:30am, Wednesday 15 July 2015. On entering the beach access they passed two fishermen parked up for the night and continued walking south for around 1km along the beach.

Turning back to see how far they had walked, two dingoes were observed coming toward them. sch4p4(6) and sch4p4(6) stayed still and waited for the dingoes to pass.

The dingoes circled as sch4p4(6) and sch4p4(6) stood together. sch4p4(6) yelled and told the dingoes to go away, then took off his boot and used it to frighten them away. The older male dingo with the neck tracker stayed with its hackles up and the smaller dingo followed suit. The couple stated they were kept bailed up by the two dingoes for around 5 minutes and the dingo with the collar was growling and snarling, lunging and circling at a distance of 1 metre. sch4p4(6) said that the smaller dingo was back about 3m and not showing the same behaviour, but it appeared as though the larger dingo (PuGY14m) was teaching the other dingo.

sch4p4(6) described the dingo with the GPS collar as very persistent, showing no fear and being not easily deterred. They were able to leave the situation very slowly by calmly beginning to ignore the older dog and walking very slowly north again toward Dilli Village. The dingoes followed for around 100 metres and kept sch4p4(6) and sch4p4(6) in their sight until they were back at the Dilli Village access. One dingo was identified from photographs taken by sch4p4(6) at the time of the incident as PuGY14m.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☒ Growling/snarling ☐ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☒ Circling (distance) 1-3m ☒ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☒ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☒ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☒ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☐ Biting ☐ Attacking ☐ Causing casualty ☐ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)
--	---

Question 3: Dingo identification & numbers**Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: PuGY14m

a. How many dingoes present 2

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	2		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☒ other (specify) stopped interacting and slowly retreated to a safe location

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☒ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☐ Other

Question 6 "Be Dingo Safe" information received.
☒ Yes ☐ No NPSR website

Additional information from signs

Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☒ SR ranger notified

Additional comments: Interaction described by (6) Personal information without discussion with a QPWS Ranger. After multiple attempts witness was contacted on 22/07/2015 and interaction report was completed based on the information and photographs supplied. GPS data was checked and location of PuGY14m was confirmed just south of Dilli Village at the time of interaction.

Action taken: Patrol and briefings continue throughout home range of habituated dingo.

Proposed further action: Aggressive dingo signage to be installed in strategic locations near Dilli Village and Govi camping areas. Continue to monitor behaviour of PuGY14m via tracking collar.

Faxed/emailed date: 22/07/2015

Code D & E - Dingo Interaction Report Form

CODE: D

Dingo ID: **PuGY14m**

Management Area (NRM use): **Dilli-Eur**

D: Threatening – growling, snarling, dominant towards humans. *E: High Risk* – nipping, biting, attacking

Date (of Interaction): 16/7/15 Time (of Interaction 24hrs): Around 16.00 Location (of Interaction): Wongai B.F Reporting Officer/s details: 7026858	Details of person(s) involved in dingo Interaction. Name: sch4p4(6) Personal information (wormer 3351) Address: Phone #: sch4p4(6) Personal information Visitor type: Proffessional fisher/wormer
--	--

Question 1. Detailed report of events. Ranger 7026858 whilst undertaking a beach patrol, came across PuGy14m sniffing at a wormers buckets, the ranger observed and sch4p4(6) reported that on the 16th about 4pm, "that dingo," he said (pointing at the collared PuGY) followed him up the beach and as he was kneeling packing his worms the dingo growled at him. sch4p4(6) tried to shoo PuGY away , but he was very persistent. The dingo then eventually left after probably losing interest.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☒ Growling/snarling ☐ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☐ Circling (distance) ☐ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☐ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☐ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☐ Biting ☐ Attacking ☐ Causing casualty ☐ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)

Code D & E - Dingo Interaction Report Form

CODE: D

Dingo ID: **PuGY14m**

Management Area (NRM use): **Eur-Poy**

D: Threatening – growling, snarling, dominant towards humans. E: High Risk – nipping, biting, attacking

