BRISBANE QLD 4001

Dear Sir

Re: Notice of Appointments of Site Senior Executives for Oaky No 1 Underground Mine, Oaky North Underground Mine and Oaky Creek Surface Operations

I act on behalf of Xstrata Coal Queensland Pty Ltd (XCQ), the operator of the Oaky Creek Mines and am authorised to provide this notification on XCQ's behalf.

I refer to the previous notice of appointment of the SSE's for the Oaky No 1 Underground Mine, Oaky North Underground Mine and for the Surface Operations of the Oaky Creek Coal Project sent to you recently. After our recent discussions with you when you indicated that you believe more detail was necessary to delineate the exact areas of the SSE's accountability, a plan showing that area of accountability for each SSE was prepared.

Please find enclosed a fresh Notice under the Coal Mining Safety and Health Act 1999 advising of the appointment of [sch4p4(6) Personal] as the SSE for the Oaky No 1 Underground Mine, [sch4p4(6) Personal] as the SSE for the Oaky North Underground Mine and [sch4p4(6) Personal] as the SSE for the Surface Operations of the Oaky Creek Coal Project, each with a plan showing the area of the SSE's accountability in respect of those areas. A separate notice has been sent to the District Inspector.

In relation to your comments expressing doubts that the appointment of the Operations Managers as SSE was compliant with the CMSHA, we have reviewed that legislation and believe that we are fully compliant with the requirements under the CMSHA. Each of the new SSE's is, in compliance with section 25 of CMSHA, for their respective "mines", the most senior officer employed by XCQ, located at the mine and with responsibility for mine under the CMSHA. The General Manager for the Emerald District, [sch4p4(6) Personal] is not employed by XCQ and has corporate responsibilities that do not include the responsibilities and obligations under the CMSHA for the Oaky Creek Mine Project.

Please let me know if you still have any concerns regarding the appointments of the SSE's for the Oaky Creek Mines.

Yours faithfully

Xstrata Coal Queensland Pty Ltd

Dear Sir

Re: Reorganisation of Newlands Coal Operations

Effective 8 December 1997 all facets of surface operations at Newlands Coal will be managed by Thiess Contractors Pty Limited. The underground operations currently under development will be managed by Newlands Coal.

As such, this letter is to formally advise that all supply agreements/contracts entered into by Newlands Coal Pty Ltd or MIM Holdings Limited on behalf of Newlands Coal Pty Ltd, except those specific to the underground mine, will be terminated effective from 7 December 1997.

Under the new operating structure effective 8 December 1997, Thiess Contractors Pty Limited will be responsible for the purchase of all materials and services under their management, and I would suggest that you contact them should you wish to continue to supply to Newlands Coal site operations.

Details of responsible persons relating to the supply of material and services are provided below for your information.
