Dear Directors,

Compliance inspection –Carmichael Coal Mine, EPML01470513 and EPPR00745013

The Department of Environment and Science (the department) is planning to carry out a compliance inspection under the *Environmental Protection Act 1994* (the Act) at ML70441, ML70505, ML70506 (the site) on **19 June 2019** commencing at approximately 9:00 am.

Objectives and scope of the inspection

The purpose of the inspection is to evaluate compliance of environmentally relevant activities being conducted on the site with conditions prescribed in environmental authorities (EA) EPML01470513 and EPPR00745013.

The objectives and scope of the inspection will specifically include:

- Confirming the disturbance and vegetation clearance associated with the following locations:
 - o GPS longitude - 146.3626756, latitude -22.03075028
 - o GPS longitude - 146.361896, latitude -22.03224565
 - o GPS: longitude -146.3616755, latitude -22.03492133
 - o GPS longitude – 146.3594205, latitude -22.03470249
 - o GPS longitude – 146.3569455, latitude -22.03491986
 - o GPS longitude – 146.3597295, latitude -22.03724934
 - o GPS longitude – 146.3648886, latitude -22.0351969
 - o GPS longitude – 146.3655581, latitude -22.03363246
 - o GPS longitude – 146.3644139, latitude -22.0398504
 - o GPS longitude – 146.3663165, latitude -22.03383427
 - o GPS longitude - 146.3717254, latitude -22.03682651
 - o GPS longitude – 146.372404, latitude -22.03938889
- Taking photos, GPS data, and measuring the disturbance associated with each of the above locations and any other locations as identified by the officers on site.

It is anticipated that subject to site conditions and excluding any site induction, departmental officers will be present on site for approximately six (6) hours.

Information request:

The department requests that you provide spatial data sets (GIS) which depicts the abovementioned locations in shapefile format for all work undertaken at the site from 01 March 2019 to 12 June 2019 including but not limited to vegetation clearance, construction of new access tracks and drill pads.

This information is requested by **3pm, Friday 14 June 2019**. Please submit this information to CWES_Emerald@des.qld.gov.au.

Assistance

Your assistance prior to and during the inspection process will be greatly appreciated.

What will happen during the inspection?

Please be aware that environmental officers authorised under the *Environmental Protection Act 1994* have powers under section 460 of the *Environmental Protection Act 1994* to take photographs, film and samples while on your site. If your site has any procedures regarding these activities occurring on your site it is a requirement that this is communicated to the department prior to the inspection. Departmental officers may also need to speak with your staff about their roles and responsibilities in relation to environmental management requirements of this project.

Throughout the inspection departmental officers may require the occupier of the place or any person in the place, to give the departmental officers reasonable help for the exercise of their powers under the *Environmental Protection Act 1994*.

Further information

If you require any further information or have any general concerns about the inspection, please contact me on (07) 4987 9303 or email cwes_emerald@des.qld.gov.au.

Yours sincerely
