Dear Sir/Madam

Proposed Wandoan South to Eurombah Transmission Network Project – Yuleba North Substation

Draft Environmental Impact Statement Available for Public Comment

Powerlink Queensland has been requested by Australia Pacific LNG Pty Limited (APLNG) to provide high voltage connections from Powerlink's transmission network to APLNG's future gas processing facilities in the area west of Wandoan. To meet this request, Powerlink is proposing to extend its transmission network in the area via three sections:

- Section 1:
 - Yuleba North Substation Project (the subject of this letter)
 - Wandoan South to Yuleba North Transmission Line Project
- Section 2:
 - Clifford Creek and Dinoun South Substations Project
 - Yuleba North to Clifford Creek and Yuleba North to Dinoun South Transmission Lines Project
- Section 3:
 - Eurombah Substation Project
 - Yuleba North to Eurombah Transmission Line Project

Powerlink divided the project into three sections to ensure landowners and other stakeholders receive information and can provide comment on matters that are relevant to them.

GHD Pty Ltd (GHD), an environmental specialist, has been appointed by Powerlink to undertake the Environmental Impact Assessment (EIA) process for the Yuleba North Substation. As part of the EIA process, GHD has prepared a Draft Environmental Impact Statement (EIS) for the proposed substation. This document provides information about aspects of the proposed substation (including social, environmental, cultural and economic matters). The Draft EIS also includes a Draft Environmental Management Plan (EMP) which identifies ways to manage and/or mitigate any potential impacts.

Rec'd - ODG

28 MAR 2013

Making a submission

The Draft EIS is now available for public comment and is included on the enclosed CD. Hard copies of the Draft EIS can be viewed at the following libraries from Thursday, 28 March 2013:

- Western Downs Regional Council library in Wandoan; and
- Maranoa Regional Council library in Roma.

Written submissions on the Draft EIS are invited from landowners, stakeholders and the general public. Submissions must be received by GHD **before 5pm on Friday, 3 May 2013.**

Written submissions are to be sent to:

Yuleba North Substation Project
Ms Amanda Smedley
GHD Pty Ltd
PO Box 819
Cairns Qld 4870

Fax: (07) 4044 2288

Email: amanda.smedley@ghd.com

A Fact Sheet which provides further details about the Draft EIS and how to make a submission is enclosed. If you have any further questions about the Draft EIS or making a submission, please contact myself on the contact details provided or phone Powerlink on FREECALL 1800 635 369 (during business hours).

Following the submission period, GHD will review and consider the submissions received. If appropriate, additional research will be conducted, with the results provided in the Final EIS. GHD will provide submitters with a response to the comments made which are included as part of the Final EIS.

We would also like to advise that Draft EIS documents are currently being prepared for the other projects mentioned in this letter. If you would like further details about the timing of those documents, please visit the Powerlink website (www.powerlink.com.au – go to 'Projects/Southern/Wandoan South to Eurombah').

Sincerely
GHD Pty Ltd

Dear Sir/Madam

**Proposed Wandoan South to Eurombah Transmission Network Project –
Blythdale, Fairview South and Fairview Substations**

Draft Environmental Impact Statement Available for Public Comment

Powerlink Queensland has been requested by Australian Pacific LNG Pty Limited (APLNG) to provide high voltage connections from Powerlink's transmission network to APLNG's future gas processing facilities in the area west of Wandoan. To meet this request, Powerlink is proposing to extend its transmission network in the area via three sections:

- Section 1:
 - Yuleba North Substation Project
 - Wandoan South to Yuleba North Transmission Line Project
- Section 2:
 - Clifford Creek and Dinoun South Substations Project (the subject of this letter)
 - Yuleba North to Clifford Creek and Yuleba North to Dinoun South Transmission Lines Project
- Section 3:
 - Eurombah Substation Project
 - Yuleba North to Eurombah Transmission Line Project

Powerlink divided the project into three sections to ensure landowners and other stakeholders receive information and can provide comment on matters that are relevant to them.

GHD Pty Ltd (GHD), an environmental consultant, has been appointed by Powerlink to undertake the Environmental Impact Assessment (EIA) process for the Clifford Creek and Dinoun South Substations. As part of the EIA process, GHD has prepared a Draft Environmental Impact Statement (EIS) for these substations. This document provides information about aspects of the proposed substations (including environmental, social, cultural and economic matters). The Draft EIS also includes a Draft Environmental Management Plan (EMP) which identifies ways to manage and/or mitigate any potential impacts.