Date (of Interaction): 24/07/2015 Time (of Interaction 24hrs): 17:30 Location (of Interaction): Approx. 1.5km South of Poyungan Rocks Reporting Officer/s details: 7027202	Details of person(s) involved in dingo Interaction. Name: [redacted] Address: [redacted] Phone #: [redacted] Visitor type: Camper
---	--

Question 1. Detailed report of events. Ranger 7027202 was travelling north along the beach when he noticed PuGY14m sitting watching fisherman at a distance of 10 mtrs, two vehicles then pulled up and a female got out of one vehicle and took several photos of the dingo from a distance of around 10 mtrs, she returned to the vehicle. Another female got out of the other vehicle and at a distance of around 5 mtrs and started to take photos, the dingo then saw two motorcylces coming down the beach and got up and moved towards the female, she started to head back to the passengers side of her vehicle still taking photos. The female was now standing by herself within one meter of the vehicles door when the dingo from a distance of 10 mtrs ran at the female stopping right at her feet, she swung her camera at the dingo and quickly got in the vehicle, she was visable shaken. As the dingo ran at the female, ranger 7027202 was able to scare the dingo off with the vehicle horn and the fisherman came over and chased the dingo off, the dingo moved a few metres away and sat back down, not at all discouraged.

Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☐ Growling/snarling ☒ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☐ Circling (distance) ☒ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☒ Bailing up/ambushing (walking alone or unsupervised) ☒ Hunting tactics (with intent to test a response) ☒ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☐ Biting ☐ Attacking ☐ Causing casualty ☐ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)

Question 3: Dingo identification & numbers

Was the dingo tagged:

☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: PuGY14m

a. How many dingoes present 1

b. How many dingoes involved in the Interaction (use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
- ☐ when yelled at
- ☐ when chased away
- ☐ when yelled at and chased away
- ☐ when person stopped moving/making a noise
- ☒ other (specify) When intercepted by Ranger

Question 5: Persons activity at time of interaction.

- ☐ Not present
- ☐ Eating/preparing food
- ☐ Sleeping
- ☐ Sitting/standing
- ☒ Walking
- ☐ Playing
- ☐ Running
- ☐ Swimming
- ☐ Fishing/bait collection
- ☐ Driving/parked vehicle
- ☒ Other Taking photos of Dingo

Question 6 "Be Dingo Safe" information received.

☒ Yes ☐ No ☐ Unknown

Looked at web pages and toilet door info.

Question 7: Follow up actions.

- ☒ NTC Issued
- ☐ PIN Issued
- ☒ NRM ranger notified
- ☒ SR ranger notified

Additional comments: Offered further information to camper on how to safely take photos of dingoes while maintaining some level of personal safety and spoke with fisherman on the beach regarding offal and fish cleaning processes and advised to fish in another area further up the beach if the dingo continued to loiter around them.

Action taken: Advised Dingo ranger on shift, advised Eurong 2IC, left message for SR and spoke with Dingo ranger supervisor.

Proposed further action: Continued monitoring.

<p>Question 1. Detailed report of events sch4p4(6) and his two sons (aged 11 & 13) were walking south along the beach - the boys were about 50m to the right of sch4p4(6) towards the dunes. The boys noticed a dingo sitting on the dunes watching them. The dingo got up and started walking towards them, and then started running towards them with his hackles up. The boys stopped moving and started yelling at the dingo and waving their sticks. sch4p4(6) noticed the dingo start running towards the boys so he started running towards them, and threw a piece of rubbish he picked up off the ground towards the dingo. The dingo moved away about 5m before picking up the rubbish that sch4p4(6) had thrown. Once the dingo realised the rubbish was not food he dropped the rubbish and started moving back towards sch4p4(6) and the boys, before his attention was grabbed by some motorbike riders and a bus moving past and he moved south down the beach towards the motorbike riders. Once the dingo moved off sch4p4(6) and his sons started walking back towards Eurong resort, where they reported the interaction to staff at the shop who notified QPWS.</p>	
<p>Question 2: What were the actions/behaviours of the dingo(s) during the Interaction?</p>	
<p>Code D - Threatening. – growling, snarling, dominant towards humans</p> <p>☐ Growling/snarling ☐ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☐ Circling (distance) ☐ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☒ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☐ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☐ Lunging (dominance test)</p>	<p>Code E - High Risk. – nipping, biting, attacking</p> <p>☐ Nipping/mouthing ☐ Biting ☐ Attacking ☐ Causing casualty ☐ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)</p>

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☒ other (specify) when his attention was grabbed by nearby motorbikes

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☒ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☐ Other

Question 6 "Be Dingo Safe" information received.
☒ Yes ☐ No Brochure received and read

Boys had not read the brochure but had been told by mum the safety messages. Knew to carry a stick and not run.

Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☒ SR ranger notified

Additional comments: sch4p4(6) and his sons said that the dingo had a collar round it's neck identifying it as PuGY14m

Action taken: Interview conducted. SR, RIC & Dingo Ranger notified. Rangers monitored dingo and briefed visitors until the dingo moved away from the area.

Proposed further action: Continue monitoring of PuGY14m through observations and GPS tracking data. Continue briefing visitors between Govi & Poyungan.

Faxed/emailed date: 25/07/2015

Code D & E - Dingo Interaction Report Form

CODE: D

Dingo ID: **PuGY14m**

Management Area (NRM use): **Eur-Poy**

D: Threatening – growling, snarling, dominant towards humans. *E: High Risk* – nipping, biting, attacking

Date (of Interaction): 25/07/2015 Time (of Interaction 24hrs): 09:15 Location (of Interaction): Eurong BF Reporting Officer/s details: 7028020 & 7028728	Details of person(s) involved in dingo Interaction. Name: sch4p4(6) Address: Phone: sch4p4(6) Visitor type: Independent
---	--

Question 1. Detailed report of events. sch4p4(6) and her three daughters were walking north along the beach between Eurong Beach Resort and Eurong QPWS base. Two of the girls (aged 11) were walking ahead of sch4p4(6) and the third girl (aged 6) by about 5m. The group noticed a dingo coming towards them. The dingo passed by the two older girls within 2m and then moved around behind them. The dingo then engaged in what was described as playful nipping behaviour, bouncing around on it's front paws and lunging in trying to nip the back of the legs of the two older girls. The girls kept walking and were watching the dingo while sch4p4(6) started walking faster to try and catch up. 2 vehicles stopped to help out. An older gentleman (wormer) got out of his car and started throwing things towards the dingo, which deterred it for short periods before it returned. The second vehicle herded the dingo towards the dunes which allowed sch4p4(6) and the girls to walk back to their car.

Question 2: What were the actions/behaviours of the dingo(s) during the interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☐ Growling/snarling ☒ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☒ Circling (distance) 1m ☒ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☐ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☒ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☐ Biting ☐ Attacking ☐ Causing casualty ☒ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)
--	--

**Question 3: Dingo identification & numbers****Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: PuGY14m

a. How many dingoes present 1

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☒ other (specify) when his attention was grabbed by nearby motorbikes

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☐ Sitting/standing
☒ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☐ Other

Question 6 "Be Dingo Safe" information received.
☒ Yes ☐ No Brochure received and read

Girls acted in a calm manner and did not run.

Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☒ SR ranger notified

Additional comments: sch4p4(6) and his sons said that the dingo had a collar round it's neck identifying it as PuGY14m.

sch4p4(6) mentioned that the vehicle that had stopped mentioned to her that he had been told to watch out for the dingo with the collar and he had been displaying aggressive behaviour.

Action taken: Interview conducted. SR, RIC & Dingo Ranger notified. Rangers monitored dingo and briefed visitors until the dingo moved away from the area.

Proposed further action: Continue monitoring of PuGY14m through observations and GPS tracking data. Continue briefing visitors between Govi & Poyungan.

Faxed/emailed date: 25/07/2015

Code D & E - Dingo Interaction Report Form

CODE: D

Dingo ID: **PuGY14m**

Management Area (NRM use): **Dilli-Eur**

D: Threatening – growling, snarling, dominant towards humans. *E: High Risk* – nipping, biting, attacking

Date (of Interaction): 2/8/15 Time (of Interaction 24hrs): 15.30 Location (of Interaction): Eurong Beach front Reporting Officer/s details: 7028728	Details of person(s) involved in dingo Interaction. Name: sch4p4(6) Personal information Address: Phone #: Visitor type: Resort staff
--	---

Question 1. Detailed report of events. On the 4 August at 1400 sch4p4(6) an employee at Eurong Beach Resort rang and spoke to ranger 7028728 to advise of an interaction that had occurred with sch4p4(6) another employee of the resort and the dingo described as "the one with the collar" confirmed to be PuGY14msch4p4(6) explained that sch4p4(6) had been out the front of the resort on the beach at 15.30 on the 2nd of August with 3 other friends having a few drinks when they noticed the dingo with the collar start to approach sch4p4(6) and her friends stood up when the dingo was close as they had heard that the dingo with the collar was the one that had previously been aggressive. The dingo began snapping, snarling and circling around them. The group at this stage were kicking sand at the dingo and backing away back towards the entrance gate of Eurong resort. After they were inside the fenced area the dingo, after a short period of time lost interest and moved off down the beach.

Question 2: What were the actions/behaviours of the dingo(s) during the interaction?

Code D - Threatening. – growling, snarling, dominant towards humans ☒ Growling/snarling ☒ Dominant/submissive testing ☐ Stalking ☐ Tent ripping (campers inside tent) ☒ Circling (distance) >2m ☐ Dominant towards humans ☐ Stealing/damage to property (directly from person) ☐ Incorporate humans into pack behaviour ☐ Humans regarded as competitors for resources ☐ Bailing up/ambushing (walking alone or unsupervised) ☐ Hunting tactics (with intent to test a response) ☒ Lunging (dominance test)	Code E - High Risk. – nipping, biting, attacking ☐ Nipping/mouthing ☐ Biting ☐ Attacking ☐ Causing casualty ☒ Hunting tactics (intent to attack) ☐ Bailing up/ambushing (intent to attack) ☐ Lunging (attempting to nip or bite)
--	--

**Question 3: Dingo identification & numbers****Was the dingo tagged:**
☒ Yes ☐ No ☐ Unknown

☐ Right Ear ☒ Left Ear

Tag description: Identified as the collared dingo

a. How many dingoes present 1

b. How many dingoes involved in the Interaction
(use table below)

	Male	Female	Sex Unknown
Adult			
Sub adult	1		
Juvenile			
Pup			
Unknown Age			

Question 4: How/why did the dingo(s) leave?

- ☐ voluntarily, for no apparent reason
☐ when yelled at
☐ when chased away
☐ when yelled at and chased away
☐ when person stopped moving/making a noise
☒ other (specify) Dingo could not enter fenced area of township.

Question 5: Persons activity at time of interaction.

- ☐ Not present
☐ Eating/preparing food
☐ Sleeping
☒ Sitting/standing
☐ Walking
☐ Playing
☐ Running
☐ Swimming
☐ Fishing/bait collection
☐ Driving/parked vehicle
☒ Other Carrying bag

Question 6 "Be Dingo Safe" information received.
☒ Yes ☐ No Briefed by Ranger
Question 7: Follow up actions.

- ☐ NTC Issued
☐ PIN Issued
☒ NRM ranger notified
☐ SR ranger notified

Additional comments: sch4p4(6) advised she passed on the interaction as sch4p4(6) was not going to worry about it due to her concerns of the welfare of the dingo, but sch4p4(6) felt that it was important to pass on for others future safety sch4p4(6) was thanked for passing on this important information.

Action taken: Interaction form completed. On Thursday 6th August, rangers 1423322 and 7028728 spoke further with sch4p4(6) to clarify the incident and to assure her of the importance of advising of interactions.

Proposed further action: Investigate measures to encourage the reporting of dingo interactions and that rangers are trying to prevent this type of interaction escalating.

Faxed/emailed date: 6/8/15
